The News is published weekly during the school year... Subscriptions may begin at any time.

Editorials do not necessarily represent the opinion of the entire student body.

Unsentimental Bank

About this time last year there appeared in the News an editorial, entitled "Sentimental Bank"...

Their accomplishments speak for themselves. They've done just what every other class in recent years has done, perhaps a little more...

Whether they were or not is of no importance. All these things will be soon forgot; as we remember the class of 1926, it will be as Founders Club members...

In the Gay Nineties

A changed attitude is evinced by the undergraduates of today toward examinations, observes the Yale Alumni Weekly...

ASSOCIATION AMENDS ART. OF CONSTITUTION

Amendment Provides for Appointment of Student Extension Chairman. An amendment to Article 3, Section 6...

According to the provisions of the amendment, the president of the Student Association appoints the chairman of the Student Extension Committee...

The text of the amendment to Article 3, Section 6, reads as follows: The chairman of the Student Extension Committee shall be appointed from the members of the Association at large...

FRESHMEN MAY WEAR GREEN ARTIST TIES

Stricter Enforcement of Rules Planned by New Committee

If present plans of the Custom Committee are carried out, there will be about a dozen green artist ties in evidence on the campus during the first part of next year.

Stricter Enforcement

The rule stating that no food is to be removed from the dining room will be amended to say that nothing shall be removed. Instead of reading "No letter or charm is to be worn..."

CLOTHING

- 1. Freshmen shall wear the regulation cap, tag and tie (green).
2. Freshmen shall wear black socks and garters.
3. Freshmen shall wear a clean shirt that contains no stiff collars...

GENERAL

- 1. Freshmen shall wear coats at all times.
2. Freshmen shall remove nothing from the dining room, nor from any table.
3. No prep school letter or charm is to be worn by freshmen.
4. Freshmen shall not wear knickers, or loud or offensive clothing.

"CAPTAIN APPLEJACK"

The cast of the Cap and Bells play, "Captain Applejack" which will be presented this evening in Roberts Hall.

"CAPTAIN APPLEJACK" TO BE PRESENTED FOR ALUMNI THIS EVENING

Last Performance of Play Will Be Given at 8.30 in Roberts Hall NO CHANGES IN CAST

A performance of "Captain Applejack" by Walter Hackett, will be given in Roberts Hall this evening at 8.30 before alumni and friends of the college.

The play revolves around one character, Ambrose Applejack, respectable and stolid householder. Upon the realization of the monotonous life which he is leading, Applejack's practical ambitions come to the fore...

Stokes in Lead

The play revolves around one character, Ambrose Applejack, respectable and stolid householder. Upon the realization of the monotonous life which he is leading, Applejack's practical ambitions come to the fore...

Mead as Mrs. Wheatcombe

The performance tonight will mark the final appearance in a Haverford play of W. E. Mead, '26. Mead, who appears as Mrs. Wheatcombe, will be remembered for his excellent interpretations of elderly warden and spinsters.

Calkin Business Manager

In another part of the review following the home performance it is said that "reminiscent teaching on the part of Mr. L. C. Reeve was interesting and enlightening."

ALUMNI ASSOCIATION LOSSES TWENTY MEMBERS

Deaths of That Number Are Noted During Past Year. In his annual report to the Alumni Association, which will be read before the members at six tonight, Secretary Hoopes notes that "it is with regret that the following deaths of our members are noted:"

TELEPHONE INDUSTRY CLAIMS NINE ALUMNI

Haverford Well Represented in Bell System of Pennsylvania. A recent compilation from the records of the Bell Telephone Company of Pennsylvania shows that nine Haverfordians are connected with this company and its subsidiaries.

ALUMNI ASSOCIATION TO CHOOSE OFFICERS

Standing Committees Will Submit Reports at Business Meeting

The annual business meeting of the Haverford College Alumni Association for the election of new officers and the presentation of the reports of the various alumni committees will be held upstairs in the Union at six o'clock on Saturday, June 12.

Executive Committee Report

The report of the executive committee for 1925-26 will be read by Henry S. Drinker, Jr., '00, president of the alumni association. The finance committee and the advisory committee will also submit reports of their activities for the last year.

DR. MELDRUM ELECTED VICE-PRES. OF A. C. S.

Many Members to Meet in Philadelphia This Summer. Dr. W. B. Meldrum was elected Vice-Chairman of the Philadelphia section of the American Chemical Society for the week of August 1-5, 1926.

SUMWALT HONORED

Suitcase Presented to Present Headmaster in Recognition of Service. A large, black, velvet suitcase was presented to C. Sumwalt on Monday by the members of the Alumni Association.

LOBER, HETZEL AND HAMILTON TO HEAD CLASSES NEXT YEAR

Upper Class Presidents on Council; Lober Holds Many Offices

John C. Lober and Theodore B. Hetzel, two members of the recently elected Student Council, were elected to head next year's Senior and Junior Classes at meetings held the week before final examinations.

PENNSYLVANIA STATE GLEE CLUB CONTEST TO BE ESTABLISHED

Haverford to Take Part in First Competition on February 19, 1927

WOLL SEC'Y OF CONTEST

The Haverford College Glee Club will be one of the College singing organizations to take part in the new Intercollegiate Glee Club Contest of the State of Pennsylvania next year.

The Pennsylvania State Contest was organized at the Benjamin Franklin on May 28, when representatives of Penn State, U. of Pennsylvania, Bucknell, Swarthmore, Ursinus and Wesleyan met to draw up plans.

ALUMNI NOTES

'87. Henry W. Stokes has been elected to the Board of Managers of Haverford College.

'04. Bernard Lester, secretary of the Alumni Advisory Committee, who has been connected with the East Pittsburgh engineering department of the Westinghouse Electric and Manufacturing Company, has been transferred by his company to the New York office at 150 Broadway and is residing at 262 Park avenue, East Orange, New Jersey.

'13. William Y. Hare is a special agent for the Connecticut General Life Insurance Company with the F. G. Pierce Agency at 1401 North American Building, Philadelphia.

