\$2.00 A YEAR

Mainliners to Play For Senior Prom In Dining Hall

Final Dance of Year Scheduled June 6; Committees Formed

Setting Friday, June 6, as the date for the Senior Prom, John Webb, Chairman of the Prom Committee, announced yesterday that plans have been completed for the annual affair. This is the last dance of the year, and is to be held in the Dining Hall.

With the Mainliners providing music, there will be ten program dances before the intermission, and cutting will be permitted afterwards. Admission for couples is to be \$1.00.

The committee of which Webb is the chairman, consists of Daniel Boyer, Robert Evans, Harry Stuart, and Kenneth Weyerbacher. Dancing will begin at nine o'clock and end at one.

Arrangements for Commencement invitations and announcements have been made by the Caps and Gowns Committee of the Senior Class. Working in conjunction with a special group headed by Robert Evert, this committee has been planning the reservation of seats in Roberts Hall for guests of seniors and those receiving master's degrees.

Chairman Howard Blum of the Caps and Gowns Committee is assisted by Edward Allinson, Benjamin King, and Robert Smith. On Evert's committee are John McNeill, Harry Stuart, and William Watson.

The alumni have accepted a challenge made by President R. Garey Winslow to play an all-star senior softball team on the afternoon of Alumni Day, June 7.

Student Employment Openings Announced Through Dean's Office

Announcement of several summer and permanent jobs has been made by Dean H. Tatnall Brown, Jr. The Equitable Life Assurance Society of the United States wishes to enroll a limited number of college students for a course in cashier training.

Seeking several Juniors for positions this summer, the Bell Telephone Company is offering employment to undergraduates in electrical, mechanical, and civil engineering for work in the Philadelphia vicinity.

Representatives to give demonstrations of their products are being sought by the Better Brush Company of Upper Darby. Another job is open for a student wishing to take charge of a six-year-old boy two hours a day for four days a week.

Professor Kelly's Book To Appear June 1

"A Testament of Devotion," a collection of writings by Thomas R. Kelly, will be on sale about June 1, it was announced Friday by Professor Douglas V. Steere.

This book of about one hundred pages will also include a biographical memoir of Professor Kelly, which was written by Professor Steere. He also edited the collection of writings. The book will sell for one dollar.

RECORD TO APPEAR SOON

The Record will appear on Monday, May 26, it was announced by Arthur W. Ashbrook, editor, yesterday. The price of the book is covered by the student activities fee.

Founders Club Sets June 4 for Meeting

Founders Club will hold its final meeting of the year on the evening of Wednesday, June 4, at 8 o'clock in the first floor of the Haverford Union, according to the outgoing President, Theodore Whittelsey, Jr., '28. Principal business will be the election of officers for next year, election of new members, and a review of the entrance requirements.

The Club will vote on amending the requirements to permit the recognition of the office of Chairman of the Co-operative Store Committee as a major or minor activity at the discretion of the membership. W. L. Simmons, undergraduate Vice President and Secretary, extends the Founders Club's invitation to undergraduate, faculty and alumni members to attend the meeting.

Sophomores Plan Picnic Saturday

Class of '43 Selects Valley Forge as Site

Saturday afternoon more than forty sophomores and their dates will motor to Valley Forge Park for their annual class picnic. They plan to eat a camp supper there and return in time for the Vic Dance that evening.

Entertainment for the afternoon will be directed by Jacques Elwell. A softball game heads the tentative program of amusements. Transportation facilities, which are being arranged by Howard Lutz and the class committee, are to consist of a forty-passenger bus, which will leave Roberts Hall at 2:00 P.M., and private autos.

Arvel Mason and John Hogness are arranging for the supper of wieners, salad, ice cream, and cookies. Plans for the excursion are under the supervision of the class officers, including Torrence, Vice-President J. Morris Evans, Secretary John C. Whitehead, and Treasurer Tristram P. Coffin, and Paul M. Cope, Robert MacCrate, and John C. Marsh, of the Executive Committee.

Charge for the picnic will be \$1 per couple and 65 cents stag. Professor and Mrs. William Cadbury, Mr. William Docherty, Jr., and Professor and Mrs. Theodore B. Hetzel will attend.

Main Liners' Kay Hunt Signs with Vincent Lopez; To Open at Paramount Theatre in New York June 7

By H. ROYER SMITH, JR.

Kay Hunt, present vocalist with Bill Meldrum's Main Liners, signed a contract last week to sing for Vincent Lopez and his orchestra. She will open at the Paramount Theatre in New York city on Saturday, June 7. The Paramount features a big orchestra every week, and has in the past had such bands as Tommy Dorsey, Benny Goodman, and Glenn Miller.

In 1936 Miss Hunt sang over the radio in Detroit. This was her first professional performance. Later she joined Ches Camel and his orchestra, a small band which plays dates in and around Ridley Park. This job marked her debut with a band. She broadcast over Station WFIL with Camel last fall for her initial Pennsylvania radio performance.

Joins Howell

Miss Hunt joined the Main Liners last fall and stayed with them until she joined trumpeter Bob Howell's band. Howell, a graduate of Haverford High School, had a local band, and he appeared at the

Boyer, Solis-Cohen Win Debate Prize For Senior Class

Everett Society Medal Awarded to Torrence In Speaking Contest

Seniors Daniel B. Boyer, Jr. and Leon Solis-Cohen, Jr. won the Junior-Senior Debate for the Alumni Prize for Composition and Oratory Thursday night.

Debating on the question, "Resolved: That the United States should give aid to Great Britain even to the extent of entering the conflict as her ally," the Seniors defeated the Junior team of Burns Brodhead and Courts Oulahan. The debate was conducted in the Oregon style.

Torrence Wins Prize

Award of the Everett Society Medal to the best individual speaker in the Freshman-Sophomore Extemporaneous Speaking Contest was made to Sophomore Haskell Torrence. Torrence spoke on "Haverford's Appeal to the Student."

Adding to the laurels of their individual speaker, the Sophomores also took the trophy in the class competition. The members of the winning team, Torrence, Howard T. Lutz, and Albert E. Turner, will all receive medals for their victory over the Freshman team of Cassin W. Craig, George D. Hopkins, and Charles McC. Mathias, Jr. Morley Presides

Chairman of the Freshman-Sophomore Speaking Contest was Professor George Montgomery, while Professor Edward D. Strider served as chairman for the debate. President Felix Morley was the presiding officer and opened the contest after a dinner served in the Common Room.

Blanc-Roos to Study In Mexican Capital

Mr. Rene Blanc-Roos is planning to take a trip to Mexico this summer which will last from June to September.

He will drive to Mexico City and enroll at the University of Mexico where he will obtain material for Spanish 3 next year. He is going for a more extensive study of the language among Spanish-speaking people and wants to get "more of the Pan-American" spirit in him.

Annual Banquet Planned By Cap and Bells Thursday

Laverty Will Make Final Address As Club President

Concluding the year, the Cap and Bells will hold its annual banquet in the Common Room on Thursday at 7:30, Wilfred L. Simmons, vice-president of the club, announced Sunday.

Previous to the banquet itself there will be a business meeting. The finances of the club will be discussed, and a new graduate president will be elected to fill the place of M. Alexander Laverty, '17, who is resigning. New members and officers will also be selected.

Field, '97, to Preside

Dr. Elliott Field, '97, who has been toastmaster for a number of years at the Cap and Bells banquets, will again preside. The entertainment during the evening will be furnished by Richard Bauer and his eight policemen, who will repeat their "Pirates of Penzance" performance.

Ernest L. Brown, '17, will also be one of the entertainers. Mr. Laverty will give a talk covering the history of his presidency of the Cap and Bells.

90 to Attend

Ninety guests are expected to attend. About thirty-five undergraduates have been invited and will be made members of the dramatic club. The number is unusually large, Simmons stated, due to the increased activity on the part of students and the large casts in the fall and spring presentations.

All undergraduates who are already members of Cap and Bells are asked to see Simmons as soon as possible in order to inform him whether or not they expect to attend the banquet. The price for the dinner will be \$1, except for invited undergraduates.

Whitehead Announces Intramural Wrestling Planned for Next Year

Intramural wrestling will be revived next year, John C. Whitehead, new director of intramural athletics, announced last week. It is hoped that this will provide material for the layave and varsity wrestling squads.

The present system of intramural sports will be continued with the retaining of inter-dorm and club competition. Intramural tennis is being considered as an additional sport.

"We hope to cooperate further with the coaches to develop material for varsity teams without interfering or competing with them. Four or five sophomores will also receive training as umpires," Whitehead stated.

