Abu Muhammad al-'Adnani, the spokesman for the al-Qaeda-affiliated Islamic State in Iraq and the Levant (ISIL), released an audio speech discussing recent events in Iraq and Syria, and challenging Syrian militant factions who oppose it to fight.

The speech, entitled, "The Pioneer Does Not Lie to His People," came in a 37-minute audio produced by the group's al-Furqan Media Foundation, and was posted on the Twitter account of another ISIL media unit, al-I'tisaam, on January 7, 2014. Twitter suspended the account shortly after the release. 'Adnani incited Sunnis in Iraq to bear arms against Shi'ites, calling them their closest enemy, and said that ISIL stands against all Shi'ites in Iraq, Syria and the entirety of the Arabian Peninsula. He also repeated the group's call to elements in Iraqi security forces and Awakening tribal militias to repent in order to be spared attacks.

'Adnani stated:

"The Islamic State in Iraq and the Levant announces that the coalition, the National Council, with the chief of staff, and the military council, is a sect of apostasy and disbelief. They announced their fight against the State and they started it; therefore, whoever belongs to this entity is considered to a legitimate target for us everywhere, unless he announces his innocence in front of the public from the sect and stops fighting the mujahideen.

"O soldiers of the Islamic State, know that we put down a prize for whoever will pluck a head of their heads and their leaders. So kill them wherever you find them, for there is no dignity for them, and you will have the good deeds of both this world and the Hereafter. We alert the tribal elders, the local leaders of the villages and the area, and the factions and brigades, not to receive them or protect them. We are not giving or allowing any free safety to them, and we will target them wherever we see them, except those who repented before we were able to catch them.

"We recommend that you, the soldiers of the State, accept the apology of those who come to you, and pardon with forgiveness, which is to be granted whenever you are able to do so."

Regarding the conflict with Syrian militant factions, 'Adnani warned that the ISIL will defend itself against any attack, especially from those who declared war on it. He specifically mentioned the "Army of the Mujahideen," a coalition of eight factions that accused the ISIL of destabilizing security in the liberated areas, declaring fellow fighters to be disbelievers and then killing them, and robbing from civilians and taking over their homes. He said:
"And for those who are known by the name of 'Army of the Mujahideen' and the rebel front of Syria, and those who pushed them and assisted them or fought with them under the table and behind the scenes, or condoned or remained silent about them, even those who are from the brigades that raise the flags of Islam, who deceived you? Who implicated you and made you to sign to the fight against the mujahideen, to betray the monotheists? What is happening to you! You assault the local supporters and fight the emigrants, those who ran away with their religion, deserted their countries and left their people and families, and came to defend your honor, putting their throats down instead of yours, with their blood instead of yours. They came you announcing disbelief in patriotism, disavowing from nationalism. They came to fraternize with you in the religion. Is this their reward from you? Who deceived you? Who deceived you, O poor man, to fight the soldiers of the Lord of the Worlds. You are acting as an ally and supporter for the Nusayris, the Jews, and the Crusaders..."

Following is a translation of the audio:

{Introduction}

In the Name of Allah, the Most Gracious, the Most Merciful

Al-Furqan Foundation for the Media Production presents an audio speech by the Mujahid Sheikh Abu Muhammad al-'Adnani al-Shami, the official spokesman for the Islamic State in Iraq and the Levant, may Allah preserve him, entitled, "The Pioneer Does Not Lie to His People".

{Abu Muhammad al-'Adnani}

Praise be to Allah, the Strong, the Steadfast. Peace and blessings be upon the one who was sent with the sword as a mercy for the Worlds. And thereafter:

We praise Allah, Glorified and Exalted be He, for granting our Ummah [community] the blessing of jihad, and then opening its door with both halves, and then facilitating it easy for us everywhere, especially in Iraq and al-Sham [Levant]. This is one of the great blessings from the blessings of Allah, Glorious and Exalted be He, upon His worshippers, and none realize or know its value except those who lost it. In the past, a Muslim would spend months and then years dreaming about jihad and seeking a path to it, and then fell under the rule of the tyrants and become wandering and lost, and crippled and anxious, and not having anything but to cry at night between the hands of his Lord, hoping that He will open a door for jihad and facilitate a road for it. But today, with grace from Allah, and from the gifts of jihad on the door of each Muslim in Iraq and al-Sham, it has become easy for each believer on the earth to access what Allah wills, and on the tyrants came worry and anxiety, and on the Muslims came glad tidings and hope, and all praise is due to Allah for what we love and hate.

