NEW FACULTY MEMBERS

At the nomination of President Sharpless and its ratification by the Board of Managers, A. Guy H. Spiers, '02, has been appointed Instructor in French for 1909-10 to fill the vacancy caused by Dr. W. W. Comfort's resignation. He is the son of Mr. I. H. B. Spiers, a noted member of Penn Charter School's faculty and is a brother of Mark H. C. Spiers, '09. He has been engaged for some years in study and as a Teaching Fellow in Harvard University.

Rayner W. Kelsey has been appointed Instructor in History for next year. He is a graduate of Earlham College and has been engaged the past three years in study and teaching of history at the University of California, where he is expected to receive the degree of Ph.D. this spring. His courses at Haverford will be in addition to those given in the past.

C. S. Norris, a student in the Harvard Graduate School, will take the place of T. K. Brown, Jr.

SOCIAL PROBLEM CLASS

The Social Problem Class held its final meeting Thursday evening. The address, by Charles T. Walker, Probation Officer and Secretary of the Juvenile Protective Association, was illustrated by a large and interesting collection of slides. Mr. Walker praised the Probation system, but criticised its administration in Philadelphia in the past.

The past year marks a decided change in the plan of the "Mission Study," and, instead of a few fellows studying Missions in India, the Committee has endeavored to obtain speakers doing actual social work and have them present the problems which are now confronting us. The results justify the Committee in thinking that this step has been wise. The average attendance has been about twenty-five, with more than twice that number enrolled. Those attending have evidenced their interest by their regularity.

The Committee wishes to thank those who have co-operated in this work, hoping that it has enabled some to be better citizens and men, and extends its best wishes to the committee which will have charge next year.

WALTER WILKIN WHITSON.

The Sophomore-Freshman track team met defeat at the hands of Haverford School on Friday by a score of 47½ to 35. The College team was in the lead until the last few events, when the schoolboys braced and won out. Two good races were the quarter mile and mile, Falconer winning the former and Russell putting up a good fight for second in the latter. Ashbrook distinguished himself in the dashes.

CRICKET

The cricket season was opened Friday, when the Third eleven defeated Westtown School at Haverford by a score of 58 to 34. It enabled Coach Bennett to get a line on some new material. Kitchen, '09, who learned the game this year, did some snappy fielding. F. R. Taylor did better than usual as a bowler, getting seven wickets. At the bat, L. Smith, '12, got top score, with Haines, '10, a close second. Ristine and Thomas, both new at the game, also did well.

Levis, Nolan and Thomas did Westtown's best work.

EDITORIAL

"Through work, the American youth earns his leisure," said Doctor Mahaffy, in his recent address before the undergraduates. "Now comes the problem. He has learned to work, but what is he going to do with his leisure?"

This question suggests one advantage of Haverford athletics. The student at a large university, if athletically inclined, becomes a football player or a baseball star. After he graduates, his exercise must be continued or he will become a physical degenerate. But what can he do? There is no field where he can play football for a spare half hour, nor a baseball diamond as an outlet for his energy. If a member of a country club, he has the use of a soccer field and cricket nets. The chances are, however, that, when a boy, he had acquired no taste for either of these games, and finds that the habit can now be cultivated only with the greatest difficulty. He has, indeed, probably had an opportunity at the university to learn the game of cricket, but if he has taken advantage of it, he has been considered almost an athletic outcast.

At Haverford, on the contrary, he is an outcast if he does not play cricket. The captain of the cricket team is one of the "big" athletes of the college, and is highly respected by all the Alumni.

Y. M. C. A. NEW YEAR.

With Christopher D. Morley, 1910, as president, the Y. M. C. A. starts its thirty-first year. Other officers are:

Vice-President, Ashbrook, '11.
Treasurer, Russell, '11.
Secretary, Smiley, '12.

At the annual meeting last Thursday evening, retiring President Guenther rendered a report of the past year's work. The greatest advance has been made in the Coopertown work, while there has been a marked increase of interest, especially among the two lower classes, in Bible Study. The Preston work has progressed as well or even better than expected. While there has been a slight decrease in attendance of the Boys' Gymnasium, the work of the Reading Room and the meetings show an increase. The student membership is less than that of last year, only about ninety out of the one hundred and sixty undergraduates joining.

The Social Problems Class, which is also identified with the Civics Club, has been a decided success and has interested many of the men in the problems of the city and its population.

President Morley's remarks were brief. It is his conviction that the Y. M. C. A. should exert a quiet yet potent underlying influence over all the college and its friends.

The meeting was followed by an informal reception, at which refreshments were served.

The Cabinet thus far appointed consists of the officers and the following:

Bible Study—E. W. David.
Preston Boys' Club—J. Ashbrook.
Coopertown—W. C. Sandt.
Fall Campaign—E. N. Edwards.
Finance—E. A. Russell.
Membership—W. P. Tomlinson.
Missionary—C. F. Clark
Preston—J. J. Guenther.
Religious Meeting—C. D. Morley.
Advisory Members—Lowry, '09; Palmer, Hinshaw.

DR. JONES' BOOK.

"Studies in Mystical Religion" is the title of Prof. Rufus Jones' latest book, which was published in London last Friday, and which will appear in this country in a few days.

We quote from "The Nation" of March 27th: "It is intended as an introduction to a series of historical volumes treating of the development and spiritual environment of the Society of Friends, the religious body which Dr. Jones believes to have made a serious attempt to unite mystical religion with social endeavor. It traces the history of mysticism from the 'inward, free and untrammelled type of religion which prevailed in the early period of the primitive Church,' down to the time of the English commonwealth. The work is published by Messrs. Macmillan."

Dr. Jones has been working on this book for four years and considers it his masterpiece.

Trials for the relay team, to run in the U. of P. Carnival, were held on Thursday. The following will compose the team: Roberts, Ashbrook, Falconer and Palmer; substitute, Mott. Palmer made the best time with 53 3-5 seconds. The interclass relays were postponed on account of rain.

The Junior and Sophomore soccer teams had only thirty seconds more to play last Monday, when David S. Hinshaw, a Sophomore, sustained a broken leg. At right halfback Hinshaw had been putting up a splendid defence throughout the game and was about to take the ball away from a Junior forward and return it for another shot at the goal, when he collided with an opponent and received his injury.

The break was fortunately a clean one and there are no complications.

SOPHS CHAMPIONS.

After playing two tie games the Sophomores finally defeated the Juniors and won the Class championship. The crippled team of the Juniors managed to avert a score in the first half but in the second, with the wind at their backs, their opponents had little difficulty in shooting three goals. Russell did all the scoring, heading two of the goals into the net.

In the last minute of play Hinshaw sustained a broken leg.