Vic Dance Committee to Sell Recordings at Reduced Rates

A sale of recordings owned by the Vic Dance Committee will be held shortly after the final Vic Dance of the year, May 17, it was announced yesterday by Edgar D. Bell, Jr., chairman of the committee. Only those pieces, however, which because of their purely temporary value need fall, are to be sold.

Such current favorites as "My Sister and I," "Music Makers," "Yours," and the "Road to Zanibar" hits are to be included in the sale.

WILFRED L. SIMMONS, Vice-president of Cap and Bells which will hold its annual banquet Thursday.

Jules Artis Leaves College For Sun Ship

Janitor Gets Present Of Apple and Money

After twelve years at Haverford Jules Artis, janitor for New Lloyd, has left for a position as a blacksmith's helper at the Sun Ship Yard. Artis worked in North Barclay until the middle of last year.

Jules stated that all of his memories of Haverford will be "pleasant — even after having to rout some guys out of bed regularly." Commenting on the undergraduates, he said, "They are the kind of boys you like to know."

Reason for Artis' shift is his chance for advancement. Jules stated that there is not the same chance for advancement here at the College that there is at Sun Ship.

Unknown to Jules at the time of the interview, the students in New Lloyd had gotten together a present of a lunchbox, an apple, and a substantial sum of money.

debut with Lopez at the Paramount, she will sing with him at the Hel Taft for the summer. Lopez has an established name in the band business. For the past twenty years he has been turning out arrangements of well-known tunes, among which are "Nola" and "Kitten on the Keys." Such famous vocalists as Vyola Vonn and Betty Hutton have preceded Miss Hunt with Lopez.

Miss Hunt is a student at the Ridley Park High School, Ridley Park, Pa., and has sung in several operettas there, including a number by Gilbert and Sullivan. She will graduate in June.

Singing to Be Career

When questioned as to whether or not she planned to make a career out of singing, Miss Hunt replied, "Oh, yes." And it sounded rather convincing.

Miss Hunt's final appearance of the year with Meldrum's Main Liners was Saturday at the Shipley School. She will not be with the band at the Senior Prom.

CLASS SCHEDULES DUE

Class schedules for the year 1941-42 are due before noon, May 24, the office announced recently. A fine of \$5.00 will be charged for all schedules handed in after that time.

It Happens Every June

IF THERE is anything which characterizes the granting of degrees in American universities and colleges, it is the lack of uniformity in requirements for the degrees. Haverford, for example, finds itself among a dozen institutions in the United States which still demand Latin and Greek as a prerequisite for receiving an A. B.

This June, as in past years, a half dozen students who majored in the social sciences and literature will receive B. S. degrees, while several majors in chemistry, biology, physics, and mathematics will be eligible for B. A.'s.

Not only that, graduate students are free to choose which master's degree they desire three weeks before Commencement. Thus, two years ago, one graduate who had come to Haverford with a B. S., received an M. A. for a thesis on the co-precipitation of barium chromate and barium sulfate.

To the student who has not majored in a natural science the prospect of graduating with a B. S. is discouraging, to say the least. Explaining to a future employer why you do not have a B. A. is not easy. Nor is it particularly attractive for the sub-freshman to face the prospect of graduating without an arts degree merely because of one year of a foreign language.

Action Now

WHEN THE Board of Managers holds its next meeting Friday, it should be certain to include in those matters under consideration two problems which vitally affect the undergraduates. One of these problems is that of the draft, the other is that of the Union.

At any college today this problem of the draft is of immense importance. At Quaker Haverford the matter looms especially vital. And, with the strong likelihood of the draft age limit being lowered to eighteen before next October, definite action should be taken this spring.

The Board of Managers must decide now Haverford's policy in this connection. What changes are to be made in the requirements for affected students? And what about the student drafted during the academic year? These and many other questions must be faced. The Board of Managers knows what they are. So do the students. What is needed now is action.

The matter of the Union will also arise. Plans should be approved as to work to be done on the building during the summer. The Union has numerous possibilities as a student recreation hall. And, providing use of the north end can be obtained and the whole interior remodelled, the present Common Room would then be free for an expansion of dining room facilities.

In the Editor's Mail

To the Editor of the NEWS:

In a recent issue of the NEWS I noticed a letter signed by a Haverford alumnus in which you were urged to write a stirring editorial asking President Roosevelt to declare war on the Axis.

Now let us keep the record straight. Certainly not all Haverford alumni favor such a step. I, for one, am utterly opposed to it.

It is a sad commentary on the American educational system for college and university graduates and leaders not only to join the prevailing hysteria for war but to lead in it.

College education is meaningless if it does not produce men and women capable of cool thought during distressing times. Hence, as a Haverford alumnus, I hope that the College will remain aloof from "blood and thunder" appeals for war.

I am proud that President Morley has seen fit to publicly advise against hasty, hysterical action.

I note that you, as editor, in a conformity with the standing policy of the NEWS, have refused to be baited into a discussion of the matter. Yet, I wish to say that both you and every other Haverford undergraduate are fully capable of more mature opinions on the question than those splashed over the front pages by many of the political and educational leaders of the country.

As for myself, I agree with most of what Mr. Lindbergh says.

Very sincerely yours,

ROBERT E. LEWIS, '36

To the Editor of the NEWS,

Wasn't that a very dusty answer — your letter in the NEWS of May 6th in answer to mine?

Do you really believe that any newspaper, college, or not, should print as its editorials only the reflection of its readers' opinions? Is there no leadership of thought in the tradition of the best American newspapers?

Do you really maintain that the question of the draft is one which vitally affects the student body and the problem of war does not? That is like discussing only who is to play on the football team without telling about the game itself. Hadn't you better think that over again?

What we do about this war is going to be very important to the lives of you undergraduates. If we now take a reckless course of valuing too much a few months more of peace and let England fall we shall be plunged into a desperate struggle without allies later. Many more of you would pay with your lives for such folly. Is this not worthy of your attention and discussion? Dartmouth was shrinking from the truth when it printed that editorial.

Wasn't that a dusty answer, Mr. Oulahan? With best regards, I am,

Sincerely yours,

KENNETH B. WALTON, '22

To the Editor of the NEWS,

I fully realize the necessity for soliciting advertising in a college periodical. But, after reading last week's NEWS, I thought that this policy was being carried a bit to the extreme. It seems that the pages beyond Page Two devoted slightly more than half of the page-space to advertising and the remainder to news, creating an illusion of reading an advertising pamphlet rather than a newspaper. This particular issue was, I hope, the climax to what appeared to be a slowly mounting interest in commercials and the prelude to the return of news.

Sincerely yours,

RICHARD P. LORENTZEN, '44

To the Editor of the NEWS:

A week ago last Friday, on the day of the Junior Prom, the whole of First Entry Lloyd was turned over to the girls who had come on campus for the occasion, as a dressing place. The action caused a complete evacuation by the occupants of the entry which lasted from 8:30 Friday afternoon to 3:00 Saturday morning.

The Prom Committee was nice about the affair, but really there was little choice. The ladies' room in Roberts is so small; 180 girls could never use that place. The Common Room, when not in use, is without facilities. At present, the Union is too little. That leaves the dormitories. First Entry Lloyd is nearest the Dining Hall, and, as it has often been used before, it remained only logical to use it again.

Recently, it has been proposed that the remainder of the rented Union be given over to College use. We do not know, as yet, whether this proposal will go through, or not. Nevertheless, we do know that renovation of the parts of the Union which the College can now use is to be done this summer. Personally, I can't see why some plan to install a satisfactory ladies' room could not be included in these renovation plans.

Perhaps, this would be inconvenient. Granted. However, the Union is not the only building on campus, and something really should be done — even if it only consists of remodeling the place in Roberts. A satisfactory ladies' room is one thing this College needs.

Sincerely yours,

EDMUND J. LEE, '43

Gamboling

After spending a couple of days in Princeton last week-end, we've come to be more fully convinced than ever that Haverford has more to offer than any other college we know. It was House Parties weekend up there, and all the boys had their cars and their dates. The big formal dance was held Friday night, after the performance of a raw but amusing Theatre Intime revue. There were all sorts of sports events on Saturday, the last performance of the revue, and informal dances in the evening.

It sounds like a perfect week-end, but we glimpsed a large number of boys and their dates in and after Chapel Sunday morning, and didn't envy them. The girls were trying desperately and obviously to look just as beautiful as they had when they stepped off the train Friday afternoon — to conceal the ravages of two or more sleepless nights, countless cigarettes, and more scotch and beer than is good for a young thing. The boys seemed to wish that their dates had grabbed a late train the night before. We seemed to sense a crescent urge in many of them to strangle their frail companions — the same girls whom they considered to be matchless even as recently as Friday noon.

