

ISSUE OF PERMIT FOR PUBLIC PERFORMANCES

State Refuses to Pass on Auditorium Despite Alterations SPRINKLER NECESSARY

The State of Pennsylvania has refused to issue a permit for the use of Roberts Hall for public performances and the fire underwriters have declined to grant the expected lower insurance rates...

When approximately \$35,000 was expended on alterations last year it was believed by the property owners that the new building would be classed with the professional theatres...

Installation of a sprinkler system will cost from \$10,000 to \$20,000 additional, but including last summer's alterations the total should not exceed \$35,000.

Negotiating With State Longenecker and Ewing, Philadelphia agents, are acting for the College in negotiations with the State and the underwriters.

ALUMNI GROUP TO MEET

On Saturday, May 7, the Alumni Advisory Committee will hold its annual conference at the Hotel, it is expected that the program, which is being prepared by B. G. Lester, '04, Secretary of the group, will duplicate those of previous meetings.

Alumni Ask Prompt Settlement of Coach Harman's Contract

State That Loss of Popular Football Mentor Would Be Calamity; Both President Comfort and Coach Silent

In an effort to inaugurate an active policy for bringing prompt settlement of contract differences between Harvey J. Harman, football coach, and the College administration, the play was presented under the name of the New York Haverton Society of which he is president.

"The New York Haverton Society at its recent annual meeting was alarmed to know that the new contract presented last fall to Coach Harman was still ungranted. The only hope of a feature of the situation was that negotiations have continued all these months without a positive refusal on either side.

"The New York alumni have no desire to write Coach Harman's contract, but they are unanimous in their demand that he and the College come to an agreement.

"Mr. Harman has made a remarkable impression on all in the metropolitan district on his visit to Philadelphia last fall. He is almost an ideal leader and teacher of young men.

"This letter is issued by the unnamed members of the New York Haverton Society to ask other alumni and the student body to take active steps to keep Coach Harman at Haverton."

Commenting on a letter, Mr. Williams stated that it had been drawn up as the result of action taken at the annual meeting of the New York Haverton Society held at the Columbia University Club in New York City last Friday.

FORMER INSTRUCTOR GETS POSITION AT HAMILTON

E. B. Graves, 19, Appointed Assistant Professor of History After spending last year in England where he was engaged in research work as a recipient of the Parker Traveling Fellowship at the Harvard University, Edgar Baldwin Graves, 19, has been appointed assistant professor of history at Hamilton College.

"Mr. Graves was an instructor in physics at Haverton for two years before he was appointed assistant professor in history, which he received in 1922. He then served in the same position at the University of Pennsylvania for three years, leaving that institution to accept a similar position at Hamilton College last fall.

'27 CLASS RECORD TO BE DISTRIBUTED ON JUNE 1

Novel Features of Senior Book Are Announced by Editor

June 1 has been set as the date for the distribution of the '27 Class Record, which will be a map of the College grounds and buildings done in mock imitation of a medieval geographical map. It will be adorned with large-scale illustrations of various buildings and points of particular interest on the campus.

WEAVER TO RETURN

Nice Contract Still in Doubt Due to Lack of Funds

According to Ralph Mellor, '90, president of the Cap and Bells Club, the contract for the new building is still in doubt. The club has been active for the last four or five years, but without doubt again during the club during the next season. Mr. Weaver, in addition to coaching the club, is also the instructor in the department of Princeton University and Hill School.

Classes to Elect New Council Members Thurs.

According to the requirements of the constitution, elections for the class representatives of the Cap and Bells Club will be held next Thursday, May 5. The Juniors will meet after supper at 7:30 o'clock in the gymnasium, while the class of '30 will meet in Chase Hall at 8:00 o'clock.

The following Thursday, elections will take place for the officers of the association every week later, May 19, the new officers will take over their duties.

COACHES COMPLETE HOSTESSES AND ORCHESTRA ARE SELECTED; MAY 13 IS HALF HOLIDAY

Plans for Junior Day on Friday, May 13, and for the Junior Prom, which will be the feature of the social and athletic program of May now complete, according to reports made by the committees in charge of arrangements.

All contracts for the dance have been awarded, the music will be furnished by Howard Lanin's Orchestra. Tentative arrangements for a new feature which the committee hopes to be able to introduce this year is a close with supper at 11:30 o'clock on the lawn between Founders Hall and the gymnasium.

Announcement of the selection of hostesses for the Junior Prom was made by J. T. Evans, '28, chairman of the Prom Committee. The hostesses will be Mrs. L. H. Rittenhouse, Mrs. A. H. Williams, Mrs. E. P. Snyder, Mrs. E. M. Fox, and Mrs. J. H. Evans.

It is generally understood that Coach Harman's failure to sign a contract for next year is not due so much to salary differences as to the fact that the College administration, Coach Harman said that he was going ahead with plans for a new practice, despite present unsettled conditions, stating that there had been no active work for some time in the department, but intimating that he expected that there would be probable changes in the staff for the next fall. What these changes would be, he declined to state.

ANCIENT BUILDINGS ARE UNCOVERED BY DR. GRANT

Haverton Professor, With Nasbeth Expedition, Reports Progress Excavation of a city extant before the time of the Hebrews as described in the Old Testament is progressing rapidly, according to a recent letter received by Mrs. Grant from Dr. E. L. Grant, professor of Biblical Literature, who is a member of the Nasbeth Expedition which is now doing archaeological work in Palestine.

The expedition has been favored with unusually good weather. Dr. Grant writes, having been halted in its work only two or three days by rain. The summer season was selected for the work, because, in Palestine it is almost totally without rain fall or winter.

JONES AND ROEDERLERN ELECTED TO HAVERTONIAN

Keen Competition Delays Elections Until Last Week

Due to the spirited rivalry between the candidates for editor and business manager of the Havertonian, the election of circulation manager of the Havertonian was delayed until last week. Martin Jones, '29, was elected, and at the same time John Roederlern, '29, was elected to the position of business manager.

ALUMNI HONOR PRESIDENT

Dr. W. W. Comfort will be the guest of honor at a luncheon to be given by the Alumni Association on Monday, May 9, at 12:30 P. M., in honor of his 50th birthday.

BEATTY, '28, ILL WITH BRONCHIAL PNEUMONIA

Condition Improved; Will Probably Be Well in a Week

J. C. Beatty, '28, who has been confined to college infirmary since April 19 with an attack of bronchial pneumonia, is in a somewhat improved condition at present, it was announced yesterday. Although it is impossible to predict the time for his recovery, it is expected that he will be able to return to the classes in a few days.

CAP AND BELLS GIVES SUCCESSFUL HOME PLAY

600 Crowd Roberts Hall for Dramatic Entertainment

Approximately 600 persons crowded Roberts Hall last Friday evening to witness the annual home play of the dramatic season, the home presentation of the Cap and Bells Club play, "The Hottentot". After the play, 200 couples remained for the dance given in the gymnasium.

Harry Taylor's ten-piece Orchestra furnished the music for the dance, a program affair, consisting of ten dances. The same orchestra also played at the dance which followed the Home Concert on March 25.

TWO TEENAGERS CHOSEN FOR NEW Y. CABINET

Robinson Expects to Call First Meeting Early This Week

Appointment of four members of the present Sophomore class and two members of the present Junior class to the new cabinet for 1927-28 was announced last week by C. A. Robinson, '28, recently elected president of the College Association.

## The Elements' Rage

Hundreds of thousands homeless, lives indiscriminate of age or sex being taken every moment, irreparable damage to property, and the raging, seething waters of the treacherous Mississippi move on, carrying death and destruction ever before them. This is the primary situation facing the United States today. The blasting of the levee, to save New Orleans, and the consequent flooding of the lands of isolated fishermen and trappers have scarcely alleviated the situation. The waters are rising and the inhabitants are fleeing for their lives before the oncoming torrent of destruction. During the winter of 1862 and '63 the inhabitants of Vicksburg held out with indescribable bravery against the Northern invader. Today the inhabitants are again besieged, this time not by any force of man, because of differing opinions, but by an act of God.

Secretary Hoover has stated that the situation is serious and the worst has not yet come. What human help they can bestow the Government and the Red Cross are giving. The minimum quota of \$5,000,000, set by the Red Cross, is undersubscribed by a million dollars. Was the time not come for every citizen of the United States to aid in palliating to whatever degree possible the sufferings of fellow Americans?

