"Say I am on clear proof from my Lord"

Al-Furqan media foundation presents a word for Emir of believers, Sheikh Abu Omar al-Hussaini al-Qurashi al-Baghdadi –may Allah protect him- under heading: "Say I am on clear proof from my Lord" [6:57]. We ask Allah for it, to be useful for the believers.

All praise is due to Allah, from whom we thank, ask help and forgiveness, we seek refuge in Allah from the evil within ourselves and from our ill deeds. Whoever is guided by Allah can not be led astray, and whoever goes astray cannot be guided. I testify there is no God but Allah and no partner has He. And I bear witness that Muhammad, is His slave and messenger. Allah the Almighty says: "Truly, Allâh defends those who believe. Verily! Allâh likes not any treacherous ingrate to Allâh (those who disobey Allâh but obey Shaitân)" [22:38]. And says: "And there is no victory except from Allâh, the All-Mighty, the All-Wise" [3:126]. Allah is the greatest... Allah is the greatest... Allah is the greatest..., "Help from Allâh (against your enemies) and a near victory" [61:13].

O bold courageous Mujahid in the idols jails... Lift your head and laugh from the deep of your heart, because you have brothers who do never accept injustice for you, they pledged to Allah, to bring you back to their ranks (Army), by Allah's mighty at the beginning and at the end. Yesterday your brothers cried Takbeer over "Abu Ghraib" (jail) walls, and they released more than 60 prisoners and they did the same in "Combating terrorism" prison, then the apostates' jails in al-Amel district police station, then Shahraban police directorate in Diala province. And today, by the grace of Allah, the State of Islam soldiers broke into one of the idols dens and one of their fortified stronghold, in an operation which was -by the enemy's confession- an "extremely quick and precise" operation, whereas, your brothers diverted their enemy in more than one location, this distraction to the enemy's power was helpful to the brothers who stopped roads and disrupted electricity and communication systems and then in less than 15 minutes, they were in the jail opening the doors for their brothers from the migrants (Mujahideen from outside Iraq) and supporters (Mujahideen from Iraq), more than 220 Mujahid were released by the mighty of Allah. The enemy confessed only 140 freed and that is true because they have mentioned only the supporters from Iraq, while the rest were from the migrants to Allah in the land of two rivers. Allah is the greatest... Allah is the greatest... Allah is the greatest...

And while we are in this glory -fighting the enemy and holding patiently with our selves and our brothers in the face of an unprecedented Crusader- Safawids campaign since the occupation began, asking support from everyone for gathering the ranks and uniting the word-, we all got surprised with a vicious multi directional media onslaught against the young Islamic state, which brought sorrow to all the faithful due to its precise and coordinated content and its multiple means and the harmony between its leaders despite their different inclinations. It is obvious that this was planned in a pitch black bleak night, and as stated in a study for Brox institution in cooperation with Rand research organization published before the last satanic campaign over State of Islam under the banner of (Fighting al-Qaeda). And if we want to know who is behind this campaign we should know who is the beneficiary, so let us ask questions: How is Jihad in the land of two rivers if there was no "Mujahideen Shoura council" or the State of Islam? And how things will go if the State of Islam's soldiers laid down their weapons and stopped Jihad?

The answer is known... The honor will be violated; the crops and the cattle will be exterminated. And if you don't believe it, I ask any fighting group which claims the perfect methodology, the pure banner and the might in front of enemies, to publish three filmed military operations for breaking into American headquarters or even one filmed operation for breaking into just a one American military barracks.

So what are the goals of this recent media onslaught against the State of Islam? Firstly, disengaging the strong cohesion between the State of Islam and its great popularity. Secondly, trying to make conflict between the State of Islam and other Jihadist groups. Thirdly, excluding the global Jihadist trend from the battle field for the interest for national trends which are more opening and more moderating and distorting its worldwide image. Fourthly and lastly, eliminating the Jihad in the land of two rivers and make Muslims' nation loses hope in it. In light of the collapse which strikes vigorously al-Maliki's government foundations and after a grave declaration by elite team of American officers that: "The US has only six months to win the war in Iraq, Or it will face a Vietnam-style collapse", and this which was confirmed by the war deek –cock- Cheney, who suddenly turned into a chicken giving a defeatist speech that: "Their target now is to go home with honor", and also the democratic majority in the US Congress declared that: "The security plan should give its fruitage in the middle of this summer, or they will hurry in withdrawing the troops within the end of this year".

This precise period of time made the enemy and his agents in a race to prepare Iraq for a new leadership. Which will be more moderate and less dangerous than the State of Islam. especially if we knew that the Americans will inevitably go through a military campaign against Iran for many reasons, and this is not the time to mention them, then settling Iraq and end the catastrophic situation there is a must, especially in the Sunni provinces, even if it was by the interest of a moderate Islamic group or yet a fundamental one, but can be handled via a mediator. This is the reason why Aal-Saloul – the Saudis- are in a hurry to build and fortify the "Saudi Hezbollah" under a different title with the blessing of Sultan scholars [Scholars whom work for their leaders' sake not Allah's sake] specially those whom were well known in their hostility against the Islamic movement members so the oil money had flooded to them, by the so-called "Muhammad bin Nayef" [Chief of Saudi intelligence] and by the religion traders [Those who sell their religion to please their masters but not Allah] then, they started a three dimensional war against the State of Islam:

First, drying up the sources of money via a long term campaign of lies and false accusations, which sadly were believed by many faithful, and they had forgotten that Allah's apostle –peace be upon him- said: (My bestowed is by my spear shade) and said: (Good will remain [as a permanent quality] in the foreheads of horses till the Day of Resurrection).