The idol of the peace is smashed, and the shame of pacifism and jihad is moving forward till the raise of the Day of Resurrection.

In Iraq, the jihad has made great strides, and here are the masks falling, the facts appearing, and the ranks being distinguished. So, woe to America, and woe to you O Jews.
And in al-Sham, the road is still in its beginning but is confused, for deep, dark black seditions are waiting, each one softening the other. The sedition comes then the believer says, this is my end, and then it reveals, and the sedition comes. Then the believer says, this is darkness and holes, lost and fog, hyenas and wolves, villains and dogs. "Alif-Lam-Mim. * Do people think that they will be left alone because they say: 'We believe,' and will not be tested. * And We indeed tested those who were before them. And Allah will certainly make (it) known (the truth of) those who are true, and will certainly make (it) known (the falsehood of) those who are liars, (although Allah knows all that before putting them to test)." [Al-Ankabut:1-3]

But O my Ummah, expect glad tidings! Allah, Glorious and Exalted be He, guaranteed for the Levant and its people, and all praise is to due Allah, always and forever.

Our dear Ummah:

Today, your enemies are plotting against jihad in the Levant with the same machinations they plotted in Iraq ten years ago. The mujahideen had been aware of that plot at the time, and they are still warning about it to this day. So know, O Sunnis in Iraq and al-Sham, that America and its Crusader allies and whoever stands behind them of Jews and people of the disbelief, they all do not permit the establishment of an Islam State wherein Islam and its people will be glorified, and wherein polytheism and its people will be humiliated, and wherein the Caliphate will be restored so that Islam and the Muslims will prevail all over the world again. This will not happen without a great hardship, and the nations of disbelief will never allow those who are able to do it. Therefore, the Muslim realizes that the Islamic State will not be established unless by skulls, torn body parts, and purified blood. The disbelieving West knows that the life of this Ummah lies with the blood of its sons, so they fled from direct confrontation, and resorted to deception and came with weapons to kill the Muslim and he is alive. Then the blood spills, and they proclaim peace and pacifism, call for the alleged democracy, and take agents in their war.

O Ummah of Islam, O my precious Ummah, we have to remember always the fact of the conflict, that our war is with the Jews and the Crusaders and we have to bring them back to the direct confrontation.

O Sunnis in Iraq and al-Sham, America and the Jews are fighting you with two sheets, and if these sheets burned, you will find yourselves in a confrontation with the Jews and the Crusaders and without agents. The first one is a democratic and civil state just like the states of the tyrants in the Muslims countries, and the second one is a nationalist state that is called Islam, just like the Kingdom of the Traitor of the Two Holy Mosques [Saudi Arabia] in the Muslims countries. It is a stat that does not fear America, the Jews, and the disbelieving West; a state where the Nusayris and the nations of disbelief will be secured, and polytheism and its people will not be humiliated. The civil sheet is presented by them more than the second, for they will not go to the second unless if it falls into their hands. So be alert, O people of Iraq, and be warned, O people of al-Sham.

O Sunnis in Iraq and al-Sham, what you reached today with the Rafidah [Shi'ites] the mujahideen had warned you about ten years ago. Abu Musab al-Zarqawi, may Allah have mercy on him, said about the
Rafidah: "The insurmountable obstacle, the snake that seeks to harm, the scorpion of the plot and maliciousness, the enemy that desires infliction, the drencher of poison, it is the Rafidah that had declared the bloody war on the people of Islam, and it is the dangerous close enemy to the Sunnis. Although the Americans are a primary enemy, too, the danger posed by the Rafidah is greater and their harm is more severe and deadly on the Ummah than the Americans."

May Allah have mercy on him, he said: "You have to be warned of the plan of the enemy from the application of the alleged democracy in your countries. They do not want but to detach the rest of the glad tidings in you, so fortify it over the malicious trap that aims for the Rafidah to control the reins of governance in Iraq." His speech is done, may Allah have mercy on him.