'16. George A. Dunlap, who has been teaching at Lincoln University, Chester Co., Penn., for the past year, has accepted a teaching position at St. Luke's School, Wayne, Pa., for the year 1927. He will have classes in French, History and English.

'17. On April 30, a daughter, Jane Harriet, was born to Mr. and Mrs. R. D. Metzelle.

'18. Marshall Crossman and Miss Sara Adelaide Eyle, daughter of Mrs. Walter L. Eyle of Haverford, were married June 3. The ceremony was performed by the Rev. Dr. Andrew Match, pastor of the Bryn Mawr Presbyterian Church. The best man was Mr. Edward Newton Crossman. The bride and groom will live at Tenmore road, Haverford, after July 1.

The marriage of Gordon B. Hartshorne and Miss Elizabeth H. Pershing will take place on Saturday, June 5, at Jericho Mountain Orchards, Peneville, Pennsylvania.

'19. Mr. and Mrs. Ralph Edgar Joslin, of Winchester, Massachusetts, announce the engagement of their daughter, Mary, to Elmer Hanscock Thorpe, son of Mr. and Mrs. Edgar C. Thorpe, of Haverford. Miss Joslin is a graduate of the Walnut Hill School, Northampton, Massachusetts, class of 1925. Mr. Thorpe was editor-in-chief of the News in 1918. He graduated from the Towne Scientific School, of the University of Pennsylvania, in Civil Engineering in 1921, where he was a member of the Sigma Xi, Tau Beta Pi, and Sigma Tau fraternities.

'20. The engagement of Miss Catherine Harris and Gilbert T. Hoag has just been announced.

'22. Donald A. Flanders, who accepted an assistant professorship of mathematics a year ago at the new Texas Technological School, Lubbock, Texas, has been advanced to professor of mathematics at the institution.

'24. A son, Nicholas Martin Reitzel, was born on April 26 to Mr. and Mrs. William A. Reitzel.

'25. On June 1, S. Brooke Knowlton will become the pastor of the Light Street Presbyterian Church in Baltimore.

'25. Harmon A. Yerkes, '25, and Nell Gilman, '18, graduates of the College, are first base respectively for the Provident Mutual team in its baseball club, which is playing at Philadelphia on May 4. Each man got two hits and two runs and three runs allowed.

'25. The wedding of Ames Johnston and Miss Della Smith was performed at the Westinghouse House, Haverford, Friday, June 4.

FACULTY NOTE

Dr. Rufus Jones delivered the commencement address at the graduating exercises at Bryn Mawr College on Thursday, June 3. Dr. Jones has been a trustee of Bryn Mawr for twenty-eight years and is now the president of the trustees and chairman of the board of directors.

Mr. Howard Comford '24; was best man included Mr. Geoffrey Billo, '25; Mr. Wesley Hildman '24; Mr. Lawrence Taylor '24; Mr. William Hunsicker '23; Mr. Francis Meany '18; Tammal Brown, Jr., '23; Mr. J. Curtis Sykes Harvey, Jr., '24; Mr. John Fisher, '24; and Mr. Charles H. Frazier, Jr., '24.

A reception at the home of the bride will follow the wedding. Mr. and Mrs. Longstreth will live in Detroit.

SHARPLESS HALL WITH A DDITIONAL RADIO TOWER

The above photograph shows the aerial equipment of Station WARQ as it will be if the new radio tower is constructed. The tower on the left is the one now in use.

RADIO CLUB MAY GET AERIAL TOWER AS GIFT OF SENIORS TO COLLEGE

Class Also Considers Gift of Loud Speaker for Announcements

PLAN CENTENNIAL GIFT

Among the suggestions brought before the senior class for a gift to the College, the most favored has been another tower for the Radio Club.

The committee in charge of suggesting suitable gifts is composed of Kingsbury (chairman), Campbell, Borton and Wood. This committee will stand until 1935, when the class hopes to make another gift to the College.

Radio Club Needs Tower. At present the Radio Club has one tower on Sharpless Hall, with an aerial sloping off from its top toward the ground. The lead in is attached to one end. This arrangement gives a slightly irregular effect in favoring transmission in the direction of New England at the expense of other directions.

The original plan of the Radio Club leaders when the broadcasting station was instituted included two towers mounted on the opposite wings on the rear of Sharpless Hall. This plan gave a height of over a hundred feet, which was considered essential to efficient broadcasting where it is a considerable advantage to be clear of trees.

Loud Speaker Possible. Lack of funds prevented this plan from being carried out in its entirety, with the result that only one tower was constructed on the west wing. It was found cheaper to increase the range of the station by increasing its power output than by erecting the new tower, with the result that by arrangement with Mr. Laporte, of the Ardmore Theatre, to broadcast organ recitals the power of the station was increased four or five hundred per cent. The unfortunate sequel to this was the refusal of the government to license the station for a kilowatt transmitter except for work after 12 o'clock at night. As the situation stands today the best way to reach a larger audience is by building an aerial which will make use of the quarter kilowatt allowed for broadcasting purposes.

In case a suitable estimates show that the cost of such a tower is at present beyond the means of the senior class, it has been suggested that a loudspeaker be installed in the dining room for the purpose of making announcements. It would be possible to use the Radio Club's power amplifier, and it would also be possible to have music tuned in at meals.

In the above photograph the tower on the left is the one at present used by the Radio Club. Its mate on the right is the proposed gift of the graduating class in 1935. The present aerial slopes from the left-hand tower toward the left of the picture.

COMMITTEE CHAIRMAN SELECTED BY WEBSTER

C. Keely Fox, '28, Appointed to Head Student Extension Work

The chairman of the six standing committees of the Student's Association have been appointed by W. Foster Webster, '27, president of the Association and the Student's Council. C. Keely Fox, '28, has been selected as chairman of the Student Extension Committee for 1926-27. Fox was appointed under the provisions of the amendment to the constitution of the Student's Association passed at the meeting Tuesday which permits the selecting of the Extension Committee chairman from the Student's Association.