Coincident with the Charity Drive, the Haverford Y. M. C. A. pledged not to ask for money for any other cause during the College year, and the Cabinet has believed itself bound to abide by that statement. It seems clearly evident that no pledge should be given without thought for the future. We would not stand by and watch a fellow neighbor's house burn without fighting the flames. An emergency has arrived and the natural medium for giving relief has its hands tied. Obviously, the Y. M. C. A. must rise to meet the crisis by special dispensation from the student body, or some other student organization must face the catastrophe.

There is but one force in nature that can give help to these people in need and sorrow—and that is Humanity. Mr. Hoover has praised the bravery of the people of the South. The reserve inherent in men to rise to meet disaster has not deserted them. "Aye, other men have ill luck, too." What are we going to do about it?

## The Unsigned Contract

The student body, together with the New York Alumni, is beginning to wonder why the contract for next season of Harvey Harman as football coach has not been signed. The whole matter appears to be cloaked in mystery as neither President Comfort nor Mr. Harman has said anything officially in regard to the matter.

Despite Coach Harman's record of six consecutive victories in seven starts last fall he has not yet been signed to guide the football destinies of Haverford for next season.

Close acquaintances of Harvey Harman know that he has been unflinching in his loyalty to the College and that he has preferred to remain at Haverford with considerable personal sacrifice when opportunities to advance to more promising positions in other institutions have been tendered him. In view of this fact, it must be admitted that it would not be consistent with the character of the coach, who has with him the unqualified support of a majority of the alumni and the undergraduate body, to refuse to renew his contract on account of a mere financial disagreement with the College.

The knowledge of these facts forces the conclusion that if Coach Harman wants to stay at Haverford and both the alumni and undergraduates want him to remain as the College football coach, only the refusal of the powers that be to permit him a free hand in the administration of the football department or to offer him a chance for advancement in the academic department, could possibly account for his failure to sign a new contract to coach at Haverford.

It is the sincere wish of the student body that the differences between Mr. Harman and the College be settled at the earliest possible date. The prospects for next year's football season are unparalleled in the history of the College and the team feels that its chances of success would be ineffectually diminished by the loss of Harvey J. Harman.

## Haverfordians Sing in Orpheus Club Concert

Three Haverford Alumni took prominent parts in the 1927 Private Concert by the Orpheus Club given before a large audience in the Academy of Music on Wednesday, April 27.

Dr. James M. F. Carpenter, '12, baritone, was the soloist of the evening, and presented a group of songs, including "Omnipotence of God" by Handel, "Cantata de Cans," an Asturian folksong, arranged by Pinedo, "The Mountains," "King David's Christmas," and was one of a quartet to sing a group of negro spirituals and selections.

## CAMPUS CLUB PUBLISHES ANNUAL REPORT OF WORK

Dr. Wilson, Secretary, Gives Financial Account and Tells of Plans

Dr. Wilson, secretary-treasurer of the Campus Club, issued on Saturday a report of the club's activity during the past year, accompanied by a financial statement which showed a deficit for the first time in the twenty-five years of its existence. This was laid chiefly to the extensive programme which has been undertaken and carried out along lines of sprucing and transplanting trees and shrubbery. The spraying, especially was pointed out as an item which in recent years had become too great to be properly executed on the slender resources of the club.

The club was called to the work of removing some of the flowers from a memorial garden in order to plant more flowers and shrubs. It has been sufficiently advanced by the middle of the year to warrant it a meeting of the entire club may then be called by the executive committee for the purpose of inspection, it has been announced.

## COMMENT

Some of the less optimistic members of the Student body have been in a state of consternation in regard to foretelling weather because of certain situations attendant upon the Junior Prom . . . Friday the thirteenth; thirteen pieces in the orchestra; thirteen dances before the intermission; two tickets each thirteen dollars. . . The odds seem to be in M. Pluvius.

We wonder who the freshmen is that thinks the "Hottentot" is horsey.

The Philadelphia Inquirer for Sunday states that in the special race between Penn and Swarthmore held at the Relay Saturday, Haverford finished second.

## Concerning the Diploma

New Haven, Conn., April 29, 1927. The News. Dear Ed. I amately upon reading the statement reprinted from a private letter that a Haverford man here valued his degree commercially at 72c. I interviewed him and have learned the following interesting facts. . .

What of American Expeles? (By New Student Service) Has the United States distinguished kicked-out-of-college list? Oxford today reveals the names of Shaker, John Leake, John L. Linn, Edward Gibson and Walter Savage Landor. . .

Alumni Notes '81 William A. Blair will represent Haverford at the seventh-fifti anniversary of Catawba College, Salisbury, N. C. . .

'04 Samuel C. Withes has transferred from Evander Childs High School, New York, where it will be told whether the fault was principally the actor's or the director's. . .

'21 John D. Miller is teaching school in . . .

'22 William H. MacCallum is in the radio business and is connected with the . . .

'22 Edward J. Thompson is established as a lawyer at Philadelphia. . .

'22 Frederick S. Miller is associated with his brother, Charles, '08, as attorney . . .

OUR ADVERTISERS DESERVE YOUR PATRONAGE

WEEKLY DATA FROM MONROE'S STORES IN ROBERTS' COLLECTION

Famous Signatures Owned by College Worth Large Sums of Money

MONROE LETTER PRIZED

Thousands of letters and documents stored in Roberts Hall and guarded by two fire-proof rooms with iron doors and windows and three-foot walls, bring daily a constant stream of letters asking for historical and biographical information contained only in Charles Roberts' Autograph Collection, according to Professor Rayner W. Kelsey, curator.

Transcripts and photographs of these treasures, signed by scientists, authors, scientists, royalty, religious leaders and countless others from every country and every walk of life, are sent to inquiring research-workers everywhere. Books appear frequently which cite documents in the Haverford collection as authorities, Dr. Kelsey said.

A letter written from Valley Forge in the cold winter of '76 by George Washington in his own hand and complaining of "the unconquerable desire of the officers of this army to be absent from camp, as every day exhibits," is one of the prize possessions of the collection. It is on display in the general exhibit room in Roberts Hall.

Gwinnett Signature Held in High Esteem. Copies of at least one signature of every signer of the Declaration of Independence fill two boxes on the covers of cabinet-shelves in the fifteen-foot-square inner vault. One of these is the \$20,000 Button Gwinnett signature described in a recent issue of the News. As is necessary with many of the older autographs, this creased, yellow document is preserved between two sheets of glass.

The collection is the gift of Lucy B. Roberts, wife of its collector, the late Charles Roberts, who many years a manager of the College. It was presented in 1902, and when Roberts Hall was given the following year, it was with the understanding that part of it should be used to house the collection.

Secret Code Letter. A letter from one Livingston and James Monroe to the State Department at Washington, written in 1808, in secret code and describing the consumption of the Louisiana purchase, is another of the highly prized documents in the collection. This letter has been translated between the lines of the State Department.

CHILD STUDY SPONSORS CONSIDER FUTURE SERIES

Average Attendance of 500 Marked Success of Recent Lectures

According to Dr. Frank D. Watson, professor of Sociology at Haverford, who has been instrumental in securing Roberts Hall for the recent series of Child Study Lectures delivered at the College, a similar course planned for next year provided that there is sufficient demand for it. The past series consisting of four lectures, was given at Haverford every other Wednesday afternoon, beginning February 10.

The second talk on "The Psychology of the Child" delivered in Philadelphia on the evening of Feb. 10, attracted an average attendance of over 500 marked the success of their presentation at Haverford.

Under the auspices of the Main Line Parents' and Educators' Committee and the Parents' Council of Philadelphia, four speakers were secured, noted in the following order: Dr. Ernest R. Groves, professor of Social Psychology at Boston University, author of several books on the subject was the first speaker. The second talk was given by Dr. Clarence A. Patterson, head of the Psychology Department of the Child Clinic department of the Polytechnic Institute at Philadelphia, and connected with the University of Pennsylvania Medical School.

Dr. Benjamin C. Greenburg, prominent biologist, sex, and child study expert, who has been selected by the United States Bureau of Public Education to inaugurate sex education in the schools and colleges of the country, was the third lecturer. As a climax to the series, Dr. Alfred Adler, of Vienna, gave the fourth talk on "The Psychology of the Child."

Dr. Adler has been giving the same lecture at Oxford and Cambridge in the colleges and universities in this country.

SWAN AND RUDIEMER GIVE CLASSICAL RECITAL HERE

Brahms, Beethoven and Mendelssohn Numbers Presented. Brahms' Sonata in E Minor, and Beethoven's Sonata in G, with Mendelssohn's "Lieder ohne Worte" as an encore to the former number, made up the program of the recital given by Alfred J. Swan, lecturer in music, and Frits Ruediger, German exchange student and cellist, at a recital given in Roberts Hall last Tuesday evening at 8:15 o'clock.