Yet we imagine that the boys and girls looked forward to House Parties for months. Junior wrote home to make sure he could have the car and an extra check. Olga saved one precious weekend permission so she could get away from Wellesley for the mammoth celebration.

But we doubt if they had a really good time. We much prefer the way things go here. In the first place there aren't just two weekends a year which dwarf all the others. There's something going on almost every week, and the Junior Prom is just a little more expensive and just a very little more impatiently anticipated than, for example, the Robal Dance. Nor does it seem very likely that Princeton ever even heard of Vic Danes.

And we doubt if the moon on Nassau Tower Saturday night was anywhere near as lovely as the same moon on our own skating pond and through the willows and on that copse of great trees back of Barclay.

M. W. M.

COLLEGE CALENDAR

Thursday, May 15:
Cap and Bells Banquet in Common Room, 7:30.

Saturday, May 17:
Sophomore Picnic at Valley Forge.

Vic Dance in Common Room, 9:30 P. M.

Haverford-Swarthmore production of *Aristophanes' "Peace"* at Swarthmore, 5:30.

Saturday, May 24:
Class Schedules due in office before 12:00 noon.

Monday, May 26:
Final Examination Period begins at 9:00 A. M.

Wednesday, June 4:
Founders Club Meeting, first floor of Union, 8:00 P. M.

Friday, June 6:
Final Examination Period ends.

Senior Prom in Dining Hall. Mus. by Main Liners from 9:00 to 1:00.

Saturday, June 7:
Commencement Exercises in Roberts Hall.

Crow's Nest

"Come in, Charley; what's on your mind now? (telephone rings) Yes . . . well, I'd put that charge for broken windows right on his bill. If his parents have to pay for the rest, what? Well you can tell Doggie just what I think of him sometime. Never mind, I'll tell him myself. Okay.

"All right, make it snappy, now . . . you've kept me five minutes and I have to go to a meeting in about two minutes — more. Why can't you fellows get here on time for your appointments? Now let's see, why did I send for you? (mild excavation among desk papers) Oh, say, that reminds me . . . what about your cut record? Hmmm . . . Meeting two, Collection four; nothing we can hold you to there. No, wait a minute . . . is that four or five? Do you remember who spoke on January 16th . . . that tax collector from the government with his theories about land rents? Uh-huh, I guess you remember. You know, when I was in college I had to go to Collection every single morning in the week, and we didn't have half the cuts you fellows get now. You get it pretty soft.

(Whistle) "My gosh, look at those class cuts. What on earth do you want to cut so many classes for? After all, we pay those professors good money to come and teach you, and you fellows do your damndest to stay away. I can't understand it. What do you think's going to happen when . . . (telephone rings) Hello? Why, Roger . . . my it's wonderful to hear your voice. How's Betty and the children? What's the news today? He is? Why, that's splendid! Mac will be glad to hear it. Yes, I think we have a room left in Merion for him. See you next Wednesday evening. So long, Roger.

"Now, what were we talking about? Let's make it snappy . . . I've got about two weeks of work to finish up this afternoon; look at this (frantic gesturing) . . . letters, letters, letters! . . . And you fellows always coming in to see me about little matters that anyone ought to be able to settle.

"Certainly is terrible what's happening over there in the Mediterranean. It's too bad to think of you fellows being dragged into it. But, boy, is it going to be tough on you! Just bang, bang, bang all the time (short boxing demonstration with the dust in the air). No cuts then! . . . none of your sleeping all morning, none of this always expecting to be let off from something. After all when you get out in life nobody's going to give you any special privileges . . . it's just going to be a continual drive all the time . . . none of this asking for cuts . . . I'll tell you, it was some shock to me to get out into the world and find I was going to have to get to a job at a certain time every day for the rest of my life.

"Oh, yes, about that week-end. I really have no right to let you do a thing like that; but I see your viewpoint, understand, and I'd like to help you . . . Still, there is a regulation about it, and I suppose that's the sort of thing somebody else ought to decide. But, well, . . . I'll tell you, maybe I can let you do it this once. Okay . . . now go on and get out of here; I have work to do. I wish you fellows wouldn't do so much talking when you come in to see me."

E. H.

COLLECTION SPEAKERS

Friday, May 16:

Dr. Rufus M. Jones.

Tuesday, May 20:

Calkin Becomes Successful Builder Of Small Houses

Alumnus Started Present Business For Recreation

John B. Calkin, '26, is now President of Framingham Homes, Inc., "a young but highly successful firm of operative builders in Framingham, Massachusetts," according to the April issue of "Operative Builder and Contractor" which carries a four-page story on the history and development of the company.

Begins as Hobby

Calkin's interest in the building business began in 1936 when, taking time out from his profession as a chemical engineer, he "succumbed to the building bug" and built a speculative house. The project was undertaken by Mr. and Mrs. Calkin purely as a hobby and as a result of a recreational interest in good homes and skilled building.

Before the house was completed, however, several of Calkin's friends who are professional builders had taken part in the enterprise. Only after an enthusiastic reception of the house by friends and neighbors did they decide to form a company. In slightly over three years Framingham Homes has built 50 houses ranging from \$4,000 to \$10,000 in price and has compiled a gross dollar volume of nearly one-half million dollars.

Calkin attributes much of his success to his policy of keeping a small group of versatile workmen at work continually. In order to keep his present crew at work he keeps 10 to 15 houses under constant construction. This work includes both contract and speculative houses.

Starts with Staff of Six

The company started in 1936 with a staff of 6 men and now has a total of 35 employees. Since 1936 not a single man employed by the company has ever received State Unemployment Compensation and none has lost more than one week's work in a year due to lack of work.

Calkin himself handles financial and sales end of the business and gives as a byword of the company a quotation from Ruskin, "There is hardly anything in the world that some man cannot make a little worse and sell a little cheaper, and the people who consider price only are that man's lawful prey."

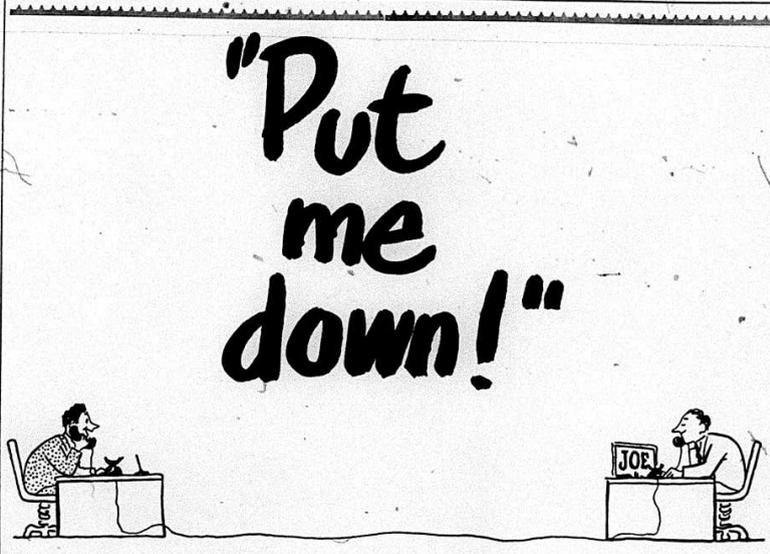

Burgess, '28, Reports Army Training Fine At Fort Jay, N. Y.

Fred M. Burgess, '28, who is with Company C, 518th Military Police Battalion, at Fort Jay, Governor's Island, N. Y., thinks life in the United States Army is fine.

Drafted under the Selective Service Act from Bloomfield, N. J., Burgess was inducted into service at the Newark Armory. After twenty-three days at Fort Dix, he was among five hundred men selected for Military Police training at Fort Jay.

Private Burgess reports excellent food and comfortable quarters in brick barracks. Officers and men are college-trained for the most part and were chosen on the basis of outstanding qualifications or previous military training. "I will be very happy to receive week-end visitors (providing I'm not on guard, K.P., or other duty) and mail is exceedingly welcome," Burgess writes.

WESTTOWN SCHOOL Friends Meeting of Philadelphia Yearly Meeting of Friends (Arch St.)
 Now, more than ever before, it is the task of Westtown Education: To develop the individual capacities of our children; To arouse in them a sense of fellowship with other people; To inspire in them a faith with which they may face a turbulent world.
 For catalog and information, write: **JAMES F. WALKER, Principal, Westtown School, Westtown, Penna.**

HELLO? I'm calling Joe Bushnell, alumni executive secretary . . . Oh, hello, Joe, what's this I hear about Alumni Day this year? Herbert Hoover speaking at Commencement on a national radio hookup? Sounds mighty good to me. And a special "Alumni versus Seniors" softball game? Well, I don't know about that — those college boys may not give us much competition — or will they? Tennis, cricket, bowling-on-the-green, too? Something special at the Alumni business meeting? You say that dinner is planned to tickle the palate of even the most hardened Alumnus?