This is what was done exactly, and it would not have been done unless by the silence and letdown of many of those who falsely and slanderously purported to belong to knowledge, those who diluted the doctrine of allegiance and exemption in the chests of all Muslims public and claimed that the Rafidah are brothers to them, and their neighbors. So what did you get, O people in Iraq, from the participation of your traitor politicians joining Rafidah leaders in their alleged political process, but building a dirty Safavid army and empowering the Rafidah to get your necks. They filled the prisons with you, shed your blood, and violated your honor, and they are still looting the fortunes and the welfares of the country.

O Sunnis, the Rafidah have gathered, supported, pledged, and contracted to fight you everywhere, and you saw their real face in the al-Sham and it started to be revealed in Iraq. Soon you will see the aircraft and tanks of the Safavids striking your neighborhoods and storming your houses. You will see the Rafidah militias looting your money, killing your sons, and raping your women on the roads of Saiyda and Beirut, and Diyala and Baghdad. It is a matter that we warned you about and we still warn you about for ten years, and the pioneer does not lie to his people. Here is Damascus and Homs as the best witnesses.

O Sunnis, you went out as peaceful demonstrators a year ago, and we had informed you at that time that forbearance does not work with the Rafidah, nor pacificity. We swore to you that they will force you to carry weapons, and the pioneer does not lie to his people. Here you are and you have carried the weapon despite your insistence upon pacifism, and despite the noses of the complaints and the blind, misguided fatwas about sit-ins, and despite the statements and directions of the scholars of the satellite television channels, the supporters of the rulers, those who did not stop to call you not to carry weapons, and to surrender and lay down for fear of their positions and thrones to maintain their titles and pennies. In particular, the idiot Nouri realized or will realize the shame of what he did to the Rafidah and he will work hard for the calming.

O Sunnis, you carried the weapon by force, and this is a grace from Allah. "Jihad (holy fighting in Allah's cause) is ordained for you (Muslims) though you dislike it, and it may be that you dislike a thing which is good for you and that you like a thing which is bad for you. Allah knows but you do not know." [Al-Baqarah:216]
Beware not to lay down the weapon, for if you lay it down this time, you will be slaves to the Rafidah, and there will be no standing for you after this till Allah wills it so. "Those who disbelieve wish, if you were negligent of your arms and your baggage, to attack you in a single rush..." [From An-Nisa':102]

So rectify your people, O Sunnis, rectify your people, your honor, and your money in Diyala, Tal Afar, Basra, and Baghdad. The Rafidah today want to take you away in it, they want to make you be busy in Anbar, Salahuddin, and Ninawa and to restrict the battle there to singling you out and attacking in Diyala, Basra, and Baghdad. This is will not be accomplished unless to revive the remains of the Awakenings and to activate and support those agencies.

The truth of the Rafidah towards the Sunnis became obvious and it cannot even be hidden from the old women, and the truth that the mujahideen had been saying for the past ten years. "As for those who strive hard in Us (Our Cause), We will surely guide them to Our Paths (i.e. Allah's religion - Islamic Monotheism). And verily, Allah is with the Muhsinun (good doers)." [Al-'Ankabut:69] The mujahideen realized that the Rafidah is a dangerous enemy that threatens Islam and the Muslims, and a pickaxe that demolishes the pillars of the religion. The Islamic State took it upon themselves to fight the Rafidah everywhere, and it is a fierce fight in which they are is no relent or shame. Either we will defeat the Rafidah and stop their evil against Islam and its people, or the last soldier in the State is eradicated.

And upon this, we say:

First: Our fight with the Rafidah is one fight in Iraq, al-Sham, Yemen and the rest of the Peninsula, and Khorasan, and there is no difference between one area and another. Whoever is standing with them or allies with them, supports them, or cooperates with them with less or more, then he is an enemy to us and there is no difference between him and them.

Second: The remnants of the Awakenings in Iraq were and still are a bastion for the Rafidah and a stick in their hands, shoes on their feet, a poisoned dagger in the side of the Sunnis, and a good supporter and assistant for the Rafidah and the Crusaders. The Rafidah would not have been enabled without the betrayal of the Awakenings. The plan of the Rafidah today is to revive these Awakenings and collect their parts and gather their dogs from the police and the army, to make the Sunnis busy in Anbar and Salahuddin and prevent them from crawling to Baghdad. Therefore, they can single out the Sunnis there and create among them killing, capturing, enslaving, robbing and looting, and displacing.

