NUMBER 25

THE FOOTBALL DINNER

RESOLVED, A SWARTHMORE FOOTBALL GAME!

On Wednesday evening twenty of the alumni entertained the football squad at the Merion Cricket Club. With a suddenness that surprised nearly every one, the Swarthmore-Haverford football possibilities were reopened at the suggestion of President Sharpless. Several of the speakers had made speeches varying from the catching of flies to the coaching policy of the college, when President Sharpless was called upon. With dispatch he announced that as far as he was concerned he was willing that Haverford and Swarthmore should once more, through their football managers, reopen football relationships. Most every one was surprised. The suddenness of the thing was amazing. Some wondered how it was possible. Everyone was delighted. When the president took his seat cheers arose that smacked of the good, old times when we played Swarthmore. After some discussion it was unanimously resolved that, upon the consent of the Haverford college athletic committee, the manager for the coming season reopen negotiations. (We are glad to record that the negotiations have been arranged.)

President Sharpless prefaced his remarks with a summary of the stand Haverford has always taken in athletics. The awarding of athletic scholarships may be justified provided the special athletic ability is not the main criterion. A man may even be greatly benefited by going through college, incidentally, as an all-round man. When the playing of football is the one inducement, the system soon inclines toward the vicious. At best it is open to abuse. But that is neither here nor there, for Haverford is to avoid anything of the kind even if it entails "straightness that leans backwards." The President felt assured, upon recent information that Haverford could reopen relationships with Swarthmore without risking the involved difficulties of the past. If we should meet once more, no apologies will be necessary, merely mutual appreciation of fair, clean sport. Toastmaster A. C. Maule made the motion that the suggestion of the President be acted on. He was immediately seconded. Discussion however side tracked his motion.

Mr. A. C. Janney, an old manager, thought nothing could be of more help to the season than a Swarthmore game. Mr. Thorn

TURNGEMEINDE EXHIBIT

GYM EXHIBITION

Last Thursday evening the Philadelphia Turngemeinde gave an exhibition in the Gymnasium. Mr. Kraus, our present coach, was captain of this club several years ago when they won numerous prizes. After a short drill they performed upon the horse, parallel bars and horizontal bar in remarkable form. The springing board was used in connection with the parallels. Their work was the best seen for a long while in the Haverford Gymnasium. It was greatly appreciated by those present. Special mention should be made of the work of Mr. Schuster on both parallel bars and horse. Mr. Schuster is Middle Atlantic and A. A. W. Champion for the parallels and horse. The Turngemeinde team exhibiting were Hess, Captain; Gross, J. Hueber Brown, Mais, Busch, Wanderer, Steinmetz, Evans, Schweickardt, Schuster and Ditton.

PRINCETON DEFEATS HAVERFORD

HAVERFORD'S DEFENSE SUCCEUMBS TO PRINCETON'S RUSHES AND TIGERS WIN 4-1

On Saturday afternoon the Haverford Varsity soccer team played its fourth match of the season at Princeton. Hoping to retrieve itself after its defeat by Pennsylvania the week previous, the team started out with a good fighting spirit and determination.

The game was called at 3 o'clock and as Princeton won the toss they decided to kick with the wind. Haverford started off with a very good rush and for the first fifteen minutes were continually taking shots at the goal from within the penalty area. The excellent work of the Princeton goal-keeper cost Haverford several good goals; in fact, throughout the whole game Jackson played a remarkably fine game, making several unusual saves.

After being unable to score, Haverford seemed to slacken up a little and immediately Princeton, taking advantage of its opportunity, rushed the ball the length of the field and scored their first goal by pushing our goal-keeper behind the line with the ball. In about fifteen more minutes they had scored their other three goals, by three splendid rushes with fast team work. As this was the first time our team had played on a very muddy field, they had great difficulty in breaking up the passing of a team which had been prac-

ting in mud. Princeton's burst of speed was soon checked, however, as soon as our backs became accustomed to the slippery field.

When the second half started, it was up to the forwards to score. They continually made fierce attacks at the goal, but in this half also the Princeton goal-keeper showed superior form. Haverford's only goal was scored near the end of the game when E. Stokes headed the ball into the net after a hard scrimmage in front of the goal. For Princeton Jackson and Bird played well, while Thomas and E. Stokes starred for Haverford.

Harry Offerman, ex-'14, who is at the Princeton Graduate School, entertained the team most cordially after the game.