But you are right, Haverford in early June is a glorious place. Even I could soar on poetic wings when I think about that well-loved campus, the hum of classmates' voices, the THWACK of ball on bat, the . . .

Oh, you're very busy and can't talk all day? Then just one thing more.

PUT ME DOWN — I'LL BE THERE!

Alumni Day ★ June 7

New England Alumni Greet Morley at Meeting in Boston

President Felix Morley returned last Sunday from a week-end trip to Boston. There he met the Haverford Alumni Society of New England.

At the meeting Walter S. Hinckman, '00, resigned as president of the Society and, according to custom, his roommate, Frank M. Esleman, '00, was elected to succeed him. About 50 members were present.

ALUMNI NOTES

Gilbert T. Hoag, Ph.D., '20, is Dean and Professor of English at Kenyon College, Gambier, Ohio.

E. Newbold Cooper, '21, is Supervising Principal of Elementary Schools at Girard College, Philadelphia.

C. Wilbur Ufford, Ph.D., '21, is Associate Professor of Physics at Allegheny College, Meadville, Pennsylvania. He is co-author of Smythe and Ufford, "Matter, Motion and Electricity."

Dr. Conrad Acton, '25, is now serving as a Captain in the army at Station Hospital, Fort Belvoir, Virginia.

Richard C. Bull, '28, had a son, Richard Dudley, born on March 1. In June he plans to move to Spring Mill Road, Villanova.

John Keiter, '28, is in the army as a volunteer.

Fritz K. Downey, '34, had a second child, a son, John Hinton Downey, born on April 8.

Bob Atmore, '34, is teaching at Choate and doing graduate work at Yale and Penn in the summer.

Rowland G. Skinner, '35, is a member of the staff of Hoskins and Sells, Certified Public Accountants, New York.

Graham Rohrer, '35, announced the birth of a son, Douglas Darlington, on Wednesday, March 19, at the Hahnemann Hospital. Rohrer married Jane D. Darlington in June, 1938, and they are living in Thornton, Pennsylvania. Graham is Advertising Supervisor of the Baldwin Locomotive Works, a position which he has held since his graduation.

N. Putnam Morgan, '35, is now in training at Camp Wheeler, Macon, Georgia.

Joseph R. Carson, '37, was recently promoted to Sergeant, four months after enlisting for army duty. He is attached to the Headquarters Battery of the 69th Field Artillery, 44th Division, at Fort Dix, New Jersey.

John A. Cantrell, '37, had a son, Christopher Haines, born on February 28 in the Bryn Mawr Hospital.

Ralph H. McMahon, '37, is in training at Fort Dix.

Charles Stone Bushnell, Jr., '39, was married to Miss Evelyn Macallister Battey, daughter of Mr. and Mrs. William Earle Battey, of New Rochelle, New York, on March 15. Among the ushers at the wedding were David Bushnell, ex-'43, cousin of the bridegroom, and Winslow Shaw, '39.

Swarthmore Scores 9-3 Win Over Ford Baseball Team

Early Runs Give Garnet Victory

Rival Scores First Win in Nine Years

Haverford's varsity team ended its season last Saturday, losing a 9-3 game to Swarthmore on the Garnet athletic field. Collecting ten hits off two Haverford pitchers combined with three costly Ford errors, the home team scored in the first two and last two innings to register the first Swarthmore victory over Haverford in nine years.

Taking advantage of Al Dorian's wildness and loose fielding on Haverford's part, the winners pushed three runs across in the first inning to acquire a lead which was never threatened. Swarthmore tallied again in the second. After Beatty had reached first as the result of a Haverford error, Meehan singled to left to drive in the home team's fourth run.

Fords Score in Sixth

After holding the Garnet scoreless for three frames, the Fords scored twice in their half of the sixth, the only time they came within striking distance of the victors during the afternoon. Captain Strohl singled sharply to left for his second base knock of the afternoon and advanced to third on Don Magill's long double to left center field. With two out, Warner hit a high infield fly, which carried by the wind, fell safely between the pitcher and shortstop.

Swarthmore's half of the seventh was indeed a lucky seventh, which saw three more Garnet runs cross the plate. While receiving an intentional walk, Simson did the unexpected by hitting one of Dorian's wide pitches over second base to drive in another run. Roberts then relieved Dorian to finish the game for Haverford. In the eighth the Garnet tallied two runs to complete their scoring. Cope's double to left center field, the only base knock off Roberts, drove in the last two scores.

Final Run in Ninth

Haverford made its final bid in the ninth, when the first two men got on base by the hit-by-pitch-ball-route. Wingerd's pinch-hit single to right field drove the third and final Haverford run across the plate. The last two Ford batters were easy outs.

Jayvees Lose Third Straight Game, 11-4

Helped by six hits and seven opponents' errors, the Ursinus Jayvee baseball team beat the Haverford Jayvees, 11 to 4, in an abbreviated five-inning game at Collegeville Thursday.

The Fords started the scoring with a single run in the first inning on a walk to Conn. Day's single, and Jordan's long fly. Johnson's home run with the bases full off Haverford's Howard Ziegler featured Ursinus' six-run rally in the last half of the first.

Haverford Sailors Lose to Princeton

An unofficial Haverford sailing team lost its second match of the season Saturday as it was nosed out by Princeton, four races to two. Earlier in the year the Fords had lost to N.Y.

Haverford dinghies won five of the six individual races, but were unable to score enough seconds and thirds to win the match. Although Art Evans, aided by George Hopkins, won the first race, the Princeton team took more points. In the second race Evans repeated his victory, and his teammates helped him square the series. Haverford took a 2-1 lead in the third race as Paul Belgiano, with Bill Houston as crew, led all opponents over the finish line.

Princeton won the next three races, however, for although Evans won the fifth race and Belgiano the sixth, the Princeton sailors were more consistent. Also sailing for Haverford were Dave Marshall, Jacques Elwell, Henry Skerrett, and Seymour Alden.

Ziegler Hurls No-Hitter In Six-Inning Game To Down Garnet, 2-0

Ace Ziegler closed his pitching career at Haverford in a blaze of glory last Friday when he hurled a no-hit, no-run victory over the Swarthmore Jayvee nine in an abbreviated game to give the Haverford Jayvees a 2-0 victory on the Haverford diamond.

In twirling the Ford Jayvees to their first victory in five games, Ziegler held the opposition at bay throughout and was never in trouble. Facing just nineteen men over the six innings, he struck out seven batsmen and allowed only one walk.

Fords Begin Scoring

Haverford opened the scoring in the second inning, when Bob Day fanned but reached first when the catcher dropped the third strike and then threw wild to first. When Pitcher Ogden tried to pick him off first and Walker let the toss escape him, Day went to second. He stole third and counted on Gil Moore's single.

The final Ford tally came in the fifth on Deward's single, Peterkin's sacrifice, and Ziegler's line drive which the center fielder muffed, allowing Deward to score from second.

Drexel Wins

Limited to six hits by Pitcher Frank Carter, the Jayvees lost to Drexel, 10-1, on the West Philadelphia field Monday, May 5th. Ziegler pitched the full nine innings for the Fords, giving up ten hits and walking only three, but five errors were committed behind him.

Drexel jumped out to a three-run lead in the first inning on three hits, a passed ball, and two errors. A walk and two more misplays allowed two counters to cross in the second. One run in the fourth and four in the eighth completed the Dragon scoring. Jordan's triple and Moore's single gave Haverford its only tally in the fourth.

Drexel Tech Wins Over Fords, 3-2

Ken Roberts Loses Duel to McTamney

Ken Roberts limited the Drexel Tech hitters to six hits and three runs, but Bob McTamney stopped the Haverford batsmen with four hits and two runs, and Drexel registered a 3-2 victory over Haverford on the Drexel field last Thursday afternoon.

Roberts shut the Drexel nine out for the first four innings, while the Fords racked up two tallies in the third to take a temporary lead. Bill Watson singled with one out and Ken Roberts gained first on McTamney's error. Both advanced when Clyde dropped Saxer's third strike and was forced to throw him out at first. Then Bill Wingerd slapped a timely single to center field to send both runners scampering home.