For this: We all upon of what remained of members of the Awakenings without exception, and all the politicians that are considered to be from the Sunnis. We call them to repent, and to announce the cessation of the fight against the mujahideen, and to disavow from supporting and helping the malicious Rafidah. Whoever does this before we are able to reach him will have from us safety. We will not question him or judge him for what he had done in the past.

We also call all the police and soldiers, and all the members of the secret and open services, to repent and to deliver their weapons and equipment to the Islamic State. Whoever does this before we are able to reach him will have from us safety. We will not question him or judge him for what he had done in the past.
Then, he who insists on remaining in the ranks of the Awakenings, those of betrayal and those of agency, or in the army or the police, and he who allies with them or assists them in fighting the mujahideen, his blood is permissible and he is on the top of our wanted list. All the soldiers of the Islamic State and its supporters should pluck the heads of those, and pursue and chase them everywhere, and demolish their houses or burn them after getting the family and progeny out of them as an appropriate recompense.

Third: We call all the Sunni tribes in every province to stop their sons and prevent them from continuing or entering the Safavid army or the police or the Awakenings, and to disavow those who are insisting on that, and not to protect him or shelter him, or claim his blood. Targeting any of the allies of the Rafidah or their partners or agents is not the targeting of the tribe. So be very careful, O our people, from foolish ones among you to drag you, and from some abnormal ones among you, and then you become a support to the Rafidah against us and a way to deter us from them.

We call on the Sunni tribes, the elite, the proud, to pledge to the Islamic State and to rally the mujahideen in the cause of Allah, and to support them and adopt them. If you do, then by Allah, you will own the world and the earth will submit to you. "O you who believe! Be you helpers (in the Cause) of Allah as said Issa (Jesus), son of Maryam (Mary), to the Hawariyyun (the disciples): 'Who are my helpers (in the Cause) of Allah? The Hawariyyun (the disciples) said: 'We are Allah's helpers' (i.e. we will strive in His Cause!). Then a group of the Children of Israel believed and a group disbelieved. So We gave power to those who believed against their enemies, and they became the victorious (uppermost)." [As-Saff:14]

What would hurt you, O Sunni tribes, from adopting the jihad and the mujahideen and renouncing the politicians the traitors? You would be the supporters of Allah.

Fourth: The Islamic State in Iraq and the Levant opens the doors of recruitment to every Muslim who wants to do jihad for the cause of Allah from among the emigrants and the local supporters.

So rush and come, O young men of Islam everywhere, and in particular those the people of proficiencies in all fields, and we specify judges, since the courts of the Islamic State are open. Whoever is known for adjudicating, let him come to these courts, for then he will return the rights, settle the grievances, and judge with what Allah descended without equivocation or favoritism. The necks of the soldiers and members of the Islamic State are the most submissive.

So rush and come, O young men of Islam! Rush and come to the best good of the world and the hereafter, and accept to live, for there is no life without jihad. "O you who believe! Answer Allah (by obeying Him) and (His) Messenger when he calls you to that which will give you life..." [From Al-Anfal:24]

O our people in Iraq, the game of the democracy is over, and the national partnership plot was foiled, and the sheet of civil government burned. Be warned and be careful from the project of the national government that is called Islamic. Do not think that the mujahideen, after all that presented of sacrifices and martyrs, will be quiet or agree without empowering the Shariah of Allah. Be aware of that the al-
Salool [Saudis] will implicate you with their scholars with their national project under the false shiny slogans such as moderation and centrism.

We have fought, with grace from Allah alone, the Crusaders and the Rafidah and their henchmen and their Awakenings, army, and the police. For ten years, with grace from Allah, we increased only with certainty, insistence, determination, and solidity, and it will not hurt us, with grace from Allah, nor sap us to fight for another ten years. And if the world gathered upon us again, we today are mightier, with grace from Allah, and superior.

This is another call we direct to the Awakenings, army, police, and the politicians who insist on fighting the mujahideen. We say: Stop your arrogance and stubbornness so you that you not leave your hands in the hands of the Rafidah. What would harm you if you repent? If you repent to your Lord then you would have success in your world and safety in your hereafter. Have you not gotten suck from the humiliation of the Rafidah?