Labor Store Chairman. The Store Committee for 1926-27 will be under the direction of John C. Lober, '27, who will take Edward S. Wood's place as chairman. One member from each class will be appointed to serve on the Store Committee by Dr. Coffey. Tracy Stokes, '29, has been selected as chairman of the Food Committee. He will appoint three men to his committee, one from each of the other three classes.

Ingram H. Richardson, '28, will again have charge of the affairs of the Campus Events Committee. The main function of this committee is to arrange for the football games in the fall. Three other members of the Campus Events Committee will be appointed next fall.

The chairmanship of the Curriculum Committee unfortunately falls to the president of the Student's Association, W. Foster Webster, S. Stansfield Sargent, '27, will serve as chairman of the Frothy Committee for 1926-27.

GOLD MEDALS AWARDED TO BARRY AND CARR

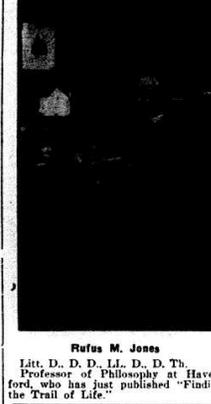

"Intercollegiate World" Gives Recognition for Literary Excellence

Gold medals for excellence in literary work have been awarded to H. Barry, '26, and J. Carr, '26, past and present editors of the Haverfordian.

Barry's was the reward for having written the best piece of poetry reprinted by The Intercollegiate World magazine in 1925. Carr won a similar honor in the authorship of the best piece of prose reprinted in the Haverfordian.

L. H. W. Mason's story, "The Tax on Monticue," is the latest "Haverfordian" story to appear in the "World." This was reprinted from the January, 1926, issue of "The Haverfordian" and is in the last issue of "The Intercollegiate World."

AUTHOR OF BOOK

Rufus M. Jones, Litt. D., D. D., LL. D., D. Th., Professor of Philosophy at Haverford, who has just published "Finding the Trail of Life."

HALF OF CLASS OF 1921 ALREADY MARRIED

Class Letter Shows Thirty of Original Fifty-nine Still Single

An even balance between single and married men in the Class of 1921 is shown by the revised class letter recently issued. To be exact, there are thirty single and twenty-nine married men, and one known to be engaged.

The roster of children includes two each to the credit of Charles A. Brinton and Harry G. Timbers, and a total infant membership of fourteen, of which eleven are girls and three boys.

Occupations include thirteen different classes, of which teachers, with twenty representatives, are far in the lead. The others are: Physicians, six; manufacturers, six; salesmen, five; engineers, four; clerks, two; merchants, two; bankers, two; one chemist, one lawyer, one architect, one journalist, two retired and seven some miscellaneous.

Twenty-six advance degrees have been received and four are in immediate prospect. Twenty-three have traveled in Europe since graduation, and fifteen have traveled extensively in the United States. The 1924 class for President showed twenty-three for Coolidge, ten for Davis and three for LaFollette.

Several were unable to vote. Opinion in favor of the World Court was almost unanimous.

All but one admitted they read the Haverford News. A number claimed to be unaffected by the income tax, and the majority favored it, for other people. Tennis is the favorite outdoor sport, winning easily with twelve votes over walking with six and golf with five. The remaining votes were distributed among twelve other activities.

Among the twenty-two indoor sports mentioned, bridge won with six votes.

R. M. JONES WRITES ON FINDING LIFE TRAIL

Publishes Story of Early Struggles to Find Trail of Life

Professor Rufus M. Jones, '85, teacher of Philosophy at Haverford College, has just published "Finding the Trail of Life," through the Macmillan Company. It contains the tale of his early religious experiences, and as he says, it was written "to interpret the religion of a boy and to show the boy in his struggle to get through the jungle and to find the trail of life."

In a review of the volume by the Public Ledger the following was said: "The dominant interest of the story is the unfolding of a personality rooted in the simple pieties of a rural Quaker community where plain living, high thinking and sound common sense formed the atmosphere of life. It was indeed an enviable environment for any youth and raises the question as to what our civilization would be if every boy grew up in such surroundings."

"Dr. Jones has withstood the temptation to dramatize his early experiences, though he errs in his modesty in believing that he was no unusual boy. Not every Quaker country youth has the native endowment for such an abundant life as he has lived. Interesting though his story is in itself for most readers of mature years, not the least of its value will be indirect, as it prompts them to go back over their own trail and compare it with his."

"The author describes in simple and vivid terms his early home in Maine, the ideas and ideals of his family and the other Quakers who lived in the community and worshipped at the local meeting, and the visitors from meetings in distant parts of the country and abroad, whose coming to his father's home exercised a formative influence upon his life. The theological ideas he held in childhood are candidly described, nor does he hesitate to point out the limitations of his tuition. 'I am quite sure that no Lancelotti in the days of Israel's prosperity ever had a more certain conviction than he belonged to a peculiar people whom the Lord had chosen as His own than I did. There was for me an absolute break between 'I's' and anybody else.' \* \* \* It will, of course, seem to have been a very narrow view, and so it was, but its influence on me was decidedly important. It gave somewhat of a dignity to my little life to feel that I belonged to God's people, that out of all the world we had been selected to be His, and His wonders had been worked for us, and that we were objects of His special love and care."

The joys of PLEASURE ISLAND! When you give a Pleasure Island package you give a box of most enjoyable chocolates in an attractive form, and you give more for the box and contents express the elusive charm, the age-old romance and adventure that really belong to such chocolate, but which waited for a genius to capture and express them. Hundreds of thousands of candy lovers have found the way to Pleasure Island through this package. Through it they have doubled their enjoyment of chocolates. By your thoughtful gift help your friends loot this chest of treasured sweets, with its chocolate bulion of gold and silver and its chocolate "Pieces of Eight." In one pound and two pound packages at the nearby store that is agent for the sale of Whitman's Chocolates. WHITMAN'S FAMOUS CANDIES ARE SOLD BY D. M. West, Ardmore, Pa. G. Kampan, Ardmore, Pa. Henry Fress, Haverford, Pa.