The recital was preceded by a brief lecture on the life of Beethoven by Mr. Swan. He emphasized the three German periods in the life of the great composer, stressing the decline of form and the increase in romantic character in his life. The Beethoven data was a work of the earlier part of that composer's life.

The sonata by Brahms consisted of a pastoral, a minuet and a fugue. The entire program, coming in the 150th anniversary year of Beethoven's birth, was of exceptional interest to those in attendance.

While Stevenson and Parrish Studied

Handwritten mathematical notes and diagrams, including equations like 'PX \* XQ = P^2 V X^2 (II.5)' and 'PV^2 = 2W^2', and a portrait of a man.

NEWLY ACQUIRED NOTEBOOK PLACED IN LIBRARY

At the top is shown how Max Parrish, '92, illuminated one of his chemistry "experiments" with water color or humoresque, forerunner of his "Old King Cole," if not of better known frescoes. At the lower left is a reproduced page of Stevenson's geometry notebook, used while the author was student at the University of Edinburgh.

The notebook is a recent gift from Gabriel Wells, of New York, through Christopher Morley, '10, and A. Edward Newton. An experiment in rhyme is found at the top: "crum flam Abraham, whim-wham tram clam."

The upper portrait is of Parrish, and the lower of Stevenson. Courtesy of The Evening Bulletin.

REITZEL ADDRESSES ENG. CLUB ON FAMILIAR VERSE

Prior and Swift Dealt With; Carr to Speak at Next Meeting

William A. Reitzel, '22, instructor in English, lectured before the English Club on "Familiar Verse of the Eighteenth Century," at a meeting held in the Union last Wednesday evening. In his address, Mr. Reitzel made special reference to Matthew Prior and Jonathan Swift, reading selections from their poetry. References were served after the meeting.

J. D. Carr, '29, will be the principal speaker at the next meeting of the club, which will probably be held within the next two weeks, although no date has been definitely fixed as yet. Carr will interpret some of his own poetry.

NEWS TO SEND DELEGATES

Horton, Hedley and Murphy Will Represent Paper at Leigh

A. P. Horton, Jr., '28, editor-in-chief of the News; D. H. Hedley, '29, managing editor, and H. S. Murphy, Jr., '28, business manager, will represent the News at the annual convention of the Intercollegiate Newspaper Association of the Middle Atlantic States. The convention will be held at Leigh University on May 13 and 14.

In addition to the election of officers for the coming year and the transaction of other important business, a series of talks by experienced newspaper editors will be given to the members of the college journalism. Last year the convention was held at Swarthmore and was pronounced a great success from both a journalistic and a social standpoint.

HAVERFORDIAN WILL RUN FOR BRITISH PARLIAMENT

John Barlow, Ex-'19, Asked to Represent Two Constituencies

Joseph Denman Barlow, ex-'19, the eldest son of Sir John Emmot Barlow, Bart., of Bradwell Hall, Cheshire, England, has recently been asked by two different districts in England to be their candidate for the House of Commons in the coming Parliamentary elections. Barlow entered Haverford in 1915 and left in December, 1918, to join in the reconstruction work in Europe with the American Friends' Relief Service. At college he received his letter in soccer for three years, and in cricket for one year, being elected captain of that sport in 1918. During his junior year he was manager of the cricket team and was a member of Beta Rho Sigma.

His father was formerly a pacifist member of the House of Commons, and is head of an export firm, with offices in London and Manchester. John Barlow is connected with the Manchester office.

Lady Barlow was defeated in the last election for Parliament on the Liberal ticket. A younger brother, Thomas Barlow, ex-'21, is connected with the London office of his father's firm.

INTER-CLASS DEBATES WILL BE HELD MAY 24

Sophomore-Freshman Contest Will Precede Senior-Junior Affair

Tuesday, May 24, has been selected as the date of the annual inter-class debates: the Sophomore-Freshman debate for the Everett Society medal at 8 o'clock and the Senior-Junior debate for the Alumni Prize at 9 o'clock. As these debates are officially conducted competitions for college prizes, they do not fall under the jurisdiction of the Debating Council, but rather under that of the Faculty. Dr. E. D. Snyder, associate professor of English, is in charge, and will be assisted by various members of the alumni.

During this week there will be competitions open to all Seniors and Juniors for their respective teams, and during the coming week similar competitions for the Sophomore and Freshman teams. The details of these try-outs will be announced in Collection and posted on the bulletin boards.

Everett Debate Extempore team. The Everett Society contest is somewhat extemporaneous, with the subject announced not more than twenty-four hours in advance, and three members speaking on each team. The contest for the upperclassmen is of a much more formal nature. The subject is announced several weeks in advance and there are only two speakers on each side. The winning of this contest is regarded by many friends of the college as the greatest of undergraduate honors.

E. D. Hollander, '28, received the Everett Society Medal for industrial excellence in last year's Sophomore-Freshman debate Tuesday morning in Collection. At the same time Dr. Comfort presented watch fobs indicative of membership in the winning team to Hollander and his two team-mates, D. W. Richie and J. Q. Hunsticker.

DIESEL ENGINE DEVELOPED BY DECEASED ALUMNUS

William Goodman, '95, was V. President of Worthington Pump and Machinery Corporation. The death of William Goodman, '95, which was recorded in the previous issue of the News is significant as the passing away of a leader in his profession. It was under his supervision as manager of the manufacturing department of the Worthington Pump and Machinery Corporation, that the company developed the new double-acting Diesel engine, which the United States Shipping Board adopted recently for use on its ships. The feather valve air compressor and other engineering devices were also developed under his direction.

Aside from his professional career, Mr. Goodman served in two wars. He was active duty in the Spanish-American War as an ensign in the Navy. During the late World War, he was placed in charge of manufacturing munitions at the Worthington plant, at Hazelton, Pa.

He was born in Cincinnati fifty-two years ago. After entering the engineering department of the Laidlow, Duncan and Gordon Company of Cincinnati, he was made general manager of the Cincinnati branch of the Worthington corporation when that concern absorbed the former. In 1918 he was transferred to New York as assistant to the vice president, and four years later became vice president.

POLEY, '12, AT HARVARD. In an announcement of courses in the Teaching of English offered by Harvard University in its summer school, Irvin C. Poley, '12, is listed among those who will conduct English classes in the Senior High School. Mr. Poley, who is assistant head master of Germantown Friends' School, is also teacher of English and French.

SHREDDED WHEAT MAKE IT A DAILY HABIT

# HAVERFORD HAS DEFEATED DELAWARE 12 CONSECUTIVE TIMES IN TWO YEARS

## Blue and Gold Has Not Registered Triumph Since Baseball Game in Spring of 1925

Haverford's overwhelming defeat of Delaware in the football game caused us somewhat of a brainstorm. We scratched and scratched our heads, but just now we just could not seem to remember how long ago it was since Delaware had triumphed over a Haverford team. In fact, it was so long ago that we had to dig through the old records, until suddenly we came across a box score of a baseball game played in May, 1925.

In the run column the Scarlet and Black had a 1. Their opponents had two 1's, one in front of the other. The magic number was 11. Delaware defeated Haverford 11 to 1! It was the only defeat the Blue and Gold inflicted on the Quakers in that sport since the big juicy five in the error column of that terrible box score seemed to indicate that the game had been played on a silver platter.

The tennis team scored an easy 5-1 triumph. The trackmen registered 97-29 win. In the fall of 1925, the football results was 20-0.

**Eight Victories in 1926**

Then along came 1926, in which Haverford won eight contests from Delaware. The Blue and Gold succeeded twice in basketball and once in tennis. The tennis team repeated its 1925 triumph by the same figures, 5-1. The track score was even more one-sided, 105-21. Kingham hurled the baseball team to a pair of victories, 6-1 and 6-1.

Last fall the little quiet town of Newark was the scene of a football season as the day for the annual football struggle approached. Great things had been expected for Haverford's string of successes. Although the Blue and Gold succeeding in

crossing the Haverford goal line for the first time since the season's opening game, the Scarlet and Black grid machine emerged with another triumph. This time it was 27-6.

Thus far in 1927 the basketball and track teams have run the streak up to even... dozen. Twelve consecutive triumphs over a period of two years in every branch of sports is a grand record! The dribblers registered a 38-28 win, and the track totals last Tuesday were 103-24, 50-14.

**Haverford-Swarthmore**

It might be interesting to compare the records of Haverford-Delaware athletic contests, with those of Haverford-Swarthmore. Over the same stretch of time (i. e. from January, 1925) the Garnet, 4-1, and Hales a basketball quintette has triumphed twice, also by the same scores, 33-30. Looks as if 4-1 for the Scarlet and Black is a grand record of thirteen times suffering only two reverses.