Drexel Scores in Fifth

The initial Drexel run was registered in the fifth inning. With two away McTamney walked. Then Quinn singled to left, McTamney gaining third when Wingerd threw wide of the bag and scoring when the ball got through Winstow.

The tide of the battle turned in the sixth, when the tying and winning runs were scored. Gary Winstow hobbled Michaels' grounder, and Clyde rifled a double to center. Then Landis sent home the winning run with a double to left. Roberts then fanned Crouthamel and Clark flew out to Myers in center field.

Watson Gets Second Hit

Haverford couldn't get a runner as far as third base after the third inning and only twice put men on second. In the fifth, Bill Watson collected his second single with one out and went to second on Roberts' sacrifice, but Saxer flied out to center. Roberts singled to start off the eighth and gained the keystone sack on Saxer's bunt. However, he died when Wingerd fanned and Myers bounced out to the pitcher.

Garnet and Wesleyan Triumph Decisively Over Ford Golfers

Running into some of its toughest competition of the season, the Haverford golf team was defeated twice last week. On Wednesday Swarthmore triumphed over the Fords, 8-1, on the Swarthmore course, while on Saturday a strong Wesleyan team defeated them 6-0 at Middletown.

In the Swarthmore match, Gil Mustin started the home team on its way by defeating Captain Bill Liddell, six and five. Bruce Hannay won from Don Baird, three and two, and Mustin and Hannay took the best ball match, four and two. John Kuechle downed Howie Blum, four and three, while Bill Geddes defeated Spence Stuart, four and two. Again the best ball went to Swarthmore, five and four. Bob Evert garnered the only point for the Fords as he won his match from Bassett, three and one. The last points for Swarthmore were scored when Dick Smith defeated Bill McShane, six and five, and Smith and Bassett won their best ball match, six and five.

Against Wesleyan, Haverford was unable to capture a single point and suffered its first whitewashing of the year. The winners displayed excellent golf, as all the members of the four-man shot in the seventies. Johnny Van Arsdale led with a 74, while Bob Westcott was close behind him with a 76. Van Arsdale downed Bill Liddell, five and four, and Westcott defeated Don Baird by the same margin. The best ball match went to Wesleyan, three and two. At the other two positions, Millard Gamble won from Spence Stuart, six and five, and Dave Daniels took his match from Bill McShane, six and four. Gamble and Daniels took the best ball, six and five. Haverford will conclude its schedule this week with matches against Lehigh and Villanova.

Stevens Swamps Quaker Nine, 9-1

Giaccone Stops Fords With Only Four Hits

Scoring eight runs in the first three innings, the Stevens Tech baseball team handed the Haverford nine a 9-1 shellacking on the Hoboken diamond last Wednesday afternoon.

Haverford tallied its first, last, and only run in the first inning. Paul Saxer started the game off with a single to left and went to second on Micklus' error. George Warner drove him home with a ringing single.

Ken Roberts, starting on the mound for the Randallmen, was hit hard in the first three innings, but settled down to stop the home team cold for the next two. He gave way to Don Magill in the sixth.

Stevens racked up two runs in the first inning when Gleich drew a pass, and Connolly slapped one out of the park. Two more were tallied in the second without the use of a base knock, but the real damage was done in the third session. Lewis and Taverna singled successfully, and then Dobi singled after McDonnell had gained first while Lewis was tossed out at third. Micklus cleaned the bases with a Herculean clout to left that was good for the circuit. The final tally was scored in the seventh.

Ford Trackmen Place Seventh In Middle Atlantic Meet

Lafayette Wins With 43½ Points

Evans, Poole, Gary, Dunham, Howe Place

At the twenty-ninth renewal of the annual Middle Atlantic States Collegiate Association track and field meet, Lafayette College won three first places and placed men in all but three of the fourteen events and thereby won the track meet with a total of 43½ points.

The nearest competitor to the Leopards was Alfred University whose strength in the running events enabled them to compile a 27½ point total. This was 1½ points more than Franklin and Marshall was able to score, while Rutgers took fourth place honors with 22 points. Other scores were: Gettysburg, 21; Lehigh, 21; Haverford, 13; Muhlenberg, 12; Delaware, 10; St. Joseph's, 7; Bucknell, 5; Swarthmore, 2; Drexel, 0; Juniata, 0; and Washington College, 0. Becker Wins Two

Most instrumental in Lafayette's first championship since 1924 was her brilliant captain, Carl Becker. Becker was the lone double winner of the meet, turning in winning performances in both the hundred and two-hundred-yard dashes. Becker had no extra time of the proceedings for he was forced to his utmost to win over such stars as Seidman, F. and M., Everhart, of Gettysburg, and Armor, of Bucknell. The other Leopard first was accounted for when Larry Savadkin won the mile in a thrilling finish with Morely of Alfred and Hill of Muhlenberg. The time was 4 minutes and thirty seconds. Schibanoff Sets Record

Two new field records were racked up by two F. and M. huskies. The first was a new shot put record by Alex Schibanoff, who has also won fame as a tackle on the Little All-American Football team. Schibanoff turned in his record breaking performance by a terrific 48 ft. 4 in. heave of the 16 lb. ball. Incidentally, Mearle Greene, of Alfred, also eclipsed the old record of 46 ft. 5½ in. set by Bill Transvich, of Rutgers, in 1938. Seymour Cohen, F. and M. javelin thrower, also broke a record in his event when he tossed the spear 195 ft. 8 in., to break the old record of 191 ft. 3 in. which had stood since 1935.

Evans Wins Hurdles

Outstanding from the Haverford point of view was the championship performance of Morrie Evans in the 220 low hurdle race. After a slow start which was aggravated when he tripped over an early hurdle, Morrie turned on the heat and nipped Elliot, of Lehigh, on the last hurdle. Wilmer Dunham lost the high-jumping championship which he won last year to Douglass of Delaware, who cleared the bar at 5 ft. 10 in. Dunham finished second with a 5 ft. 9 in. leap.

Ed Howe accounted for two Scarlet and Black points when he placed fourth in the pole vault. Dave Poole and Jim Gary completed the Haverford scoring with fifth places in the mile and two mile races, respectively.

Lafayette Beats Ford Cindermen

Evans Wins Hurdles; Falconer Takes 880

Capturing first place in every event but two, Lafayette's powerful track team scored an easy 92-34 victory over Haverford, Tuesday at Easton. Morris Evans, in the low hurdles, and Walt Falconer, in the half mile, were Haverford's only winners.

Captain Carl Becker, Don Meeker, and Joe Condon were double winners for Lafayette. Becker won the 100 and 220, with Condon taking the high jump and broad jump, and adding a second in high hurdles for the day's scoring honors. Evans, with a third in the high hurdles, in addition to his victory in the lows, tied with Al Rogers to lead Haverford. Rogers was very impressive in taking second in both the 440 and 880.

Lafayette Undefeated

The victory enabled Lafayette to remain undefeated this season, while it was the third defeat against two victories for "Pop" Haddleton's charges, who are facing their toughest schedule in several years.

Becker and George Horst got Lafayette off to a good start by placing one, two in the 100 and 220. Frank Craig came from behind to beat Sam Snipes in the 440, although Al Rogers just missed nipping him at the tape. Falconer scored an easy victory in the 880, as a great finish by Al Rogers enabled him to nose out Lafayette's Larry Savadkin for second place. Savadkin, Middle Atlantic mile champion, had previously won his specialty, with Dave Poole finishing second. The two mile was a romp for three Lafayette runners, as Jim Gary did not compete.

Evans Runs Well
 Evans' time in the low hurdles, 25.2, was excellent as he nosed out Bill Kraushaar, Harley Anders, and Herb Clement. Lafayette demonstrated vast superiority in the weights, sweeping the shot put, discus, and javelin.

Summaries:
120-YARD HIGH HURDLES—1 Kraushaar (L); 2 Condon (L); 3 Evans (H); Time, 15.6 sec.

Ford Tennis Team Loses 7-2 Contest To Stevens Tech

The Haverford racquetmen suffered their third defeat of the season as a powerful Stevens' tennis team bombarded the Fords from all angles last Tuesday. Stevens swept the three double matches and took four of the six singles events as Freshmen Goerke and John Roessler provided the only Ford wins.

Goerke, playing at number one singles, downed Stevens' Marvinling, 7-5, 6-4, to continue his undefeated record, while Roessler easily bested Llanso with scores of 6-2, 6-3.

Captain George Swan found a difficult opponent in big Ed Israel, Stevens basketball star, and dropped a 6-1, 6-2 decision. Klein downed the Fords' Ed Flaccus by a 6-2, 8-10, 6-3 count in the only match of the day that went to three sets.