COLLEGE SPORTS

RE-ELECTED

SCARLET AND BLACKBALL TEAM RECEIVES SECOND SETBACK FROM GARNET

Richards and Ogden Smash Home Runs in 7 to 3 Defeat

GAME ON MUDDY FIELD

The Swarthmore College baseball team made it two victories over the Haverford nine this season, when they scored a 7 to 3 triumph at Swarthmore, Sat. Saturday. A home run by Richards and Ogden's catcher, in the fourth inning really clinched the victory. The wet ball caused poor fielding on both sides and several of the runs may be charged to the slipperiness of the ball. Going into the ninth with the score, 7 to 1, Haverford staged a rally which fell short. Hogenauer, who had taken Abbott's place in centre-field, shot a single to centre. Morris hit a hard one to shortstop. McGuire fumbled and, throwing hurriedly, his leg was wrenched. Hogenauer went to third and Morris to second on the misplay. Richter singled, scoring Hogenauer. Tripp lifted a long fly to left, and Morris scored after the catch. Logan flew out to right. Hartzell batted for Flint, who had injured his wrist, and ended the game by striking out.

LLOYD AWARDED TITLE, WITH SOUTH SECOND

Lloyd-Merion Game Not Played, But Lloyd Beats South in Final Game

In spite of the fact that the last game of the play-off, between Lloyd and Merion, could not be played, the Intramural baseball championship was awarded to Lloyd by the Intramural Committee. Lloyd defeated South and South defeated Merion, by the scores of 18 to 12 and 8 to 6, respectively, during the week before finals.

The South-Merion game, played on Tuesday, started out with the advantage decidedly favoring the victors. After several innings, the South team started a batting spree, aided materially by numerous Merion errors, and secured a five-run lead by the fifth inning. In their half of the sixth, Merion, with only three runs to its credit, succeeded in losing the bases after two were caught but the rally was cut short by a beautiful stop by Lober.

Merion rallies. In the next inning, the losers rallied again, but their three runs were not sufficient to catch up to the South. Downward and Witt starred for Merion, and Sumwalt and Thomas for South.

The Lloyd-South game, in the main, was a close struggle. Lloyd's victory was due to two big innings, the second and fourth, in each of which the victors scored five runs. South started to catch their opponents in the fifth and sixth, but in the last inning Lloyd pitched and South failed to add any more runs to its total. Most of the game, Lloyd pitched well for South during most of the game. But he was not supported especially well. Lloyd used three pitchers, each with eight safe innings. South getting only equal hits, as compared with the winner's fourteen. Sumwalt and Thomas starred for South, while Hogenauer, Merion, evened divided among the Lloyd men, six getting two hits.

MUHLBERG TEAM FORFEITS

Muhlenberg Ball Team Fails to Appear on May 28. Due to an oversight on the part of the Muhlenberg baseball department the Muhlenberg team, scheduled for May 28, was forfeited to Haverford 9 to 0. When the Athletics failed to appear, the secretary of apology was received by Alumni Secretary John R. Hoopes, stating that the error was unavoidable due to the illness of the manager.

FALL SOCCER PRACTICE

Early Work Called for Monday, September 20, by Coach McPeters. Coach McPeters and Capt. Logan have announced that fall soccer practice will begin on Monday, September 20. The opening game with the Alumni is scheduled for October 2, and Coach McPeters expects to have a work hard to get the team in shape for that game. Nine letter men are being named from last season's team, so that theVarsity eleven will be hard to choose. The prospects for a fast team are very good, however, since there are many men from the J. V. team who should make up the places of those who have graduated.

BASEBALL TEAM

The Haverford baseball team which has just completed the most successful season in the history of the sport at Haverford. Back row: Coach Main, Gavringer, Corson, Abbott, Bartler, E. Hogenauer, Manager M. Miller. Middle row: Yoder, Hoswig, Logan, Capt. W. Saunders, Hartzell, Kingham, Flint. Front row: Huella, Dunham, Tripp, Morris, Vanaman, Richter.

FACULTY CRICKETERS BEATEN BY SENIOR XI

President Comfort Stars as Teaching Aggregation Bows, 128-103. In the annual cricket match between the Faculty and the Seniors, the prowess of the undergraduates proved to be too much for the professors. The Senior XI won by the more comfortable margin of 17 runs, 128-103. Once again President Comfort proved to be the bulwark of the Faculty team. Without him batting and bowling efforts the teachers would have been swamped. Dr. Comfort had splendid innings and scored fifty-six runs before he was bowled by Pitter. The chances of the seniors seemed slight when Baker, star bat of the Varsity XI, was caught out for six. However, Garrett and Pitter rallied up 44 and 23, respectively, which put their team well along to victory. Having taken cricket's surplus and half himself and the gallery by scoring eight runs for his side, Dr. Comfort effectively and took six wickets for a low average. The fielding of both teams was good. Dr. Wilson and Dr. Palmer made a number of remarkable plays.

GOLF, BASEBALL, CRICKET CARDED FOR ALUMNI DAY

Golf Tournament This Morning; Baseball With Princeton Club. A golf tournament, a cricket match, and a baseball game have been scheduled to keep the alumni busy on Alumni Day, Saturday, June 12. This is a departure from the usual custom of having such sports as "fat men's races," "interclass potato races," etc. The golf tournament was held on the St. David's course, and the first four some teed off at 9 o'clock. About forty alumni competed. The winner having the low net and low gross scores will receive prizes of one dozen golf balls each. This afternoon the annual cricket match between the alumni and that year's varsity XI will take place on Cape field. At 3 P. M. there will be a baseball game between a picked team of Haverford men and the Princeton Club of Philadelphia. Coach Hains will travel for Haverford, and Townsend, former Tiger ace, will probably be on the mound for Princeton. "Tat" Brown, '22, coach of the Penn Charter baseball team, will also be in Haverford's lineup.