Line-up:

SECOND TEAM vs. BELFIELD 0-0

The Haverford College second soccer team played the Belfield Club on Merion Field Saturday. A thin surface of mud made the playing heavy for both teams. The Belfield eleven seemed to be the better, although they were unable to score. Shipley as goal-keeper hampered them considerably. The college fellows got away several times for long dashes, but they likewise were unable to score. The Belfield goal-keeper made two very pretty saves.

Green and Edgerton were conspicuously active for the college, while Landis and Hart, the opposing fullbacks, supported the visitors best.

CHARLES S. CROSMAN LECTURES UPON HIS WORLD TRIP

On Monday evening last Mr. Charles S. Crosman of Haverford gave a travel lecture in the Union on "Egypt, India and the Far East." He outlined an extensive trip of 30,000 miles which he made recently. His excellently colored slides served to bring his hearers into the real atmosphere of the lands described.

The principal scenes of interest in Egypt were illustrated, including the Pyramids, Sphinx and the enormous Assouan Dam which was built to preserve the waters of the Nile from waste in times of flood. This work, however, was not accomplished without destruction. An evidence of this is the island of Phylae whose precious ancient temple is now almost submerged by the water of the Dam, and will certainly be lost unless something is done to save it. Huge palm trees are also under water.

Mr. Crosman's journeys included a trip to the Holy Land, the views of which were especially instructive. He showed a number of pictures of life in modern Jerusalem, notably the Mosque of Omar situated on the site of Solomon's temple, and several typical street scenes. The Mount of Olives and the Garden of Gethsemane in their modern aspects gave a good idea of what they were in biblical days. The audience also saw the historic Dead Sea and the Jordan at the place where Christ was baptized.

Next, transferring his audience into India, the lecturer described briefly some of the most interesting customs of the natives there. He showed pictures of Bombay, which appears to be a thoroughly modern city with well-paved streets and large public buildings of the best type of Eastern architecture. While in Bombay he was fortunate enough to obtain pictures of the royal English party who were visiting India at the time. The Mosque of Taj-Mahal was also described. This is the largest and most beautiful mosque in the East. It is dedicated, singularly, to womanhood, although women occupy a lower position in Indian society than in any other civilized country.

Mr. Crosman visited China and Japan. Of the latter country he showed several wonderfully colored pictures, and finished the lecture with a description of his twelve-days' train ride across the stppes of Siberia and Russia. A large audience, among whom were many Haverford residents, attended, and appreciated their neighbor's travelogue.

EDITORIAL.

THE SWARTHMORE GAME

We are to have a football game with Swarthmore this coming season. The outcome of negotiations for the reopening of Haverford-Swarthmore relations has burst most unexpectedly upon the college. There have been rumors creeping about in the form of vain longings of once more playing Swarthmore in football. Few, however, believed 'hem. But to-night arrangements are made to meet contracts are signed that we meet next year on Walton field. Every one is glad.

From the point of view of the manager, nothing could be better. The season now lacks what will be supplied, a climax. Alumni are not so interested in the team because there is no big game toward which the season is working. The boys lack that enthusiasm which drives one through anything in order to beat Swarthmore. Even now incipient heroes are biting the lip and muttering in undertones, "If I can only get into the Swarthmore game." In short, to play Swarthmore is the very best thing that could happen, because it is the only right relationship for the two colleges under normal conditions.

It is needless to reiterate the injunction of the President, that if we are to meet Swarthmore next year, we are to meet her as gentlemen meeting gentlemen. If this can be the case, if good wholesome rivalry can supplant the present unjust depreciation, if the manager after fleecing several thousand spectators can claim a financial success for his season, if Haverfordian can with just respect congratulate his friend from Swarthmore on the game, a splendid thing has happened at Haverford College. Nothing better could round out this year's season than burying the hatchet of past ani-

mosities and scheduling a football game with Swarthmore for September 19, 1914.

"PRESENT DAY PAPERS"

On January 1, 1914, Dr. Jones is expecting to issue the first number of a new periodical, "Present Day Papers." This monthly magazine is the result of a desire for a good constructive magazine through which vital spiritual Christianity may reach Friends both of England and America. In order to make this possible and, incidentally, not to increase uselessly monthlies devoted to "Friends' interests" the "British Friend" has offered to merge its independent life with this new monthly.