Stevens won all the doubles in handy fashion as Lowenberg and Israel downed Flaccus and Captain Swan, 8-6, 6-2, in the closest match. Roessler paired with Harry Vila to lose 6-3, 6-2, while Goerke and Doug Hallett lost a 6-4, 6-2 decision.

Summaries:
SINGLES—Goerke (H) beat Marvinling (S), 7-5, 6-4; Israel (S) beat Swan (H), 6-1, 6-2; Lowenberg (S) beat Vila (H), 6-1, 9-7; Klein (S) beat Flaccus (H), 6-2, 8-10, 6-3; Roessler (H) beat Llanso (S), 6-2, 6-3; Tyler (S) beat Hallett (H), 7-5, 6-4.
DOUBLES—Lowenberg and Israel, (S) beat Swan and Flaccus (H), 8-6, 6-2; Marvinling and Klein (S) beat Vila and Roessler (H), 6-3, 6-2; Tyler and Liebnitz (S) beat Goerke and Hallett (H), 6-4, 6-2.

Freshmen Capture Triangular Meet

Score First Win Of Present Season

Soundly trouncing younger and less experienced teams from Germantown Academy and Westtown School, the Haverford freshman track team scored its first victory of the season on Walton Field, Thursday afternoon. Haverford scored 76 points to 28½ and 27½ for Germantown and Westtown, respectively.

Amussen, Crabtree Lead
 John Amussen led the "Rhinos" with first places in the 100 and 440-yard dashes and the shot put. Dee Crabtree won his usual first in the broad jump and also helped to victory in the 220. Cy Beyer heaved the javelin 152 feet to win his specialty, as well as placing second in the 440 and third in the high hurdles. Howard Wood placed second in both the 100 and the broad jump, and came third in the low hurdles.

Pat Robinson looked quite impressive as he led the field in the low hurdles, and also made the best high jump of the day, but was relegated to fourth place.

Summaries:
120-YARD HIGH HURDLES—1 Vogel (H); 2 Sherwood (H); 3 Beyer (H); 4 Wires (H); Time, 18.0.
100-YARD DASH—1 Amussen (H); 2 Wood (H); 3 Gomez (H); 4 McBride (G); Time, 10.7.
800-YARD DASH—1 Wendell (H); 2 Lehman (H); 3 Roper (G); 4 Lovett (W); Time, 2:12.0.
220-YARD LOW HURDLES—1 Robinson (H); 2 Wood (H); 3 Wood (H); 4 Stauffer (G); Time, 21.9.
220-YARD DASH—1 Crabtree (H); 2 Johanson (G); 3 Gomez (H); 4 McBride (G); Time, 23.3.
440-YARD DASH—1 Amussen (H); 2 Beyer (H); 3 Roper (G); 4 Blair (H); Time, 25.1.
15-POUND SHOT PUT—1 Amussen (H); 2 Knott (W); 3 Wires (H); 4 Donohlan (W); Distance, 41 ft. 4 in.
JAVELIN—1 Beyer (H); 2 Burlingame (W); 3 Egger (H); 4 Burrows (W); Distance, 152 ft. 1-2 in.
DISCUS—1 Wires (H); 2 Sherwood (W); 3 Knott (W); 4 Egger (H); Distance, 91 ft. 10 in.
POLE VAULT—1 Heldenreich (G); 2 Wills (W); 3 tie between Shipley (H) and Burlingame (W); Height, 10 ft. 9 in.
HIGH JUMP—1 Frazier (W); 2 Heldenreich (G); 3 Mann (G); 4 Robinson (H); Height, 5 ft. 6 in.
BROAD JUMP—1 Crabtree (H); 2 Wood (H); 3 tie between Gomez (H) and Johanson (G); Distance, 20 ft. 0½ in.

Cricketers Win Third Straight For Intercollegiate Crown

Pennsylvania Downed 88-75, As Scheffer and Post Star

Comfort Charges Sweep League Matches, Routing Ursinus, 67-31, and Downing Princeton, 47-35, Earlier in the Week

Defeating Ursinus, Princeton, and Pennsylvania all within a week, the Haverford cricket team assured itself of the Intercollegiate Cricket Association championship yesterday afternoon as they downed the University of Pennsylvania cricketers, 88-75, in a thrilling match played on Cope Field.

Turning what seemed to be almost certain defeat into victory, the Haverford eleven scored more runs against Penn, yesterday, than they had been able to produce all season and retained the league lead which they had gained earlier in the week by virtue of their 47-35 victory over Princeton and their 67-31 rout of Ursinus. Batting against a team which had limited them to 29 runs in an earlier unofficial match, the Haverford team unleashed little unsuspected power in sweeping aside Penn, the last obstacle in their path to the championship.

Watlington Penn's High Scorer

Pennsylvania batted first and ran up a total of 75 runs, a figure which the Haverford eleven had not even approached this season. Watlington was high scorer for the Pennsylvanians with 31 runs, while their usually dependable captain, Graham Gibbons, was run out with no runs on a long throw by Bill Grale. Heppie, with 15 runs not out, and Rosen, with 14 runs, were also thorns in the Haverford side.

Haverford Inning

The Haverford inning, one of the most spectacular seen on Cope Field since cricket's heyday, was featured by the powerful batting of Arnie Post, with 27 runs, and Ed Scheffer, with 31 runs. After Foreman, Elwell, and Folwell had been retired for only eight runs, defeat seemed imminent, but these next two batters, Post and Scheffer, combined to turn in two of the best individual performances witnessed here this year. Batting against the usually excellent bowling of Gibbons and Watlington, this pair got together for a long inning which included eight boundaries and produced a total of 60 runs.

Early in Post's inning, Gibbons waived an opportunity to retire him on a technicality and, like a true sportsman, allowed him to complete an inning which proved to be so disastrous to Penn's championship hopes. With Haverford's score standing at 68 runs, six men yet to bat, Gibbons finally managed to bowl Post out and end the phenomenal inning. Bill Grale then came to bat and with the help of one boundary was able to collect the few runs necessary for the Haverford victory.

Last week, playing its first match with Penn on a rain-soaked Fairmount Park crease, the Haverford cricket team lost an unofficial game, 51-29. Unable to analyze the clever bowling of Penn's captain, Graham Gibbons, none of the Haverford batsmen could equal the total that the Penn team piled up against Grale and Scheffer in its inning. For Pennsylvania, Gibbons bowled six maiden overs, as he took all of the Haverford wickets, and his Canadian teammate Watlington was the afternoon's high scorer, with 27 runs.

On Wednesday, Haverford snatched a four-game losing streak and won the first league game of the season against a weak Ursinus team, 67-31. Ken Foreman, leading off for Haverford, scored 25 runs and was not out, as he batted during the entire Haverford inning. The remainder of the Haverford team had little more trouble with the erratic bowling of Baker, Hoopes, and Harrison, with Kirkpatrick and Scheffer both scoring 10 runs. Given excellent support in the field, Jacques Elwell and Arnie Post bowled only eight overs to retire the entire Ursinus team.

Traveling to Princeton on Saturday, Haverford defeated Princeton, 47-35, for its second league victory. Hampered by a poor crease, the Haverford team had trouble in downing a team which they defeated, 58-25, last year.

Scheffer Stars at Bat

The bright spot in the Haverford inning, which saw five men bowled with 10 runs, was the batting of Ed Scheffer, who scored 12 runs not out. Only Jacques Elwell and Arnie Post, with 10 runs apiece, were able to approach this total. For Princeton, Brisbane was the high scorer with 9 runs, not out, although the whole team managed to hit consistently. In this inning, Ed Scheffer bowled the last five men out to retire the side.

Ford Jayvee Netmen Lose to Penn Frosh And Garnet Jayvees

Facing rather stiff opposition this week the Jayvee racquetmen were defeated in two matches, one on Wednesday to the Penn Freshmen, and the other to the Swarthmore College Jayvees, the former 7-0, and the latter 6-3.

On Wednesday the Penn Freshmen made a clean sweep of the six singles matches and one doubles. In the singles Dick Blackwell lost to Garrett, 2-6, 6-3, 6-2. Sumner Ferris met a like fate against Bill Price, 6-1, 6-2. In a hard fought battle Captain Art Ashbrook suffered a 7-5, 2-6, 6-3 defeat at the hands of George Lefkswich. Paul O'Connor dropped two sets, 6-3, 6-0, to hard-stroking Javer. Al Branson was topped 6-2, 6-3 by John Hill, while Dan Weaver lost to John Beckman, 6-1, 6-3. Only one doubles match was completed. In this Weaver and Branson lost 6-3, 4-6, 6-4 to Beckman and Sumner, making the score 7-0.