CAPTAINS ELECTED

Continued from page 1, column assistant cricket manager. He is also a member of the Nova Board and of the Glee Club. Those who received their four-leaf letters were awarded: Captain Saunders, Morris, Flint, Logan, Lewis, Vanaman, Richter, Abbott, Kingham, and Tripp. Numerals were given to Hartzell, Yoder, Dunham, and Hoopes. Morris is the pick of the men who will be lost to the team by graduation.

GRIDMEN WILL START PRACTICE ON SEPT. 14

Early Training Will Be Held at College Under Coach Harman. On Monday, September 14, a week and a half before the opening of college, the football training camp will be started. Last year the camp was held at the Log Cabin Inn on the Lincoln Highway, half way between Chambersburg and Gettysburg. This year it will be held at college, since it is much nearer the city and needed supplies. It has been had to secure adequate equipment at the places where the camp has been formerly held. At college the men will have their own college gymnasium, the dormitories, and the college dining room, as well as the athletic field. The large turnout expected will consist of all the present material in college able to be there, and the pick of Rhine candidates. All in all, about thirty-five men or more are being planned for. Edward Mann, under the leadership of Captain Middleton, will be coached by Head Coach Harman and Mr. MacIntosh. Manager Lester and Assistant Managers Hartzell and Bready will be there to see that the men are supplied with the necessary equipment and to supervise the managerial department. The men will start at once to get in shape for the opening with the alumni on October 2.

BATTING AVERAGE OF BASEBALL TEAM

Table with columns: Player, Pos., A., B., H., Pct. Lists batting averages for various players like Palmer, Pitter, Wilson, etc.

FORTY-NINE MEN RECEIVE DIPLOMAS

Continued from page 1, column 4. ROBOR SOCIETIES. Robor societies have been elected to the Phi Beta Kappa Society for the Junior Year. Charles Herbert Green, Joseph Addison Robinson, Vincent J. Hart, and Robert H. Hartman.

FINAL INTRA-MURAL BASEBALL STANDING

Table with columns: Team, W., L., P.C. Shows standings for Lloyd, South, Merion, Funder, and North.

THREE MEN ELECTED TO ATHLETIC COMMITTEE

Hoskins and Webster, '27, and Logan '26, to Serve Next Year. Hoskins, '27, track captain, Logan, '26, soccer and baseball captain, and Webster, '27, president of the Student Association, will be the three undergraduate members of the Executive Athletic Committee next year. These three men were elected by the Students' Council at a meeting held on Friday, May 28. Hoskins is captain of track for next year while Logan who is only a sophomore will lead both the soccer and basketball teams into action in 1927. Webster is a member of the football and tennis teams. The committee has charge of the awarding of letters in varsity sports and passes upon the schedules of the various teams. The body is made up of three faculty members, with Dr. Comfort as ex-officio chairman, three alumni members, and the three undergraduates just elected.

TENNIS CAPTAIN

William G. Lester, '27. Lester, a seasoned tennis player and winner of the Virginia Cup, has been chosen to pilot the 1927 team. The committee has charge of the awarding of letters in varsity sports and passes upon the schedules of the various teams. The body is made up of three faculty members, with Dr. Comfort as ex-officio chairman, three alumni members, and the three undergraduates just elected.

LESTER BEATS WEBSTER TO WIN VIRGINIA CUP

Captain-Elect Surprises by Winning by Scores of 6-3, 6-3, 6-4. W. Lester, '27, Captain-elect of next year's tennis team, was crowned college singles tennis champion last week in a tournament that upset nearly every record. The six contestants chosen by the tennis committee to battle for the college court supremacy staged a series of the best tennis matches. The Cup emblematic of the championship was presented last year by Marshall, ex-captain of the racquet wielders, withdrawn from the tournament in the first round. He was considered one of the strongest claimants for the trophy. The first round match was between Lester and Estes, '23. The latter made a surprisingly fine showing and was only downed after a four set match by the score of 6-2, 6-4, 5-7, 7-5.

HAVERTON CLUB WILL PLAY SOCCER VARSITY

Team Formed Under Leadership of McDaniels, '22; Will Play October 2. Under the leadership of Delaplane McDaniels, '22, the Haverford Soccer Club completed its organization and assured its schedule for next fall. The club's members are graduates who are now engaged in business or graduate work. It includes several players of All-Intercollegiate rating in their playing days. Among the players are: M. C. McKinley, '21; E. A. Taylor, '22; C. G. Paxson, '22; D. McDaniels, '22; G. J. Fisher, '23; W. Bacon, '24; W. M. Heilman, '24; T. C. Garrett, '25; S. Winesy, '25; and A. D. Hall, '18. The new organization will meet the college Varsity on Fall Alumni Day, Saturday, October 2, and will play the Junior Varsity on October 9. In addition to these games Manager Varsity's schedule includes: September 25, Philadelphia C. C., first team; October 10, Germantown C. C., first team; October 16, Penn. Varsity, October 9 and 23, November 13, 20, and 27, Philadelphia Field Club, and Hudson Hall-Christie Hotel team.

What Is A Life Underwriter?

One who insures and delivers a life insurance policy. In other words, a person whose business it is to offer the known benefits of life insurance to individuals, to corporations, to partnerships, etc. But further, the life underwriter is one who must conceive the plan of the policy, the benefits offered. This means stimulating contact with human character, and with large affairs. Some underwriters prefer the game of chance and deal mainly with individuals. Other prefer affairs to them is open the great field of business insurance. Furthermore, the business of life underwriting pays highly for initiative and ability. And still more, the life underwriter offers to his client a contract which has no risk in it, does not deteriorate, and adds no burden of mental worry. The life underwriter sells absolute security, the foundation of every-day life. It is worth while to think these things over now and to remember them when, perhaps, you find yourself wrong placed in whatever business you may have chosen.

CRICKET WITH ALUMNI

College Team Will End Season Today In Match With Alumni Stars

This attending the graduation exercises today at Haverford will have an opportunity to see a game of cricket on Cope Field this afternoon.

The alumni will present a strong side. A. G. Scattergood, S. E. Stokes, T. Wistar and the Crossmans will probably be present to represent the "old timers" while T. Garrett, J. Silver and Murray Haines, of last year's strong XI, will be a powerful addition.