Although the new journal will bear no sectarian marks or badges, it will be devoted to the propagation of the message, the ideals and the spirit of the Society of Friends. The "Present Day Papers" will avowedly strive to carry this spiritual type of Christianity into the thought and life of the world.

The monthly issue will contain a brief review of the more important happenings of the month and also book reviews of the more important religious books of the month. There will be two editorials covering a variety of subjects by the best writers to be secured, both within and without the Society of Friends. There will be numerous articles treating with biblical matters.

The price of the annual subscription will be \$1.50, or 6s. 6d; single copies 15 cents, or 6d. Those who desire to receive the paper are requested to send in their subscription at once. All communications should be addressed to "Present Day Papers," Haverford, Pennsylvania.

FACULTY NOTES

Prof. Francis G. Peabody will give some of the Library Lectures this winter at the college. His visit will commence on the twelfth of January.

Dr. H. J. Cadbury, together with Nitobe, '15, and Martwick, '16, plan to represent the college at the general Y. M. C. A. conference of North America to be held at Kansas City during the holidays.

The next issue of the WEEKLY will be on the 12th of January on account of the intervening vacation.

'97 CLASS DINNER

The class of '97 held their annual dinner at the College on Friday evening, December 5th. Thirteen were present. After the dinner, Alfred M. Collins gave an illustrated stereopticon talk on his hunting experiences in Alaska and Siberia. He recited several narrow escapes and many interesting incidents. The following officers were elected: President, Elliot Field; Vice-President, Charles H. Howson; Secretary, Benjamin R. Hoffman.

supported him from the point of view of a coach. Dr. Babbitt strongly urged the same point adding that Swarthmore men are of that type that Haverford likes to play. Henry Scattergood, '96, who was in the midst of past negotiations, wondered at the turn. Yet no one rejoiced more than he.

The speeches that preceded were nearly eclipsed by the excitement that followed. They, however, are not to be overlooked. Mr. Wilson, principal of Haverford School, headed the list. He recalled the days spent at the college and the aid President Sharpless has given the school both past and present. Co-operation between the school and the college will be to the advantage of both. Nothing has helped it more than the interest the college fellows have shown in the school's Friday afternoon games and vice versa at the college on Saturdays.

Alfred Scattergood, '98, followed with some pointed remarks about the playing. Pluck was a characteristic of Haverford playing, although head-work, or as he put it, "heady playing" was often lacking. He rejoiced to note that of late the quarter-back always made it a point to catch the ball when receiving the kick. It was not many years since that balls were caught after the first bounce.

H. S. Drinker, '00, regaled the company with a few clever thrusts. He confessed openly that he remembered nothing of his prep. school studies save "favor, help, please, spare, etc." As for college training that was even worse off. The only thing, at the moment which stuck in his memory, above all else, was the five stages of vomiting—taught by Dr. Babbitt. Mr. Drinker recited them without mistake according to the doctor, "nausea, swallowing of air, et cetera." Aside from jest, Mr. Drinker thanked the college for forming in him the habit of enjoying little things. The shooting of big game in the Rockies never gave him the enjoyment gotten from experimenting with fly-traps on the back porch, where, one summer's afternoon, he caught 112 flies in 57 minutes. (Beer and bread are the best bait. Milk and bread is a close second.) For this habit he will always be indebted to the college.

Ex-Captain Sangree brought out clearly the need of a big game nearer the beginning of the season for an early development of good offensive and defensive play. He considered that Coach Keogh has done well with the team this year. Captain Carey emphasized the necessity of good coaching for a successful year. With the turn that football has taken we venture to predict that the money will be forthcoming.

920.53

Total balance..... \$974.67 \$974.67

It will be noted that the balances from the previous year in the Tennis and Football departments are respectively \$5 and \$20 less in the above statement than the closing balances of last year's report. This discrepancy is accounted for by the fact that two checks of those amounts had not been presented for payment at the time last year's report was made out and through an error they were not included in the expenditures.

Respectfully submitted,
JOHN L. SCULL,
Treasurer.

HAVERFORD, PA., Nov. 29, 1913.

GOOD CLOTHES

Our store is now favorably known and patronized by thousands of young men who believe that one of the first aids to success is good-looking clothes. Our best asset is the ability to produce them. An inspection of our Fall stock—which is the largest in town—is solicited and we think will be interesting to you. Our Full-dress suits are especially good.

Suits and Overcoats, \$25 to \$50
Full-Dress Suits - \$40 to \$70