The outstanding Swarthmore victories are a 10-13 football game, and a 2-11 baseball game. McFete's soccer men have crushed the Garnet twice by the same score, 4-1, and Hales a basketball quintette has triumphed twice, also by the same scores, 33-30. Looks as if 4-1 for the Scarlet and Black is a grand record of thirteen times suffering only two reverses.

Some of the memorably close calls have been a 5-4 diamond win for Swarthmore, a 64-60 track meet, a 4-3 let and Black, while the other was not played on account of the inclemency of the weather. The racket-wielders lost their match with Wesleyan by the narrow margin of 3-2, and were all defeated by the Rutgers outfit at New Brunswick. The match with Columbia was not played officially, due to rain, but an informal set of practice matches was played indoors in the Columbia gymnasium.

The Wesleyan match was one of the most exciting and closest that has been played by any Haverford team in recent years. In the singles matches, of which there were five, the home team won three and Haverford two, Captain Lester and Evans winning the first set and Black. The last mentioned pair also won the first doubles, thereby tying the match score at two all. After this was over, the deciding sets of the day were begun, with Webster and Cary representing Haverford, and Hartsel and Rider playing for Wesleyan. The Scarlet and Black men won in a match score of 6-2, but the second set after hard playing, by the score of 7-5. With the day depending on the final match, both teams were at their best and staged a magnificent battle. Webster and Cary finally losing by 10-7.

### Wins Twice

## WILLIAM L. LESTER Captain of the Tennis Team, Who Won His Match Against Hartsel, Wesleyan's First Singles Player, 7-5; 6-2, on Saturday. Paired with Evans, he also was triumphant in doubles.

**COURTMEN LOSE CLOSE MATCH TO WESLEYAN**

Result Decided When Webster and Cary Drop Three-Set Battle

Of the three tennis matches scheduled to be played by Haverford last week, two resulted in defeats for the Scarlet and Black, while the other was not played on account of the inclemency of the weather. The racket-wielders lost their match with Wesleyan by the narrow margin of 3-2, and were all defeated by the Rutgers outfit at New Brunswick. The match with Columbia was not played officially, due to rain, but an informal set of practice matches was played indoors in the Columbia gymnasium.

**SHUTTLE RELAY TEAM SHOWS UP WELL AGAINST PENN AND CAMBRIDGE**

Haverford College's relay and shuttle relay teams were unable to place in the Penn Relays held last Saturday on Franklin Field due to a mix-up in the scheduled time for one race and the superior teams against which they were pitted in the other. Thomas' leap of 29 feet, 6 inches failed to give him a place in the broad jump.

The Middle Atlantic States Class B mile relay race was scheduled for event 87, but due to an error, it was run later in the afternoon. In Swarthmore men were aware of it and in order to make up for this oversight, the officials agreed to run a special mile relay between the two ancient and traditional rivals.

**Middletown Runs Well**

Middletown, running first for Haverford, ran a beautiful race, but was unable to keep its early lead over Maxwell and lost out on the home stretch. Richardson and Heller could not hold their own against the Swarthmore men, while Datum, running anchor man for the Main Liners, picked up a little, but could not equal Datum, the speedy Garnet sprinter, who took last hundred yards in leisurely fashion.

The Scarlet and Black went outside of its class in the shuttle relay race when it went up against Penn and Cambridge. At no time in the race was a Haverford man able to lead the field, although the team's time was excellent. Richardson and McConaghy ran before the Haverford and Cambridge relay was unable to equal Cambridge's star stick-man, Lord Burghley, looking to break the Saturday record. The Haverford College record for this event is 11' 9" and was made in the 1925 Saturday race. The Scarlet and Black captain barely failed to clear the bar at 12' on his last trial.

## INTER-CLASS MEET TO BE HELD ON SATURDAY

**Juniors Are Favored to Win Annual Competition on Walton Field**

The Annual Interclass Track Meet will be held on Walton Field next Saturday at 2:30, and will witness several interesting struggles between team-mates of the Haverford varsity, as everyone will be eligible for competition in the class of 1925, which finished second to '26 last year, seems to be the favorite to win this year's crown, while '29, which tied with the present senior class for third place last year, has a bit of an edge on the other two classes, though not picked to win the meet.

The Seniors have a valuable all-around man in Captain Hoskins, and he should be able to pick up quite a few points for his class. Fowler and Hatherford, too, should score a number between them. The Seniors should also place in the two-mile run with Bayles in the competition, although the Juniors ought to win the other two places with White and Davis. McConaghy, Richardson, Thomas and Datum can be counted on to score a number of points for the favorites, while Flint should give Swan quite a fight in the javelin, and might place in the 440, in which he took second last year.

**Esauworth Sure Winner**

For the Sophomore workhorses in the dashes and lawline in the half-mile should see like sure winners. Sykes should pick up a number of points in the 200 and 400, and will probably finish second to Captain Hoskins in the mile. The 800 and 1600 should not experience much difficulty in winning his race, while Test also is a sure winner in the 3200. The 5000 and 10000 are only tentative and the dates may be changed at the last moment. The 2000 and 4000 will be played on Saturday and Wednesday evenings, and the Elizabeth kickers will be played on Saturday. These matches will both be played on the Haverford crease.

Both games scheduled for this week are only tentative and the dates may be changed at the last moment. The 2000 and 4000 will be played on Saturday and Wednesday evenings, and the Elizabeth kickers will be played on Saturday. These matches will both be played on the Haverford crease.

**HAVERFORD FOOTBALL MEN IN TWILIGHT PRACTICES**

Morris and Kingham Show Up Well in Bi-Weekly Workouts

Spring football practice has been put into full swing during the past two weeks on Walton Field. Practice is called every afternoon, Tuesday and Thursday for the purpose of running the drills and letting the players become thoroughly acquainted with the changes in the rules enacted by the Rules Committee.

Touch football was instituted last Thursday in order to try out the new rule regarding front passing and in securing an adequate defense for it. This practice also did some work with Morris and Kingham showing up particularly well. The former got some long spirals that showed that he has not lost the art of punting which gave Haverford many breaks last season, while the ex-Hair Academy star proved to the coaches that he can be relied upon to kick in case of an emergency.

As Haverford loses but four regulars through graduation, the outlook for the prospects for another successful season is very favorable. Coach Harman has declared every position open in order to make each man fight for a place.

### TENNIS TEAM TO MEET WESTERN MARYLAND

Stevens and Washington and Lee Also Scheduled for This Week

With a record of four victories and two defeats as its season's total to date, the Haverford College tennis team will endeavor to extend its victories to seven this week when it meets Western Maryland, Stevens, and Washington and Lee. Western Maryland will be met at College Park, while the other two will be played on the Haverford courts.

Western Maryland has played but one match to date although it had scheduled three. North Carolina and Virginia Polytechnical Institute were obliged to cancel their matches due to rain, while Westminster was decisively defeated last Saturday by the score of 6-3. This victory for the College Park athletes proved that they have a combination that will be hard to beat if the Main Liners continue to display the brand of tennis that they have been playing during the past week.

Stevens, which was defeated two ago 5-1 by the Scarlet and Black, has been in the same situation as Western Maryland in the matches that they have played. New York University, which was defeated 4-1, stepped into the breach and handled E. Stuppel in brilliant style for the rest of the game. Much will depend on the way he manages Kingham on Wednesday.

Last year the Osteopathy diamond men were defeated 10-6, and there is an unusual amount of interest in the match which will be turned in the contest this week as the Scarlet and Black has an even stronger team this season than last.

The game with New York University on Saturday will be one of the hardest and most important of the entire season. The New Yorkers have a powerful ball club as usual. On Saturday they finally succeeded to Fordham 5-4 after a grueling battle. A team that can force Fordham to fight to the last ditch must be taken seriously as the latter college had acknowledged in the past two best teams in the country last season. The Haverford nine, however, will be considerably strengthened by the return of A. Stuppel to the line-up. E. Stuppel, who has hurried back to school, will be played in a top-up, and the team which presents the best best net on top.

**ELIZABETH XI ON CREASE**

Postponed British Officers Corps Match Also to Be Played

The cricket team will probably swing into action again this week, playing two matches. The game last Saturday with the British Officers Corps was postponed due to inclement weather.

Both games scheduled for this week are only tentative and the dates may be changed at the last moment. The 2000 and 4000 will be played on Saturday and Wednesday evenings, and the Elizabeth kickers will be played on Saturday. These matches will both be played on the Haverford crease.