This match will be the last one for Captain Baker, Garrett, Pitter, Carman and Barry, who graduate today.

'28 EASILY DEFEATS FRESHMEN ON TRACK

Takes Ten First Places to Win One-Sided Meet by 74-43

Showing marked superiority in both the running and the field events, the Sophomores easily won their annual meet with the Rhinies by the score of 74-43.

The meet was held on Wednesday, May 26, one of the annual spring sports half holidays. The winners finished second to Swarthmore in their first places, quite a few of them being in the nature of upsets.

Tatum, '26, was the top scorer of the meet. He won first in the 440-yard dash and the half-mile and took 100 yards, 200 yards, 400 yards and 800 yards, while McConamy, '28, were the only other double winners, while Thomas, '28, also scored ten points for the Sophs.

In many events the Rhinies contestants failed to come up to their usual standards, while in the other many Sophomore "dark horses" appeared. The most outstanding of these was Clint Yarnall, baseball catcher, who ran a close second to Tatum in a 57-second quarter.

Thomas Fushes Esaworth None of the running events were very closely contested, excepting the 100-yard dash, in which Thomas, '26, pushed Esaworth to do his best.

Several pretty struggles were witnessed in the field events. In the discus throw, three men reached well over 100 feet. MacEntee, '25, winning out in the end with a throw of 108 feet 2 inches. In the high jump, both Froben and Hartman, of the Rhinies, jumped the bar at 5 feet 5 inches to tie for the second, while Rhoads, '28, won with a leap of 5 feet 4 inches.

In the shot put, Thomas, hitherto unknown as a weight man, was beaten out by a hair's breadth for second place.

Summaries: 100-yard dash—Won by Esaworth, '26; second, Thomas, '28; third, Hartman, '26. Time, 13.2 seconds.

150-yard high hurdles—Won by McConamy, '28; second, Rhoads, '28; third, Tatum, '26. Time, 17.5 seconds.

200-yard dash—Won by Rhoads, '28; second, Esaworth, '26; third, Tatum, '26. Time, 27.5 seconds.

440-yard dash—Won by Tatum, '26; second, Pitter, '28; third, Esaworth, '26. Time, 57.5 seconds.

800-yard dash—Won by Tatum, '26; second, Pitter, '28; third, Esaworth, '26. Time, 1:55.5 seconds.

100-yard high hurdles—Won by McConamy, '28; second, Rhoads, '28; third, Tatum, '26. Time, 17.5 seconds.

200-yard dash—Won by Rhoads, '28; second, Esaworth, '26; third, Tatum, '26. Time, 27.5 seconds.

440-yard dash—Won by Tatum, '26; second, Pitter, '28; third, Esaworth, '26. Time, 57.5 seconds.

800-yard dash—Won by Tatum, '26; second, Pitter, '28; third, Esaworth, '26. Time, 1:55.5 seconds.

100-yard dash—Won by Esaworth, '26; second, Thomas, '28; third, Hartman, '26. Time, 13.2 seconds.

150-yard high hurdles—Won by McConamy, '28; second, Rhoads, '28; third, Tatum, '26. Time, 17.5 seconds.

200-yard dash—Won by Rhoads, '28; second, Esaworth, '26; third, Tatum, '26. Time, 27.5 seconds.

440-yard dash—Won by Tatum, '26; second, Pitter, '28; third, Esaworth, '26. Time, 57.5 seconds.

800-yard dash—Won by Tatum, '26; second, Pitter, '28; third, Esaworth, '26. Time, 1:55.5 seconds.

100-yard dash—Won by Esaworth, '26; second, Thomas, '28; third, Hartman, '26. Time, 13.2 seconds.

150-yard high hurdles—Won by McConamy, '28; second, Rhoads, '28; third, Tatum, '26. Time, 17.5 seconds.

200-yard dash—Won by Rhoads, '28; second, Esaworth, '26; third, Tatum, '26. Time, 27.5 seconds.

800-yard dash—Won by Tatum, '26; second, Pitter, '28; third, Esaworth, '26. Time, 1:55.5 seconds.

100-yard dash—Won by Esaworth, '26; second, Thomas, '28; third, Hartman, '26. Time, 13.2 seconds.

CRICKET CAPTAIN

J. Tyson Stokes, '28

Stokes, the only under-graduate Cricket letterman, has been elected leader of the Cricket XI for next year.

The past two weeks were rather disastrous for Haverford cricketers, since of the three matches played only one was won. The college team defeated the "Wanderers" on the 29th but lost to Ardmore in a return game on Monday and to the Crescent A. C. on the June 5. The "Wanderers" were unable to present a full side and a number of Haverford men were forced to Ardmore in a return game on Monday and to the Crescent A. C. on the June 5.

Haverford got the "Wanderers" out for 56 runs. After a long struggle for them, was responsible for 26 of his team's total. Haverford showed the best batting in this season's cricket. Garrett struck his stride for the first time this year and had a half century to his credit. After scoring 174 runs Haverford retired with only seven wickets taken. Pitter bowled well taking four wickets for an average of 2.3.

Allen C. Thomas, '28 Who by his leap of 22 feet 1 1/2 inches, shattered the college vault record formerly held by Rogers, '25.

PLANS FOR ATHLETIC BUILDINGS DISCUSSED

The Athletic Cabinet held its last meeting several weeks ago and closed the year without anything very definite accomplished. All of next year's captains automatically became members and in addition Webster, '27, and Heller, '27, were elected. The entire personnel of the body therefore will be: Logan captain of soccer and basketball; Middleton, football; Saunders, baseball; Stokes, cricket; Hoskins, track; Lester tennis; Webber appointed to take the place of Dr. Babbitt during his absence from College next year.

The fact that the Athletic Cabinet does not seem to accomplish much can be easily traced to its lack of money and the fact that it has no official power to act. However, during the past year many interesting projects were brought up and discussed.