Showing more strength in the doubles than singles, the Ford Jayvees were topped 6-3 by the Swarthmore racquetmen on the latter's courts last Friday. Playing in marathon style, Dick Blanshard of the home team topped John Roessler, 12-10, 6-0. Captain Art Ashbrook, of the visitors, was edged out by Sam Lax, 6-2, 4-6, 6-2. Sumner Ferris, of the Scarlets and Black, tallied the first point for the visitors by winning, Thatcher overcoming Paul O'Connor, 7-5, 6-2, and Gemberling topping Al Branson, 6-3, 6-3. The home team took the third of the doubles tilt with Gulich and Freifeld downing O'Connor and Branson, 6-0, 8-6.

Netmen Win 7th From Lafayette

Goerke Wins Again In Close 5-4 Match

A hard-hitting Haverford tennis team took their seventh match of the season as they downed a fighting Lafayette squad by a narrow 5-4 decision on Saturday on the winners' courts. Undefeated this season in intercollegiate competition, Ed Goerke, playing in the number one singles position, ran his victory string to ten straight matches as he downed Lafayette's Jack Quinn by a 6-1, 3-6, 6-4 count.

Bob Stuhler proved a stumbling block for the Fords' Captain George Swan, who lost a 6-2, 6-2 decision, and Dick Blackwell put up a hard battle before losing to the Leopard's Sanford Bluestein by a 10-8, 6-4 score.

Newhall, Flaccus Win

Bill Newhall swept the Fords back into the win column as he drove Art Kadish off the court with a 6-4, 6-1 decision. Harry Vila downed Bob Wetmore, 6-8, 6-1, 7-5, and Ed Flaccus bested Pershing Jones, 6-2, 6-1, to give the Fords a four to two lead.

Needing but one of the three doubles to win the match, things looked black for the Main Liners as Newhall and Stanton and then Flaccus and Roessler lost. But Goerke and Vila rebounded from a bad start to down Jones and Wetmore, 6-8, 6-4, 7-5, and provide the winning margin.

Manna Marvels Lead Club Softball League As Four Teams Compete

At the end of two weeks play in the inter-club softball league, the Manna Marvels, composed principally of Merion athletes, led the league with a record of three victories and no defeats. Bill Miller's team was in second place with two and two, followed by the Tenth Entry club with two and three and the Slippery Rock Teachers with one and two. Kirkpatrick's Topsy Tossers, the fifth club in the league, disbanded after their initial defeat. In the feature game of the week, the Marvels, captained by the "injured" Chuck Olson, defeated the Tenth Entry club by a 10-6 score.

Many Revisions Appear in 1941-42 Class Schedule

New Subjects Added; Numbering System For Courses Changed

With the addition of several new courses, the class schedules have undergone slight changes to eliminate conflicts in related fields. The numbering of the subjects have also been modified, the schedules issued last week indicate.

All elementary courses are now numbered with only one digit, while the advanced courses have two digit numbers. The old "A" language courses have been changed in numbers to "1," and the other courses advanced one in number. Four Math Sections

Next year there will be four Freshman mathematics sections to take care of the increased enrollment. Spanish 1 and 3 have been added to the list of subjects. French 16b, French Literature through the Sixteenth Century, by Dr. William W. Comfort is also a new course.

Music 3a, Music in the Nineteenth Century, and Art 4b, Greek and Roman Art, will be given. Four new government seminars have been established, Gov. 17a, 17b, Development of Political Thought, Gov. 25a, Democracies and Dictatorships, Gov. 26b, Latin American Relations, and Gov. 31, "The Next Peace." There is a new philosophy course, Phil. 12b, Philosophy of Science.

Old List Revised
The old list of schedules has been completely revised. The subjects are now listed by hours under the two headings of days, Monday, Wednesday, Friday, or Tuesday, Thursday, Saturday. This change was effected to facilitate the making out of schedules.

Dye Heads Night School; Other Posts Announced

New appointments by the Students' Council were announced Sunday by Kenneth S. Roberts, president of the Students' Association. Roy A. Dye, Jr., is the new director of the Night School. T. Canby Jones will head the Charity Chest.

H. Mather Lippincott is to be editor of next year's college handbook, and J. Neal Addoms has been appointed to represent the Council on the Cooperative Store Committee. John C. Whitehead will be director of intramural athletics.

CONFERENCE PLANNED HERE

Members of the Middle Atlantic Section of the Society for the Promoting of Engineering Education will hold their spring meeting in 1942 at Haverford, Professor Leon H. Rittenhouse announced this week. The invitation to hold the conference at the College was extended by the Engineering Department.

Fenwick Sees No Immediate Necessity For Western Hemisphere Defense Alliance

Informal cooperation between the twenty-one American republics is working so effectively today, that no immediate need exists for the formation of a defensive alliance among the nations of the Western Hemisphere.

That, at least, is the opinion of Charles G. Fenwick, famed authority on international law and professor at Bryn Mawr for the last two decades. After spending several weeks in the United States, Professor Fenwick is already on his way back to the sessions of the Inter-American Neutrality Commission which sits in Rio de Janeiro.

Present Machinery Adequate
"Practical difficulties of formulating a defense pact would make it seem desirable to rely upon the present machinery of inter-American consultation and to meet emergencies as they arise," the tall, soft-spoken Baltimorean believes. And this belief he bases on firsthand contact with the consultative machinery which has been set up by the Western Hemisphere nations.

Just what course of action countries in South and Central America will follow, Professor Fenwick can't predict. But he does foresee the possibility either of the adoption of a position of benevolent neutrality towards the United States, if America should enter the war, or even of actual entry by some Latin American states into the conflict as the allies of the United States.

Putting Teaching to Use
In making such statements, of course, Professor Fenwick isn't expressing the opinion of the Inter-American Neutrality Commission or of the State Department. They are merely the observations of an experienced teacher who turned his academic training into practical diplomacy.

As a professor of international law at Bryn Mawr since 1912 and Associate Editor of the American Journal of International Law, the affable Southerner has been appearing before Congressional committees for a long time. It wasn't until 1936, however, when he served as a delegate to the Inter-American Conference for the Maintenance of Peace in Buenos Aires that he entered the field of Latin American affairs.

Was at Lima
The result has been a more or less continuous leave of absence from his classes up the pike. In 1938 Professor Fenwick attended the Lima Conference. And a year

ago last September the Pan-American Union appointed him as a member of the seven-man neutrality commission which sits in Rio de Janeiro.

Dr. Fenwick hasn't any illusions about what might happen to Latin America if Germany won the present war. For, if Germany did secure a victory, according to the international lawyer, the United States would have its hands full putting up any sort of defense below the Caribbean.

Economic Factors Important
"More important still, however," he maintains, "would be the economic situation. Latin America would be under the practical necessity of entering into barter agreements with the Reich dominant in European markets. Not only would these agreements go far to eliminate the United States from Latin American trade but would also give rise to a greater or lesser degree of political control."

Axis powers are carrying on a vigorous propaganda campaign in many Latin American states, but, in the international lawyer's opinion, the campaign will not prove effective unless Germany does win the war. Besides, sentiment below the Rio Grande has definitely become favorable to the United States.

Turning Point 1936
"The turning point in the affairs of the Western Hemisphere came in 1936 when the Inter-American Conference for the Maintenance of Peace was held in Buenos Aires. There the United States proposed that the Monroe Doctrine become the common doctrine of all the American republics, and consultative machinery was set up for common defense."

As a member of part of that machinery—the neutrality commission—Professor Fenwick advises American governments in respect to their rights and duties under the international law of neutrality. In this capacity, however, he isn't acting as the official representative of the American State Department.

"I'm appointed by the Pan-American Union," he never fails to point out, "and still remain a professor at a women's college."

100 Persons Attend Faculty Women's Tea

About 100 faculty, students, and their dates attended the tea sponsored by the Faculty Women's Club in the orchard by the nature walk Sunday from four to six. Chairman of the committee in charge of arrangements was Mrs. Theodore Hettel. Other members of the committee were Mrs. Carl B. Allendoerfer, Mrs. George Montgomery, and Mrs. Richard Sutton.

Those helping at the tea were Mrs. Allendoerfer, Mrs. William E. Cadbury, Jr., Mrs. Frank W. Fetter, Mrs. John G. Herndon, Mrs. Dean P. Lockwood, Mrs. Frederic Palmer, Jr., and Mrs. Sutton. Punch, ice cream, and cookies were served. A student committee under the direction of John L. Webb, Jr., also assisted.