**SPRING FOOTBALL**

Practice Will Be Held on Tuesday and Wednesday

Tuesday and Wednesday are the two days set by Coach Harman for spring football practice this week. Previously, Thursday has been the second night on the schedule. The same exercise as usual will be run through, including punting and some signal practice, with a bit of "touch" football to prepare the men for next year's open style of game, with its lateral pass ruling. There will also be one set of goal posts set up on the field, so that the drop and place kickers may limber up the best. It is one of the new rulings that the goal posts shall be set ten yards back of the goal line, and this will be attended to.

### BASEBALL TEAM PLAYS N. Y. U. ON SATURDAY

A. Stuppel Will Return to Line-up; Osteopathy on Wednesday

The Scarlet and Black baseball nine, after a week of inactivity on account of the cancellation of contests with Textile and Dickinson, due to rain, will face osteopathy on Wednesday. On Saturday they will line up against the formidable New York University aggregation in New York.

The last contest played by the Haverford team was encouraging as it put up an air-tight defense combined with excellent pitching, and the result was a clear-cut victory over Stevens. However, the team has suffered from lack of practice during the past week and their showing in the coming games will depend a great deal on how quickly Coach Hales can whip the team into form again.

Kingham will probably be assigned to mound duty on Wednesday, while Dunham will be on the receiving end as A. Stuppel had a finger badly hurt early in the Stevens game. Dunham stepped into the breach and handled E. Stuppel in brilliant style for the rest of the game. Much will depend on the way he manages Kingham on Wednesday.

Last year the Osteopathy diamond men were defeated 10-6, and there is an unusual amount of interest in the match which will be turned in the contest this week as the Scarlet and Black has an even stronger team this season than last.

**ST. LUKE'S VS. EPISCOPAL**

On Wednesday, May 18, St. Luke's and Episcopal will stage their annual track meet in the Inter-academic League grounds in Haverford track. St. Luke's probably enters a favorite, in the running events, due to its showing in the Penn Relays.

### SOCCER MEET WITH PRINCETON AND PENN

Cornell, Lehigh and Swarthmore Also Appear in 1927 Schedule

The chief attraction of the Haverford soccer season will be a home game with Princeton on October 29. The schedule, as released by Manager Hatherford, will contain ten games, seven of which are already carded. The three in doubt are Crescent A. C., Englewood Field Club and Penn State.

The management plans to have the Scarlet and Black boaters take a trip to New York during the Thanksgiving recess. The plan will be to have the recent dribblers on Thanksgiving Day, and with the Englewood aggregation on the following Saturday. Penn State, which has never been met by Haverford, is planned for the Saturday trip, and the Main Liners hope to get a game with the Up-Staters.

The season opens on October 1 on the annual Alumni game, which is held on the following Saturday, October 8, the team travels to Easton and meets the Lafayette booters. The twenty-second of October marks the annual battle with Swarthmore. It will be played on the Garnet field for the first time. Princeton comes to Haverford on October 29, to help or to break the tie that has existed between the two for the last three seasons.

**Lehigh on '88 Field**

Lehigh is played on '88 field on the following Saturday, November 5, while Penn will be met on River Field on November 12. The latter game will be hard-fought, as the two schools will be expected to average the stinging defeat that the Haverford dribblers admitted to in the previous season. The Cornell game, at Ithica on November 19, will close the Scarlet and Black season in the Thanksgiving trip is not clinched. The Main Liners hope to keep the undefeated record that was started last October intact, and there will be only three men lost by graduation the prospects are all in favor of it.

The schedule (incomplete):  
Alumni, October 1, home.  
Swarthmore, October 8, away.  
Open, October 15, home.  
Swarthmore, October 22, away.  
Princeton, October 29, home.  
Lehigh, November 5, home.  
Penn, November 12, away.  
Cornell, November 19, away.

### WINS TWICE

**WILLIAM L. LESTER**  
Captain of the tennis team, who won his match against Hartsel, Wesleyan's first singles player, 7-5; 6-2, on Saturday. Paired with Evans, he also was triumphant in doubles.

### COURTMEN LOSE CLOSE MATCH TO WESLEYAN

Result Decided When Webster and Cary Drop Three-Set Battle

Of the three tennis matches scheduled to be played by Haverford last week, two resulted in defeats for the Scarlet and Black, while the other was not played on account of the inclemency of the weather. The racket-wielders lost their match with Wesleyan by the narrow margin of 3-2, and were all defeated by the Rutgers outfit at New Brunswick. The match with Columbia was not played officially, due to rain, but an informal set of practice matches was played indoors in the Columbia gymnasium.

The Wesleyan match was one of the most exciting and closest that has been played by any Haverford team in recent years. In the singles matches, of which there were five, the home team won three and Haverford two, Captain Lester and Evans winning the first set and Black. The last mentioned pair also won the first doubles, thereby tying the match score at two all. After this was over, the deciding sets of the day were begun, with Webster and Cary representing Haverford, and Hartsel and Rider playing for Wesleyan. The Scarlet and Black men won in a match score of 6-2, but the second set after hard playing, by the score of 7-5. With the day depending on the final match, both teams were at their best and staged a magnificent battle. Webster and Cary finally losing by 10-7.

### J. V. COURTMAN TO MEET ST. JOSEPH'S SATURDAY

Should Offer Stiff Opposition; Played Varsity Last Year

On Saturday, May 7, the Haverford Junior Varsity tennis team will meet its third opponent of the current season in the match with St. Joseph's, at the home courts.

Last year St. Joseph's appeared on the varsity schedule, but was defeated. Facing the Jayvees this year because of a completed varsity schedule, they should present a strong lineup which will test the ability of the Scarlet and Black courtmen. Johnson and Cary, playing first and second singles, should have little trouble winning their matches, but the fate of either Haverford-raquet wielder is rather doubtful because of the strength of the opponent. Koedelheim, Eves, Westerman and Maier will fill the other places in the singles, probably in the order named, while Johnson and Johnson should win the first doubles, the Scarlet and Black dut presenting a type of game extremely difficult to beat. Maier and Westerman should fare better than they did at George School, where they were easily defeated.

After this was over, the deciding sets of the day were begun, with Webster and Cary representing Haverford, and Hartsel and Rider playing for Wesleyan. The Scarlet and Black men won in a match score of 6-2, but the second set after hard playing, by the score of 7-5. With the day depending on the final match, both teams were at their best and staged a magnificent battle. Webster and Cary finally losing by 10-7.

### J. V. COURTMAN TO MEET ST. JOSEPH'S SATURDAY

Should Offer Stiff Opposition; Played Varsity Last Year

On Saturday, May 7, the Haverford Junior Varsity tennis team will meet its third opponent of the current season in the match with St. Joseph's, at the home courts.

Last year St. Joseph's appeared on the varsity schedule, but was defeated. Facing the Jayvees this year because of a completed varsity schedule, they should present a strong lineup which will test the ability of the Scarlet and Black courtmen. Johnson and Cary, playing first and second singles, should have little trouble winning their matches, but the fate of either Haverford-raquet wielder is rather doubtful because of the strength of the opponent. Koedelheim, Eves, Westerman and Maier will fill the other places in the singles, probably in the order named, while Johnson and Johnson should win the first doubles, the Scarlet and Black dut presenting a type of game extremely difficult to beat. Maier and Westerman should fare better than they did at George School, where they were easily defeated.

### THE SCARLET ROSES MORRIS IS AGAIN HIGH SCORER AS VARSITY RUNNERS SWAMP BLUE AND GOLD

For the third successive season, Haverford's track team has re-established Coach Frank Frothinger's Delaware University squad, defeating them last Tuesday on Union Field. The team's record in 1926, to 23-4. Delaware succeeded in taking only two first place prizes and one second, while Haverford made a clean sweep in six of the fourteen events. There was a strong wind effect on the field events.

Morris was again high scorer of the meet with his usual ten points, garnered in the shot-put and discus. Ensworth won the hundred in a close finish after getting away to a poor start. He did not compete in the 220. Skyles was second in the scoring with 8 1/2 points in the broad jump, while Skyles, with 8 points, was high man for the losers. His team being the heavy favorite, Coach Middleton gave some of his regulars a rest and gave the second-string men their first varsity starts.

**Tripp Wins Broad Jump**  
None of the results were remarkable, but Tripp's leap of 21 feet, 8 inches, in winning the broad jump, is a special mention, as does Whittelsey's time of 10 minutes in the mile run, and the two mile run. Since the visitors had no high hurdlers, the 120 race was won in 2:29. The 100 yard race was a close finish, the Scarlet and Black made a clean sweep in both events, without the aid of their stringers, Skyles winning the shorter race and Sargent the other. Delaware's outstanding performance was given by Carter who won the javelin with a throw of 103 feet.