The pictures in the gymnasium have been organized and some work has also been done on arranging the trophy cases in better order. A basketball tournament among the leading Prep schools of Philadelphia and vicinity was suggested, but rejected by the College authorities.

don't strike out! The man who fans the air without hitting anything will soon be out of the game. In college or in business, at work or at play, get strength for the game of life by eating Shredded wheat

It contains all the muscle-making material in the whole wheat grain prepared in a digestible form. Many persons imagine they can get "strong as an ox" by eating beef. The ox gets his strength from grass and cereals. He doesn't eat meat. After a strenuous hour on the diamond or the gridiron, nothing is so refreshing and appetizing as the crisp, flavory, oven-baked shreds of whole wheat with milk or cream, or fruits. A real energy food for men and women who do things—and so easily and quickly prepared. Eat it for ten mornings and see how much better you feel. The Shredded Wheat Company Niagara Falls, N. Y.

TRACKMEN WIN THREE OF FOUR DUAL MEETS; PLACE SECOND IN M. A. S. A. A. Defeat Lafayette, Rutgers and Delaware; Lose to Swarthmore LOWRY SCORES 36 PTS.

The Haverford track team went through a very successful season, winning three out of four dual meets and finished second to Swarthmore in the Middle Atlantic. Only one-half point separated the winner from the second place team in this meet. Swarthmore scoring 30 points to Haverford's 20 1/2.

The team journeyed to New Brunswick on Saturday, where they defeated the strong Rutgers aggregation, amassing 60 1/2 points to the 50 1/2 points of Rutgers. The Scarlet and Black took eight first places to five for Rutgers. On Junior Prom Day the Haverford trackmen defeated Lafayette, 75 to 48. The Scarlet and Black won eight first places to five for Lafayette. In this meet, Fowler outdid himself in the shot-put, by tossing the iron ball 40 feet 4 inches. Fowler had never thrown the shot over 40 feet before in a meet.

Haverford qualified twelve men for the Middle Atlantic, which was two more than the winning team. Both the Haverford and Swarthmore teams were rather poorly balanced, the Scarlet and Black being strong in the field events, while the Garnet was especially strong in the track events. The winner of the meet was not decided until the last event, the 220-yard dash. Haverford, 29 1/2; Swarthmore, 25. However, Dutton, the Garnet leader, barely managed to nose out Fowler, to win the event and the meet.

Captain Lowry was high scorer in points. Fowler and Esaworth were tied for second, each getting twenty-eight points. The team as a whole piled up a total of 300 1/2 points to 192 1/2 for its opponents.

A moderation in price is also appealing, and altogether you will make no mistake in placing your order with us.

# HYPERION TRIO WILL BROADCAST PROGRAM

### Commencement Address Put on the Air Today by Station WBQ

The final broadcasting program of the college year will be put on the air from the Haverford studio at 8 o'clock on Monday, June 14, by the Hyperion Trio of Philadelphia.

The Trio, which is made up of Harold Mueller, violinist; Abram Frankel, cellist, and J. Hamor Michener, '29, pianist, has broadcast from Station WBQ on two previous occasions this year. Their splendid ensemble work and technique has placed their concerts among the best programs put on the air by the Radio Club in the last few months.

**Commencement Address Broadcast**  
Today at 11 o'clock the commencement address delivered to the graduating class in Roberts Hall by Dr. Joseph Fort Newton, rector of Saint Paul's Church, Overbrook, was broadcast by the Haverford station.

Yesterday afternoon a program of dance music was put on the air by the Haverfordians at 3 o'clock. In the evening Howard Lamin's fourteen-piece dance orchestra was broadcast from the Senior Prom.

**Sesqui-Centennial Program**  
An official Sesqui-Centennial program was broadcast from Station WBQ on Friday, May 28, at 8 o'clock, by the Glee Club of the City Club of Philadelphia. Seven numbers were given by the Glee Club of sixteen voices, among which, "Hark! 'Tis the Horn" and "How Can I Leave Thee" were the most effective.

The Glee Club was directed by J. Ralph Satterthwaite. In addition to the numbers of the Glee Club, tenor and bass solos were sung by Horace B. Luff and William S. Patton, respectively. A piano solo, "Dance Capri," was played by S. Hulon福特, accompanist.

**Piano and Voice Recitals**  
Two piano and voice recitals were sent out from the Haverford studio on May 28. At 8 o'clock W. Warren Newman, '28, tenor, and Dorothy A. Butterworth, soprano, gave an extensive program of solos and duets. The accompanist was Frances Butterworth.

Following the Butterworth-Newman recital, a group of Philadelphia artists, secured by Samuel Barrington, designer of the Ardmore Theatre pipe organ, broadcast a second voice and piano concert. Red Seal artist, and Bessie Montgomery, soprano, were the vocal soloists. The piano accompaniment and solos were played by Mary B. Montgomery.

## Old Age

Those last years of your life can be the most comfortable—free from cares and worries. Or they can be the most tragic period of your life.

Old Age Endowment Insurance taken out now will protect you and your family against want in these declining years. Ask a Provident Representative to submit a plan for YOUR protection based on YOUR needs, or write for the booklet, "Kent Blueprints His Future".

### INTERIOR OF STATION WBQ

The transmitting part of the Haverford College Radio Club's 1000-watt station, WBQ. The Commencement program was broadcast from this apparatus.

## WBQ Plans Summer Work Great Development in 1925-6

### New Set Constructed During Year; Large Variety of Programs Broadcast

As a climax to a year of extensive development both in broadcasting facilities and quality of programs put on the air, the Haverford College Radio Club plans to continue operation during the summer months.

By broadcasting this summer on a semi-commercial basis the club will be able to pay off a deficit of \$300, which it has carried this year, and also to continue many programs which have been features of the broadcasting schedule during the college year.

William S. Halstead, '27, president of the club, and Irving B. Smith, '27, vice president, will be in charge of the operation of the set this summer if the plans under consideration at present are adopted. Gerald C. Gross, studio manager, will have charge of the programs in the absence of Charles R. Thompson, '27, who will spend the summer in Europe. Thompson arranged the broadcasting schedule throughout the year and initiated the policy of regular programs.