Do you not long for the glory of your religion, and the dignity of your people? Return to your people and tribes, for they have expelled you. The falseness of their call has appeared, and no one would run away from the paradise of the mujahideen for the fire of the Rafidah.

Return, for we are your people. Return back if you repented and settled. The Rafidah are your enemies, and you know that well. Point your weapons to them. Return and do not put yourself between two enemies, for you will stay between the hammer of the mujahideen and the anvil of the Rafidah. Return to your people and delegate to your Lord, and your positions will be kept. "Say: 'O 'Ibadi (My slaves) who have transgressed against themselves (by committing evil deeds and sins)! Despair not of the Mercy of Allah: verily, Allah forgives all sins. Truly He is Oft-Forgiving, Most Merciful.' * 'And turn in repentance and in obedience with true Faith (Islamic Monotheism) to your Lord and submit to Him (in Islam) before the torment comes upon you, (and) then you will not be helped.'" [Az-Zumar:53-54]

Return, for you are at large. Return! We will return, as we have promised you.

{Poetry}

O our people in al-Sham, consider what happened in the field of Iraq. "Verily, therein is indeed a reminder for him who has a heart or gives ear while he is heedful." [Qaf:37]

History is repeating itself. Here are the Awakenings raising their head and being hurried, with grace from Allah, to their fate.

O people of al-Sham, Allah guaranteed to you, then He showed you the fact about the Crusaders, the disbelieving West, and showed you the truth of the Rafidah, and there is no savior for you or shelter for you other than Allah.
O people of the Levant, whoever is calling for a civil government is an agent and partner of the Jews, the Crusaders, and the new tyrant. Rally around the mujah ideen, for you do not have anyone else after the Lord of the Worlds.

O people of the Levant, do not get confused or let the media deceive you. We are among your backs. Do not judge something unless you see it with your eyes and feel it with your hands. By Allah, it is the plot of Iraq, step by step, and by Allah, it the civil government and the national project, and it is the Awakenings. We know it and its nature. In the past, it was in Iraq an alliance, National Council, blocs and political parties, the Islamic Army, the Mujahideen Army, and factions and groups, and here they are today, replaying in al-Sham with the same godfathers, supporters, and suppliers, and even with the same names.

And for those who are known by the name of 'Army of the Mujahideen' and the rebel front of Syria, and those who pushed them and assisted them or fought with them under the table and behind the scenes, or condoned or remained silent about them, even those who are from the brigades that raise the flags of Islam, who deceived you? Who implicated you and made you to sign to the fight against the mujahideen, to betray the monotheists? What is happening to you! You assault the local supporters and fight the emigrants, those who ran away with their religion, deserted their countries and left their people and families, and came to defend your honor, putting their throats down instead of yours, with their blood instead of yours. They came you announcing disbelief in patriotism, disavowing from nationalism. They came to fraternize with you in the religion. Is this their reward from you? Who deceived you? Who deceived you, O poor man, to fight the soldiers of the Lord of the Worlds. You are acting as an ally and supporter for the Nusayris, the Jews, and the Crusaders...

Listen to those who pity you and are faithful advisor for you. Would be stand in between the hands of Allah and make your opponent the local supporters and the emigrants?
Do you wish the mercy of your Lord, and you waded in the blood of your monotheist, faithful mujahideen? Where are you heading, O insane? Where are you from the Book of your Lord? Where are you from the Sunnah [traditions] of your Prophet? Have your eyes blinked in the suspicions and the lusts demolished your hearing?

Allah Glorious and Exalted be He, said: "And whoever kills a believer intentionally, his recompense is Hell to abide therein; and the Wrath and the Curse of Allah are upon him, and a great punishment is prepared for him." [An-Nisa':93]

The Messenger of Allah, Allah’s peace and blessings be upon him, said: "Abusing a Muslim is an evil act and killing him is disbelief."