**The Summaries:**  
100-yards dash—Won by Ensworth (H); second, Skyles (D); third, Bowler (H). Time—1:3.5 seconds.  
200-yards dash—Won by Skyles (H); second, Skyles (D); third, Skyles (H). Time—3:10.  
Pole vault—Won by Skyles (H); second, Skyles (D); third, Skyles (H). Time—10 ft. 6 in.  
Shot—Won by Morris (H); second, Fowler (H); third, Rutherford (H). Distance—42 ft. 6 in.  
Discus—Won by Whittelsey (H); second, Davis (H); third, Jones (H). Time—10 min. 58 sec.  
Broad jump—Won by Skyles (H); second, Skyles (D); third, Skyles (H). Distance—21 ft. 8 in.  
High jump—Won by first between Richardson (H) and Kirsh (D); tie for third with Skyles (H). Height—5 ft. 8 in.  
440-yard dash—Won by Middleton (D); second, Tate (H); third, Skyles (H). Time—1:55.5 seconds.  
880-yard dash—Won by Wright (H); second, Rutherford (H); third, Hodges (D). Time—3:55.5 seconds.  
1-mile dash—Won by Sargent (H); second, McCaughy (H); third, Bishop (H). Time—2:59.5 seconds.  
1.5-mile dash—Won by Garrett (D); second, Swan (H); third, Fowler (H). Distance—4:05.5 seconds.  
2-mile dash—Won by Tripp (H); second, Thomas (H); third, Rozer (D). Time—12:58.5 seconds.  
3-mile dash—Won by Steele (D); second, Skyles (H); third, Turner (H). Time—20:05.5 seconds.  
5-mile dash—Won by Mahanley (H); second, Tremaine (D); third, Martin (H). Time—35:15.5 seconds.

**On Trial for Three Years**  
Haverford College secured this important meet as the association felt that Walton Field was favorably situated, possessed excellent accommodations, and that the Main Line college had always handled it very efficiently in the previous years that it had managed it. At the annual meeting of the year period of trial, all the colleges of the association are satisfied with the location, Haverford College will probably give this meet as a permanent fixture.

Other business of less note which was transacted included placing a two dollar fee for individual entries and a ten dollar fee for team entries entering the annual Fall Cross Country Run. This was done to put this affair on a paying basis. The plans of Director Harold Harwood of Haverford College, for the management of the meet for this spring were also presented and approved by the meeting. They included the housing and feeding of the entire number of participants for the three days by Union College.

**Eligibility Rules Stricter**  
Certain changes in the constitution were also approved at the meeting. The eligibility requirements will be more strict in the future as a definite one year transfer rule and a "full course" rule were adopted. New members in the future will be selected at the annual meeting instead of by a committee as in the past.

Provision was made that the winner of the Class B relay at the Penn Relays should be required to move into Haverford immediately if three of the four winning team members return to Mercer's University. The association's president of the association for next year, Dr. Craver, Dickinson, was chosen as vice-president. Mr. Hoopes was selected as secretary. The four men who will constitute the executive committee are Harold A. Bruce, Union College; A. C. Hathaway, New York University; Charles W. Mayer, Franklin and Marshall; Morris Kanny, Lehigh. Haverford was represented at the meeting by Dr. Babbitt, Coach Haddleton, and J. R. Hoopes, graduate manager.

Resolution recommending permanent location of the May track and field meet together with reasons therefore, as follows:  
Resolved, that it is the unanimous opinion of the Executive Committee of the M. A. S. C. A. that the annual track and field meet of the Association shall be held each year at a central point.  
The reasons for this are set forth in the following report which was read by the Executive Council for their approval:  
(1) The meet can thus be held on the grounds of a member where full equipment and facilities are existent.

**Well-Arranged Batting Order**  
One bright spot is seen in the arrangement of the batting order. It is fixed to produce the maximum run-getting capacity from the Scarlet and Black slugging prowess. The lead-off man has worked out to have more than any other man in the array. He is followed by the four most dangerous hitters in the squad. It would be useless for a pitcher to pass any of these men in the batting order. It is more deadly as they occur at vital points in the defense. Shortstop and second base which should be impenetrable to have a successful team, have worked at times. Left field and the pitchers position have also not been as airtight as necessary.

**Week's Program**

Intramural Baseball, North Barclay vs. Founders, May 3

Tennis, Western Maryland, home, May 6  
Intercollegiate Meet, home, May 7  
Baseball, New York University, away, May 7

### THE SELECTED FOR THE ACADEMICS WILL HOLD ANNUAL TRACK AND FIELD MEET AT HAVERTON FOR THREE YEARS

At the fifteenth annual business meeting of the Middle Atlantic States Collegiate Athletic Association, held at the Hotel Walton last Friday evening, the association decided to hold the Middle Atlantic track meet at Haverford College for the next three years. In the past it has been the custom to award this important meet to the various members of the conference in rotation.

This year, however, the executive committee recommended that a centrally located track be selected as a point for this meet to be held annually. The main reason for this was the desire to secure a large following for the meet, which will enable it to be financially successful.

Other business of less note which was transacted included placing a two dollar fee for individual entries and a ten dollar fee for team entries entering the annual Fall Cross Country Run. This was done to put this affair on a paying basis. The plans of Director Harold Harwood of Haverford College, for the management of the meet for this spring were also presented and approved by the meeting. They included the housing and feeding of the entire number of participants for the three days by Union College.

**Eligibility Rules Stricter**  
Certain changes in the constitution were also approved at the meeting. The eligibility requirements will be more strict in the future as a definite one year transfer rule and a "full course" rule were adopted. New members in the future will be selected at the annual meeting instead of by a committee as in the past.

Provision was made that the winner of the Class B relay at the Penn Relays should be required to move into Haverford immediately if three of the four winning team members return to Mercer's University. The association's president of the association for next year, Dr. Craver, Dickinson, was chosen as vice-president. Mr. Hoopes was selected as secretary. The four men who will constitute the executive committee are Harold A. Bruce, Union College; A. C. Hathaway, New York University; Charles W. Mayer, Franklin and Marshall; Morris Kanny, Lehigh. Haverford was represented at the meeting by Dr. Babbitt, Coach Haddleton, and J. R. Hoopes, graduate manager.

Resolution recommending permanent location of the May track and field meet together with reasons therefore, as follows:  
Resolved, that it is the unanimous opinion of the Executive Committee of the M. A. S. C. A. that the annual track and field meet of the Association shall be held each year at a central point.  
The reasons for this are set forth in the following report which was read by the Executive Council for their approval:  
(1) The meet can thus be held on the grounds of a member where full equipment and facilities are existent.

### HAVERTON TRACKERS TO OPPOSE AFAFAYETTE Scarlet and Black Faces Stiffest Opposition of Year

After competing in two dual meets that were little more than practice tilts for the college runners, the Haverford track team journeys to Easton on Wednesday, May 4, to match its best with the pick of Lafayette. The Scarlet and Black will find itself up against representatives of a college that turns out consistently good athletic teams in every branch of sport, and, while victory for the Main Line institution can be reasonably expected, Haverford will have to exert its best to garner the winning points.

The Haverford aggregation boasts many lettermen, however, and several freshman with brilliant previous reputations behind them.

**Lafayette Squad Green**  
Lafayette, the other hand, has a comparatively green squad. Only two lettermen remain from last year's team. Though the Lafayette freshman team furnished the coaches with much promising material, the Lafayette aggregation is bound to tell against a team of Haverford's caliber.

The Little Quakers are sure to favor heavily in the field events, their favorite branch of the sport. Morris will probably clinch the shot. Fowler and Rutherford may place also. Lafayette's success in the 100 and 200 yard races for the Freshman team last year. In the discus, Morris, Fowler and Dohan have the edge over Wright and Johnson. The Haverford aggregation, however, has a heavy contingent of Swans and Flints should have little difficulty in the javelin.

**Maroon Strong in Jumps**  
The Easton collegians loom strong in the jumps. Tucker has been doing very well and consistently in the broad. Zeyher and "Mike" Wilson of the football team have been clearing the bar at respectful heights in the pole vault. The Maroon aggregation has a good high jumper. These are the events in which Haverford counts strongly. Thomas, Hoskins and Tripp may be expected to place in their respective events regardless of the strength of the opposition.

The hurdles also should offer an opportunity for the Scarlet and Black timber-toppers to add several points to the team's total. The Lafayette hurdlers are considerably below the standard of McCaughy and Richardson.