Store Committee Adopts New Method Of Electing Chairman

A special amendment to the Store Constitution has been passed which alters the method by which the chairman of the Store Committee is to be elected. Albert D. Branson, present chairman, announced last week.

The amendment reads, "The Store Committee shall consist of a senior, who shall be chairman, a manager of the Store, a representative of the Students' Council, a faculty advisor, and three juniors. Junior members shall be chosen in the spring of their sophomore year by the Students' Council from a list of nominees recommended by the Store Committee. The Chairman shall assign to the juniors whatever duties he may see fit. One of the juniors shall become chairman in his senior year."

Colleges Combine To Present Drama By Shakespeare

Bryn Mawr Players Appear in Production With Cap and Bells

A large audience acclaimed the performance of Shakespeare's "A Midsummer Night's Dream" on the lawn outside Bryn Mawr's Goodhart Hall Saturday evening. The play was staged by the Bryn Mawr Varsity Players with the cooperation of the Cap and Bells Club.

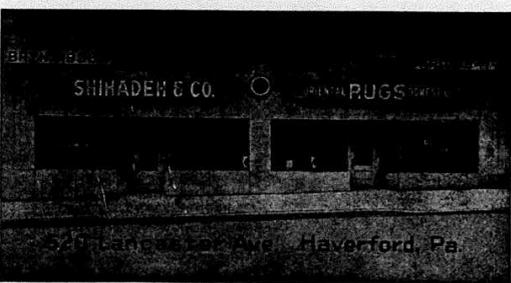

Some thirty-five Haverfordians appeared in the cast, which was headed by Fifi Garbat as Puck, Pernel Crosby and Dorcas Dunklee as Hermia and Helena, and Edgar Emery and John C. Marsh as Lysander and Demetrius. David A. Winder was Oberon, and Douglas H. Baker portrayed Hermia's father, Egeus.

The audience was especially appreciative of the antics of the six mechanics whose amateur production of the old tragedy of Pyramus and Thisbe enlivens the final act of the play. The intricate lighting of the huge natural stage directed by Frances Matthai. Incidental music was drawn from Mendelssohn's "Midsummer Night's Dream" suite.

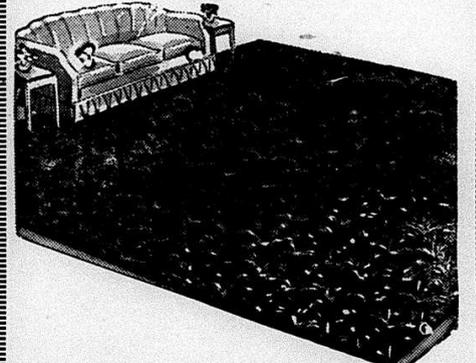

Benno Frank, the Viennese director, who was in charge of the production, received an ovation when he appeared on the stage at the conclusion of the performance.

The production, which was originally planned for Friday, was postponed at 8:30 Friday evening because of rain.

Buell Attacks U. S. War Policy In Collection

States Roosevelt Lacks Leadership Needed In Present Crisis

Addressing last Tuesday's Collection, Raymond Leslie Buell outlined the present crisis as he sees it to the student body of the College. Accusing President Roosevelt of not providing the leadership essential to the country's welfare, he went on to suggest that the administration take Congress and the country into its confidence on the true state of the foreign situation.

Buell, at present an editor of Fortune and head of Fortune's round table, is a former president of the Foreign Policy Association and was Wendell Willkie's advisor on issues of foreign policy in the 1940 presidential campaign. America Needs a Churchill

According to Mr. Buell the war is being lost in Washington. "We do not want a Chamberlain to head the country in these days of extreme danger, but rather America needs Churchill," he stated. Continuing, he added that the American people are becoming weary of government by subterfuge and vacillation, and that they are in the dark as to the seriousness of the situation. "The people do not know what American policy really is," Buell warned, "and, instead of developing a firm determination, the country is beginning to think like Britain and France before Munich.

"If the President really thinks a Hitler victory will be disastrous to America," Mr. Buell said, "he must quickly consult opposition leaders and then tell Congress what he wants to do about protecting the Western Hemisphere." Must Solve Shipping Problem

The Haverford students heard that, unless the United States solves the Atlantic shipping problem, Britain will soon have to sue for peace. Mr. Buell also said that the President ought to tell the nation to what extent supplies are reaching Great Britain.

In conclusion, Mr. Buell said it was his conviction that Roosevelt should ask Congress for a vote of confidence on a policy of direct action for the protection of this hemisphere. Such action would tend to produce democratic unity, strengthen governmental processes, and dissolve many of the present suspicions. In a final admonition to the administration, he said, "We must not lose our democracy at home while professing to fight Fascism abroad."

Morley Addresses Final Round Table

Gerig Also Attends Meeting Wednesday

President Felix Morley and Professor Benjamin Gerig led the discussion at Wednesday night's meeting of the Round Table. The subject under discussion was "Should the United States Assume Leadership in World Reorganization after War?"

Opening the discussion, President Morley gave a ten-minute address. He stated that there was no doubt that this country would have to take the lead in a post-war world. He also discussed the economic position of the country, which proves that America would lead.

Discussion of the manner in which re-organization would be made was taken up by Professor Gerig. He spoke of world cooperation along lines similar to the League of Nations, however with more effective powers of operation.

Following the introduction of the subject given by President Morley and Professor Gerig, a general discussion was held. Approximately twenty-five persons, including Professor Leon H. Rittenhouse and Professor Alfred W. Haddleton were present.

61 Sophomores Get Colorful Class Caps

Thomson Splurges; Buys Pair of Hats

Maybe persons connected with the Haverford campus have noticed the sophomores wearing hats lately, hats which are more or less uniform. It would not be surprising. These are the class hats distributed last Tuesday by T. Canby Jones, head of that agency.

Prices for these chapeaux were \$1.25 and 1.40, Jones admitted. 61 sophomores paid. In spite of the difficulty encountered by many in raising this cash so near the Junior Prom, Harold Thomson bought two. Even salesman Jones could not explain the plausibility of this order. Thomson plans to attend Fordham in 1941-42.

"Peace" to be Given In Greek Saturday

Student and faculty members of both Swarthmore and Haverford will participate in the performance of Aristophanes' "Peace" to be given at Swarthmore Saturday. The production is under the direction of Keith Chalmers of the Swarthmore English Department.

Two years ago a like production of Aristophanes' "Clouds" attracted an audience of several hundred persons. Mr. Lindsay A. Lafford has written music in Greek modes for the "Peace." Haverford members of the cast are Professor L. Arnold Post, Warren Anderson, John Enck, James Sutherland, and Whitney Yeaple.

Alvord Announces Profit for "Stack"

Magazine Quadruples Advertising Space

With the receipts from the last issue of The Stack this year, Ellsworth Alvord, a manager of the Cooperation, reports a profit of a little over \$4.00. Last year the magazine broke exactly even.

The losses of the first and third issues this year were more than covered by a profit of about \$12.00 on the second issue. This profit was due to an increase in the number of advertisers. The first issue of The Stack devoted only three pages to ads, while the issues of this year have averaged twelve pages of ads.

The number of copies that has been printed each time is approximately 200. "As the magazine sells for only ten cents, the approximate \$4.00 increase this year represents a comparatively large amount," stated Alvord, "and it signifies an increase in student and faculty interest over last year."

The Stack is run on a strictly non-profit basis, all money made going directly into future issues. Every issue has been a complete sell-out.

Chem Club Elects Addoms President

Brown and Gaensler Also Named Officers

At a recent meeting of the Chemistry Club, J. Neal Addoms was elected president of the club for the coming year to succeed Robert Evert. At the same time, Richard Brown was named vice-president, Edward A. Gaensler became secretary.

The Club decided at this meeting that the office of vice-president should be created because of the increased number of club members. Professor Thomas O. Jones also explained changes in the chemistry department at this meeting.

T. Lloyd Cadbury will be president of the Biology Club for the next year, replacing Robert Follwell. Howard Kriebel is the new secretary-treasurer.

It was announced by Hunt Davis, Monday, that the Engineering Club would not hold its elections until next fall.

French Film Shown Saturday in Roberts; Vic Dance Follows

Saturday evening the French film, "Grand Illusion," was shown before a small audience in Roberts Hall. The movie featured the outstanding French actor Jean Gabin. He was supported by Pierre Fresnay, Dita Parlo, and Eric von Stroheim.

Immediately following the picture, there was a Vic Dance given in the Common Room. The attendance at both affairs was small because of four dances and a play being given at neighboring girls' schools and colleges.