**Club Started Three Years Ago**  
The operation of station WBQ during the summer will be simply another forward step in the rapid development of radio broadcasting at Haverford since the organization of the club three years ago.

The power has gradually been increased since then until a new set has recently been completed, and is waiting for installation which will operate on a maximum of 1000 watts with a normal range of 3000 miles. The Radio Club has been unable to use the new set under full power yet due to the necessarily slow process of obtaining a government license to broadcast under increased power.

**Set Designed by Halstead**  
This new set, which was designed solely by William S. Halstead and Irving B. Smith, will make the Haverford station the most powerful college broadcasting station in the United States, twice as powerful as any Philadelphia station, and second only to KDKA, the Westinghouse station at Pittsburgh, in Pennsylvania.

The potential power and range of station WBQ, and the excellent record it has made in the clear transmission of programs secured for it, the serious consideration of the Sesqui-Centennial Committee as the official broadcasting station for the exposition.

**Year of Improvement**  
Charles R. Thompson has managed the broadcasting schedule throughout the year, and under his capable direction the advance in the studio department has kept pace with the increase in the efficiency and power of the set.

The gift of a Stief grand piano of the finest type by Frederick P. Stief, '18, vice president of the Stief Grand Piano Company, for use in broadcasting has been a great aid in the clear and accurate transmission of musical programs.

The magnificent piano replaced an inexpensive upright formerly used by the club, and together with a set of draperies, which were donated by another interested alumnus, has completed the

modern equipment of the studio in the Union.

**New Broadcasting Features**  
Several new features in the line of broadcasting programs have been introduced this year. On Monday, Wednesday and Friday evenings during the year a grand organ recital has been broadcast by Horace Mueller from the Ardmore Theatre. The excellent of this recital, which has been sent out from one of the world's largest theatre organs regularly by remote control, has been a feature of the broadcasting schedule of the radio audience as far west as Chicago and as far north as Montreal.

A series of lectures by members of the Haverford College Faculty on the subjects with which they were best acquainted was given during the year, and will be continued next year. In addition to faculty lectures, it is planned to have outside speakers broadcast from the studio next year when one lecture will be put on the air each week.

Several well-known musicians and singers have broadcast from WBQ this past year. Henry Such, internationally celebrated violinist; Augusto Fabrizi, flutist; Judson Eldridge, pianist; Missie Parrish, coloratura soprano organ singer; Max de Schanzeze, tenor; Victor Red Seal artist, and George McHugh, tenor, former Keith Vaudeville artist, are some of the artists who have given programs from the Haverford studio.

**Lectures and Recitals**  
Lectures by such men as Vachel Lindsay, leading American poet, and Dr. Edwin Grant Conklin, professor of Zoology at Princeton University, have been heard in the East and Middle West through the agency of WBQ. There have also been many musical recitals and concerts of excellent quality broadcast by such capable groups of artists as the Main Line Orchestra, the Glee Club of the City Club of Philadelphia, the Main Line Choral Society, and the Hyperion Trio.

The number and varied range of programs sent out by WBQ during the college year together with the great development in the power and efficiency of the broadcasting set mark 1925-26 as a year of achievement for the Radio Club of Haverford College, which was one of the pioneer organizations of this type in American colleges, and augurs well for a continuation of high class programs this summer.

## SECRETARY HOOPES GIVES ANNUAL REPORT

Continued from 1, column 2

**Vocational Work**  
Turning to vocational work, the Association and a great many of its individual members have a definite and substantial increase in actual employments to bespeak the success of the year's work. A good Alumni turnout for the April-vocational meetings and a good response to the annual listing of prospective employers brought about a jump in the number of employments. A good Alumni turnout for the April-vocational meetings and a good response to the annual listing of prospective employers brought about a jump in the number of employments. A good Alumni turnout for the April-vocational meetings and a good response to the annual listing of prospective employers brought about a jump in the number of employments.

Publicity work has carried along with no increase in success nor change in effort expended. The circulation of news items through the medium of the undergraduate Press Club has continued. The Radio Club has very greatly increased its activity, although lack of Alumni funds has decreased Alumni participation in this activity rather than increased it.

**Annual Luncheons**  
The regular Alumni events, requiring but a small proportion of the Secretary's time, have taken place in usual order, with average interest, which is greatly below the ambitions of the committees in charge. The Philadelphia bi-monthly luncheons and the combined District Alumni groups in New York, Baltimore, Pittsburgh, Boston and Chicago have been active.

In conclusion, your Secretary urges the development of what can and should be among your foremost hobbies: namely, promotion of the welfare of the college. It is within the possibilities of the office you have maintained to be an indispensable factor toward this end, and your continued interest and participation in the phases of the work which appeal to you individually will find the college at its Centenary just so much nearer the composite ideal of what it should be.

Respectfully submitted,  
John H. Hoopes,  
Executive Secretary.

Where two steam locomotives formerly pulled and strained to pull a 360-ton freight train up the steep slope of Maltrata incline, two electric locomotives haul a 600-ton train with power to spare.

## Electricity levels the Mountains

In Mexico, romantic land of pretty señoritas and languorous minstrelsy, practical American engineers have harnessed streams so that mountains may be leveled.

The winding thirty-mile Maltrata incline on the road from Vera Cruz to Mexico City is now electrified. Ten electric locomotives replace twenty-three steam engines. The electric haul twice the tonnage of the steam locomotives—and in half the time, with obvious benefits to traveler, railroad, and shipper.

Yet Maltrata is but an example of electrical progress. For electricity is conquering the grades of railroads and of industry alike, the world over.

Impressive, no doubt, but still modest when compared with the possibilities of electricity in years to come. And it remains for college-trained men, with trained capacity for initiative and leadership, to become ambassadors for further electrical conquests in foreign lands.

The General Electric Company required but eighteen months to electrify Maltrata incline—locomotives, power plant, transmission equipment complete. Enormous manufacturing facilities, backed by vast manufacturing facilities, has enabled G-E to serve humanity in many ways.  
A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet G-E-1.