**Middle Distance Winner Doubtful**  
In the running events the winners are doubtful. Ekles is the only remaining member of the trio of distance runners which scored so heavily for the Maroon last year. Lafayette had a successful cross-country team this season, and several of the barriers are showing up well on their feet. Haverford's bets in the half mile, two and two mile are Mahanley, Wright and Whittelsey, respectively.

For the quarter, Lafayette has a quartette of speedy entries. Brown, Phillips, Gypson and Herabberger composed the team that represented the national institution in the Penn Relays and averaged fifty-two seconds for the quarter mile. Ensworth will have to contend to win from Brown and Herabberger. The Lafayette Fresh sprinters of last year.

- (2) The meet can thus be held near a large centre of population where hotel accommodations are adequate and where potential spectators viewing for the meet is the greatest.
- (3) Expenses will be minimized and the Association and its members benefited by the Association.
- (4) Any net profits will belong to the Association and may be apportioned to member colleges in a manner similar to I. C. A. A. A. plan.
- (5) The meet will create a following among alumni and friends of each institution, who are resident in the central district.
- (6) The track and field selected would be of known quality so that teams coming to the meet year after year could meet under known uniform conditions.
- (7) Travelling expenses would be standardized for each institution; an advantage from the Graduate Manager's standpoint.
- (8) Travelling and entertainment of officials would be minimized.
- (9) Meet would be held with increased efficiency if in the hands of one management year after year.
- (10) Better group feeling would exist in the Association.

### WESTTOWN RUNNERS MEET FRESHMEN ON CINDERPATH Yearlings Have Good Chance to Repeat Last Season's Victory

The Westtown School track team, which fell an easy prey to last year's freshman class, will seek to avenge its crushing defeat when it comes to Haverford on Friday, May 6, to pit its speed and endurance against the class of 1927. The Quaker schoolboys failed to garner one first place last year. Although the probability of another shutout is very small, the Haverford yearlings should experience little difficulty in taking the measure of the Westtown aggregation.

The meet will feature all the usual collegiate events, with the exception of the javelin throw and the two-mile run. Morris, Swan and Wilbur should show up heavily in the sprint events. Rudrauff, Jones, Martin and Evans should take care of the middle distance events. The freshmen team will depend on Turner, Watson and Abernethy. Westtown will find a loophole in the hurdles of the freshmen, but the pre-eminence of the Rhinies in the other features and the possibility of a heavy contingent of second and third places should assure the meet for the freshmen.

### PRINCETON AND PENN TO BE ON SCHEDULE Basketball Team Also Meets Bucknell and Lebanon in 1928

Five big games have already been scheduled by Manager C. K. Fox for Haverford's 1928 basketball team. In addition to the four necessary Conference games, two members of the Intercollegiate League are slated to meet at Haverford. The games, however, are coming season.

**Princeton Away**  
Princeton, the other Intercollegiate League team, will be played on February 29 at Princeton. It was hoped that the Tigers could travel to Haverford next year, but unforeseen complications prevented this from taking place.

As usual, the season will be the annual tilt with Swarthmore, which will be staged in the Haverford gymnasium on March 10. The game, besides being with an ancient rival and being the final contest on the schedule will have added importance due to the fact that it is a Pennsylvania Conference game.

**Two New Teams**  
Two other new aggregations appear on Manager Fox's tentative list, namely St. Johns of Annapolis, and Lebanon Valley. The latter is a Conference game, and both contests will be staged on the home court.

Other quietest which will meet the Scarlet and Black in 1928 under the home-and-home agreement are F. and M. Lehigh, Delaware, Drexel, and Stevens. The schedule as tentatively arranged includes seven home contests, and six away.

**Pennington, Away, Dec. 10; Lehigh, Away, January 10; Bucknell, Home, Jan. 14; Princeton, Away, Feb. 29; Swarthmore, Home, March 10.** Other games will be definite to set are: St. Johns of Annapolis, Franklin and Marshall, Ursinus, Delaware, Drexel, Stevens, Lebanon Valley.

### INTRA-MURAL BASEBALL North Lloyd, South Barclay, Founders and Merion Play During Week

Three Intra-mural baseball games are scheduled for this week on '88 field. The undefeated North Lloyd combination, North Barclay, Merion runs and Founders will meet on Tuesday against South Barclay for the latter's second game of the week.

On Monday, the North Barclay diamond artists play Founders, and on the following day, Tuesday, the Merion team backs up against some stiff opposition in the South Barclay tossers. South should have little trouble in handing the Cottagers a stinging defeat, as the latter has yet to break into the win column. Thursday will feature a game between the leader and the holder of cellar position, when North Lloyd and North Barclay meet in a contest that will probably result in an overwhelming victory for the former.

### TEACHERS WANTED The Baltimore Teachers Agency, Title Annex Bldg., Baltimore Md., is a placement bureau for well-qualified teachers. Write for full particulars.

### CENTER ANNEVES TWIN WIN IN INTERDORMS

Olton Pitches Well in Easy Victories Over South Lloyd and North

Center Barclay displayed great improvement in form and stamped itself as a likely winner of the Intra-mural baseball contest when it comes to Haverford during the past week. A barrage of base hits and the steady pitching of Olton enabled the Centre team to down North Barclay, 10-1, and South Lloyd, 16-0.

The game with North was played on Monday, April 25. Always a crowd of dangerous hitters, the Center Barcayites have finally solved their hurling weakness in Olton. Olton was at all times master of the situation. He kept North's scanty number of hits well scattered while his team mates were finding Swift's deliveries for run producing blows. The feeling of the North team was ragged, but the consecutive heavy hitting of the Center batsmen would have resulted in victory had the North moundmen received air-tight support.

**South Lloyd Defeated**  
The following Thursday, Center, hitherto considered out of the running for the league flag, demonstrated that it was by no short lived flash of brilliance that it defeated North Barclay. The game was practically a repetition of Monday's affair, with South Lloyd on the losing end, 15-0.

Olton was again in the box for Center. Although not so deadly as on Monday, he proved effective against the pinches, and the ultimate winner of the fray was never in doubt. Aided by three glaring errors, Center piled up seven runs in the second inning and coasted along under this comfortable lead for the rest of the game. A last-inning batting spree brought its total up to fifteen.

### RAIN POSTPONES GAMES

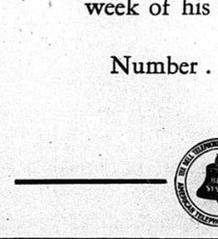

Rain last week caused postponement of the baseball games to be played Wednesday and Saturday with Russell and Dickinson, respectively, as well as the tennis match scheduled with Columbia for Wednesday, and the cricket match with the British Officers on Saturday. It is doubtful if the baseball games will be played at a later date, while the tennis match was played as a practice meet on indoor courts. The cricket team will meet the British Officers in four pools, Tuesday and Wednesday from 5 to 6:30 and again from 7 to 8.

### BATTING AND FIELDING OF COLLEGE TEAM POOR

### Scarlet and Black Fails to Uphold Pace of Last Season

A glance at the batting and fielding averages compiled from the four major games that the Haverford nine has played in this year clearly show the reason for the disappointing early season performance of the team. The team's batting averages are notably low. The Scarlet and Black team has participated in four games, has been at bat one hundred and thirty-eight times, and produced seventeen runs with thirty-five base hits for the low batting average of .254.

The fielding average of the team is also far from gratifying. From a total of one hundred and forty-nine total chances there have been one hundred and thirty-eight put out, one hundred and twelve errors. This gives the team a fielding average of .945.

**Averages Below Last Year**  
The batting averages are considerably below those of last year and are especially discouraging to the coaches for they have no misjudgments and fumbles of the kind that a coach is powerless to prevent. The fielding averages are more deadly as they occur at vital points in the defense. Shortstop and second base which should be impenetrable to have a successful team, have worked at times. Left field and the pitchers position have also not been as airtight as necessary.

CAP AND BELLS ENDS SEASON WITH ANNUAL MEETING AND BANQUET

Financial Report and Elections Feature Annual Business Session DR. JONES SPEAKS

Last Saturday evening saw the conclusion of the 1925-27 season of the Cap and Bells Club at the annual business meeting held in the Union, followed by a banquet in the 'Old Y Room'.

At 6 P. M. about forty members convened in the Union for the annual business meeting. Mr. Mellor submitted his report, which was a summary of the progress of the Club during the season with special reference to men who had this year fulfilled the requirements for membership were admitted and the annual election of officers.

At the close of the banquet, J. V. Baker, '27, was introduced as the new speaker. He outlined the work of the Instrumental Club, and was followed by W. W. Wood, '26, next speaker.