And he said, Allah’s peace and blessings be upon him: "The first thing of the human body to purify is the abdomen, so he who can eat nothing but good food should do so, and he who does as much as he can that nothing intervene between him and Paradise by not shedding even a handful of blood, should do so."
Then what would you say to your Lord? If the mujahid was hung around your neck, saying, "O my Lord, ask for what reason he killed me." Would you say that we are disbelievers? By Allah, we are not disbelievers. Would you say that we are the Kharijites [renegades]? By Allah, we are not Kharijites. "O my Lord, ask what reason he killed me?" What would you answer? Would you say to your Lord, I killed the emigrant mujahid to establish a disbelieving civil government? If you do not know its meaning, then become a jurist.

O poor man, become a jurist before you fight and your pride would implicate you. Learn the difference between the civil state and the Islamic State.

O poor man, learn about who are the Kharijites. How do you know the Kharijites before you kill the mujahideen? If you do not heed the warnings with the Book of Allah and the Sunnah of the Messenger of Allah, then take the warning of your ancestors in Iraq and ask about whoever opposed the mujahideen. You will find them in either three ends: either beneath the ground, living a life of vile humiliation in slavery to the Rafidah and outcast from his people and family, or running away scared and homeless.

O you who signed to fight the mujahideen, do not be deceived if you attacked us once, since it was a cowardly and insidious attack and you stabbed us in the back and our headquarters were empty except with some guards. If you were brave, you would have informed us before, but it is the nature of the Awakenings and its habit.

O you who signed to fight the mujahideen, announce your repentance and you will have safety from us and pardon, forgiveness, and good conduct. Otherwise, know that we have armies in Iraq and one in al-Sham, one of hungry lions whose drink is blood and amusement is torn body parts, and they find nothing more tasty than drinking the blood of the Awakenings. By Allah, we will draw them one thousand, then another thousand. By Allah, we will not leave anyone of you. We will make you an example for those we warned about and those who follow you!

I am warning you. I saw the tribulations amongst the calamities of the hungry lions in the forest. This is a call to those jihadi brigades that seek to establish the Shariah of Allah, and to all our brothers among the leaders and soldiers. By Allah, it is the battle of the Ummah. You know the truth and you know the seasons of the conspiracy and its loss. Put yourself in a clear position to it, and do not please any with it but Allah. If you do not do that, then we will argue with you at the hands of Allah. Judge at the hand of the oppressed. The ship will be breached and then you and us will all drown.

By Allah, we all carried the trusteeship, and the heavens, the earth, and the mountains were not able to carry it. Be gone to the organizations, and be gone to the groups, and be gone to the positions and leaderships if we disperse and forget the brotherhood of faith! Be gone to it, and be gone to us if we lost the trusteeship and disappointed the Ummah in battle of the Ummah. So do not be deceived by the media, nor be deceived by the Awakenings with the soft speech.

{Poetry}
This is a call for all the emigrants who did not join the ranks of the Islamic State in al-Sham: Be careful of the Awakenings, for they do not differentiate between an emigrant and another. To join the ranks of the Islamic State is better for you. Do not think that your affiliation to a brigade would stop them from getting you, even if they deter you for some days. Know that the Awakenings are hostile against all the mujahideen, and their ultimate enemy is the emigrants.

This is an advice for the scholars who carried the trusteeship of the speech: Hear it from us! Even if you thought that we are not welcomed to give you advice, it is not like he who saw from he who heard, and the informant is not like the examiner. Some of you even judged previously and gave fatwas with lying messages and misguided sayings. Be alerted that no word should come from you, a word that can shed with it the blood that will hang around your neck on the Day of Resurrection. Do not hide a work that shows the truth or a word that protect the blood of the Muslims, for we will argue against you on the Day of Resurrection.

Do not be like those about whom it was said: "To teach the goodness that they hide even they know it; they spread evil and even if they do not know they lie." The Messenger of Allah, Allah’s peace and blessings be upon him, said: "He who believes in Allah and the Last Day must speak good or remain silent."

And then for you, O soldiers of the Islamic States in Iraq and the Levant, O you the light of the eye, the crown of the head, and the beacon of hope in a hopeless time, O you the lions among the men, O you the mountains above mountains! Keep forward in firmness and certainty, for by Allah, you are on the evident truth.

O soldiers of Iraq, it has been long since you sowed and it is about time to reap. Patience, patience, for victory looms. Enrage the fight and call for the enemies, and protect the women and make theanguished happy.

The prisons, the prisons! You will not be saved if you do not make efforts to free the captives.