Dr. Rufus Jones, who has been intensely and genuinely interested in the movement of the Cap and Bells Club since its inauguration some years ago, was introduced as the principal speaker of the evening.

He also spoke a few words of commendation upon the personal success characters in "The Hotentot." The list of members admitted at the close of the past season follows: Closeborough, Heller, W. Sanderson, H. Borer, J. Foster, E. Houston, C. Vogel, C. Olmeyer, J. Biddle, O. Grover, C. Thompson, '27, L. Yoder, R. L. Kuhn, J. May, J. E. John, C. Lober, '27, J. T. Stokes, '28, A. Frazer, '28, Lancel Peeters, '29, and William Lane, '29.

Miss Hollett speaks at Y; no meeting Wed. First Woman Speaker: W. Beatty Jennings to be heard May 11. Last Wednesday the first woman to address the Haverford College Y. M. C. A. was heard on the subject of "The Woolman School, an Adventure in Social Research." She is Miss Delia Elizabeth Field, Field Secretary of the Woolman School at Wynote, Pa., and had just returned from an extensive lecture tour of the West.

Her type of lecture is usually an informal discussion, and this was her first experience in addressing a group of college men. Her object was to describe the purpose and function of the Woolman School.

The Woolman School, Miss Hollett stated, is an institution for the main purpose of making research into the social problems of the West for the benefit of those attending other institutions. Woolman School arranges informal week-end and summer conferences, obtaining as faculty well-known experts in sociology from the colleges and universities in the country.

There will be no meeting of the Y. M. C. A. on May 11. W. Beatty Jennings, pastor of the First Presbyterian Church of Germantown, will speak. The subject will be announced next Monday.

The Master Shirt and Blouse Company 1308 N. 3rd St., Phila.

DR. PALMER ADDRESSES CHEM CLUB ON RADIUM

Final Meeting on May 12 to Hear Both Student and Faculty Members

Speaking in Sharpless Hall on Thursday evening, April 21, Dean Francis Palmer, professor of physics, addressed the Chem Club on the properties of the Alpha Particles and the Beta and Gamma Rays in Radium. He supplemented his talk with a demonstration in which radio elements were separated.

The final meeting of the club for the current year, to be held under the direction of H. S. Murphey, '28, president, on Thursday, May 12, will be addressed by Dr. Malcolm, Dr. Forbes, Dr. S. Murphey, '28, and F. H. Wright, '29. The latter two will speak on "Antisepsis" and "The Life of Faraday," respectively.

Haverford Debaters Meet Second Reverse

St. Joseph's Team Triumphs in Debate on Question of Philippines

Meeting their second reverse in the first contest of the season by a two to one count, the Haverford College debaters met St. Joseph's College in Philadelphia, by a strong home team which won the debate on the question: "Resolved that the United States should grant immediate and complete independence to the Philippine Islands."

The debate was a short time affair, each team having five minutes for the subject, which was picked jointly by Dr. Edward D. Snyder, assistant professor of English at Haverford, and Father Aid, of St. Joseph's. A coin was tossed to decide the order of speaking, and was won by John B. Gest, Dr. Thomas B. Gallagher, and Lindley John J. Wood.

Haverford minus the services of two veteran speakers, Sargent, '27, and Heller, was represented by Dr. Snyder, '26, H. K. Ensworth, '28, and E. D. Hollander, '28, in the order of speaking, and was coached by Dr. Snyder. The St. Joseph's debaters were James E. Gallagher, Jr., James E. Currie, and John H. Hogan.

Decision Close A period of twenty minutes was necessary for the judges to make their decision which was based on a Point system, so close was the debate. According to their statement, St. Joseph's had the stronger presentation, while Haverford had the better retention.

Haverford was outstanding on the Haverford team, while both Ensworth and Miller showed up well in their debut as debaters.

Contrary to the usual order, the burden of proof was placed on the affirmative, Haverford having to continually refute the mass of evidence piled up by the negative, demonstrating the total inability of the Philippines to govern themselves. Opening the debate, Miller, of Haverford, pointed out that the United States is morally obligated by the Jones act to grant the islands full independence as soon as a stable government has been set up.

Ensworth, the second affirmative speaker, tried to show that the Philippines have already the necessary tools for self-government in the existing regime, the governor general being the only link to the United States. He also asserted that the islands have been under the tutelage of the United States for twenty-nine years, and attempted to prove that the recent reports of Thompson and General Wood were politically biased.

Hollander, the final Haverford speaker, showed that internationally the Philippines would be capable of maintaining themselves as an independent power, asserting that since they would be under the jurisdiction of the League of Nations, an aggressive power such as Japan would not attempt to seize them. He cited Cuba as an example of a similar country which had successfully maintained its independence, and pointed out the vast undeveloped resources of the islands and the well-developed educational system of the Philippines for self-government, the first two negative speakers made much use of the reports of Thompson and Wood, and certain figures on education. They also pointed out the great variety of dialects and religions extant as proof of a lack of union. The final speaker was the student body president of the United States, citing its great financial investment in the islands, the value of the islands as a naval base essential to the control of the East, regarding Japan and China as rising powers.

COLLEGE RADIO CLUB MAY BE REORGANIZED

WABQ Had Envious Record as College Station Before Sale

Long-awaited reorganization of the Haverford College Radio Club will take place Thursday evening at a meeting of all present members and those who are interested in joining President W. S. Halstead, '27, has announced.

The fear that this once active society would pass into history with the graduation in June of the last of its organizers and leaders, W. S. Halstead, I. B. Smith, vice president, and C. H. Thompson, '27, program director, may be allayed by the election of officers from the lower classes to act in executive capacity next fall.

Headquarters of the club have been sold, G. C. Gross, '26, former station operator, graduated last year, and there seemed very little left to the club, but D. W. Richie, '28, former announcer for WABQ, and one or two others believe that a group can be gotten together to operate the club's code transmitter and purchase a fine quality long-wave receiving set.

A meeting held about a month ago was attended by but two men not graduating this year, Halstead said. The club has been holding weekly meetings, but until the present there was no need for electing new officers, replacing the aerial on Sharpless Hall which blew down a year ago, or making plans for the use of the club's two experimental licenses, 3-262 and 3-BVN, he stated.

While it is felt that the greatest field of service for the Radio Club was removed by the recent sale of WABQ to the broadcasting station of its builders, it is also believed that the romantic story of Haverford's pioneer work in college broadcasting will live on with it for many years.

It was nearly four years ago, in the fall of 1923, that Halstead and Smith set out their first program from the little studio, situated behind football blankets in the College gym. When the station was sold four months ago it was potentially the largest in the vicinity of Philadelphia, second only to KRKA in Pennsylvania, and one of the clearest received anywhere in the United States.

Broadcast Noted Men The name of Haverford College had been announced to the world from its microphone by Donald B. MacMillan, Michael Papin, Christopher Morley, Harry Emerson Fosdick, Edward Conklin and Vachel Lindsay.

Faculty lectures, theatre organ programs, orchestras and light club music, chorus and instrumental solos, and radio and music have added to the station's record.

WABQ was seriously considered for use as the official broadcasting station of the Sesqui-Centennial Exposition last year, because of its high power and primitive use during the summer. But the four large Philadelphia department store stations had secured the promise jointly first, and this arrangement could not be changed.

Haverford-Swarthmore Orchestra Rehearses

Plans to Give Second Concert at Swarthmore May 9

Rehearsals for the second concert of the Haverford-Swarthmore Chorus and Orchestra, in which nine members of the Haverford Glee Club will join the members of the College Chamber Music Society and the Swarthmore Mixed Chorus and Orchestra, are now being held under the direction of Alfred J. Swan, lecturer on music at both colleges. Initial joint concerts were given at both colleges early in March.

The concert will be given at Swarthmore Monday evening, May 9. Arrangements have not yet been made for a similar recital at Haverford, and it will not be certain whether one will actually be held here or not until later this week, according to W. A. Reitzel, '22, of the Chamber Music Society.

Professor Swan has announced that the programme will open with fragments from Beethoven's Easter Cantata (Cantata No. 4), rendered in turn as a symphony, tenor solo and chorale. It will not be certain whether one will actually be held here or not until later this week, according to W. A. Reitzel, '22, of the Chamber Music Society.

Any industrial worker who moves things by hand is doing work that Electricity can do for about 2 cents an hour

More than 60 per cent of the mechanical power used by American industry is applied through electric motors. But the electrification of the tasks performed by man power has hardly begun. Electric power not only saves dollars; it conserves human energy for better purposes and raises standards of living. College men and women may well consider how electricity can lessen the burdens of industry and of farm and home life.