The Awakenings the Awakenings, accept the repentance, then clean good cleaning.

Know that the State is offering a prize for whoever plucks the head of the traitor Ahmed Abu Risha, the son of agency and villainy.

If you enter the areas, then be kind and moderate, and pardon and forgive, because your people have no knowledge.

O you soldiers of al-Sham, I ask Allah, the Blessed and Almighty, that you would be, Allah willing, a way to the actual victory and not only with comments. Your beloved one Muhammad, peace and blessing be upon him said: "and those who desert or oppose them shall not be able to do them any harm."

I say it is actual victory and not by only comments
We have not seen for ten years this blessed flag, except that of help, support, and advocacy from Allah, the Blessed and the Almighty.

Perhaps you sensed that, but once you enter under this flag, then Allah, Glorified and Exalted be He, will place into your heart tranquility, glory, firmness, fearlessness, and courage, and Allah will place into the hearts of the people your love and your dignity, as He place the horror for you into the hearts of your enemies. Jihad taught us that the plight will not be removed unless it will turn to be a grant, and the patient mujahid will get out of it with more solidity, firmness, stronger determination, and assuredness.

O soldiers of al-Sham:

It is the Awakenings. By the Lord of Muhammad, Allah's peace and blessings be upon him, it is the Awakenings, by the Lord of Muhammad, Allah's peace and blessings be upon him.

We have no doubt nor confusion. We were expecting its appearance, and there is no doubt in that, because it is the tradition of jihad since the time of Abu Bakr al-Saddiq, may Allah be pleased with him, and to our day. However, they surprised us and rushed to go out before its time. Perhaps this is from the blessing of al-Sham, where its hypocrites do not appear on its believers. Beware, beware of being flexible with it.

{Poetry}

Do you think that you did not plan for this war and you did not start it? It is divine planning. This cloud will be cleared, Allah willing, and your State will emerge from it, Allah willing, with more solidity, with better clarified ranks, and with a clearer flag and method.

{Poetry}

In addition to this, the Islamic State in Iraq and the Levant announces that the coalition, the National Council, with the chief of staff, and the military council, is a sect of apostasy and disbelief. They announced their fight against the State and they started it; therefore, whoever belongs to this entity is considered to a legitimate target for us everywhere, unless he announces his innocence in front of the public from the sect and stops fighting the mujahideen.

O soldiers of the Islamic State, know that we put down a prize for whoever will pluck a head of their heads and their leaders. So kill them wherever you find them, for there is no dignity for them, and you will have the good deeds of both this world and the Hereafter. We alert the tribal elders, the local leaders of the villages and the area, and the factions and brigades, not to receive them or protect them. We are not giving or allowing any free safety to them, and we will target them wherever we see them, except those who repented before we were able to catch them.

We recommend that you, the soldiers of the State, accept the apology of those who come to you, and pardon with forgiveness, which is to be granted whenever you are able to do so.
I am supplicating for you Muslims. Say, Amen.

O Allah, support the mujahideen in Your cause everywhere!

O Allah, support the mujahideen in Your cause everywhere!

O Allah, support them with Your help, and aid them with Your victory sooner rather than later!

O Allah, release their captives, heal their wounded, and accept their slain!

O Allah, whomever wants to abuse Islam and the Muslims, seize them with a seizure of the Exalted in Might and Perfect in Ability!

O Allah, whoever plotted against the mujahideen in Your cause, turn back his plot to his throat and disgrace him in the front of the witnesses!

O Allah, get the hypocrites, the ones from our people and the traitors!

O Allah, whoever fought or battled the mujahideen, make his tongue dumb, cut his hand, and break his back!

O Allah, and whoever deemed permissible intentionally violated the blood of mujahid or one Muslim of the Muslims!

O Allah, to You we complain of whoever disappointed us and abandoned from supporting us! We do not say to them except what the Prophet Hud, peace be upon him, said: "I put my trust in Allah, my Lord and your Lord! There is not a moving (living) creature but He has the grasp of its forelock. Verily, my Lord is on the Straight Path (the truth)." [Hud:56]

May Allah's blessings be upon our Prophet Muhammad, and upon his family and all of his Companions.

Our last supplication is that all praise is due to Allah, the Lord of the Worlds.