Second, drying up "men" sources and cut the relation between the sincere believers and the State of Islam especially after the failure of all their Fatwas [legal pronouncement] to repulse the Muslim Mujahid youth from sacrificing their money and souls for sake of Allah, so they plotted with Mosad and CIA agent "Yousri Fouda" [reporter in Al-Jazeera] and cooperated together to detect and unveil the paths of entry of the emigrant fighters and martyrdom seekers, Despite, that those good people -who accompanied them and facilitated their affairs-, Have stated more than

once that they do not receive emigrants, then what pushed them to this risk? And exposing this way and put it under spot? And this wicked “Yousri Fouada” admitted that he gave the information to a country’s intelligence.

Third, Entering into a triple headed dagger, its poles are:

A. A group of beneficiary apostates, blood traders and Jihad fruitage stealers Such as: Saad Zaghlool, Ben Bella and Ali Janah. To those we say: "The time is gone for stealing Jihad fruitage and trading the organs of war victims and martyrs bloods". The Prophet -peace be upon him- said: (The believer does not allow being stung twice from one (and the same) hole).

B. a group of alleged Salafies, who sit at home not fighting and not letting others to fight because of their cowardliness, their goal is to insult the Mujahideen and expose their faults.

C. A group of envious pushed by the rush of many of their elements and battalions to pledge alliance with the State of Islam. Mankind is created to desire to be the highest, so it does not like anything to be above it. The prophet -peace be upon him- said: (Three things, no one can escape from: suspicion, augur evil and envy). Ibn al-Qaiyem [A Muslim scholar] who faced severe insults because of envy said: "Imam Ahmad ibn Hanbal was a group [By himself], people could not bear that fact because of envy, so they went to the Caliphate and said “Is it logical that you and your counselors and rulers are all on false and Ahmad alone is on the truth?” the Caliphate could not bear this fact so he ordered him to be jailed and tortured. La Elaha Ela Allah, it happens today as it was yesterday" And we say as Ibn al-Qaiyem said: “La Elaha Ela Allah, it happens today as it was yesterday” And we remind you with Allah's say: "Allâh already knows those among you who keep back (men) from fighting in Allâh's Cause, and those who say to their brethren "Come here towards us" while they (themselves) come not to the battle except a little, Being miserly towards you (as regards help and aid in Allâh's Cause). Then when fear comes, you will see them looking to you, their eyes revolving like (those of) one over whom hovers death; but when the fear departs, they will smite you with sharp tongues, miserly towards (spending anything in any) good (and only covetous of booty and wealth). Such have not believed. Therefore Allâh makes their deeds fruitless and that is ever easy for Allâh" [33:18-19] They repulsed people from Jihad in the sake of Allah because of what was in their hearts of rancor and envy towards truthful believers, and fear and alarm that took off their hearts. They also invited their tribes to rest and comfort, even if it meant taking infidels as friends, and opposing Allah, his messenger and the believers, and they put their hands in the hands of Arab idols begging their help for religious people, in sweet tongue claiming that all they want is the occupiers out. People have thrown us with many lies which don't have any bases in our belief: they have claimed that we consider the public as disbelievers, sparing their blood and money and force people to join our state by sword. So here are our values answering those lies, and to not be for a liar any excuse and not be for a lover any suspicions.

First, we consider destroying and removing all signs of idolism and forbidding its means compulsory. It was narrated by Imam Muslim in his Sahih that: (Abu al- Hayyaj al-Asadi told that: Ali Ibn Abi Taleb has said to me that: Should I not send you on the same mission as Allah's Messenger (peace be upon him) sent me: (Do not leave an image without obliterating it or a high grave without leveling it)).

Second, Rawafid (Shiites) are idolaters and renegades party, and they also abstainers from a lot of Islam monuments.

Third, we consider magician as a disbeliever and renegade and that killing him is compulsory, without accepting his repentance in this life after capturing him. Omar ibn al-Khattab said: "Magician limit (punishment) is a sword hit (death)"

Forth, We do not accuse a Muslim -prayed to our oratory- in disbelief because of sins like; adultery; drinking wine and stealing unless he makes it halal Our saying in belief is middle between the extreme of Khawarij (a group of Kuffar) and the neglect of Murjea He, who recites the Shahadah and practices Islam without denying anything of Islam, will be treated as we treat the Muslims and his inner self will be left to Allah. And that disbelief is two types: great and small, also, judging who commit it is based on believing, saying or acting Saying someone is Kafir (disbeliever) or saying that he will stay in Hell for ever is based on proving Kufr conditions and the inability to prove else.

Fifth, it is compulsive to seek Allah's judgment in disputes by pleading to religious courts and searching for them in case of not knowing where they are at, because seeking idols judgment which comes from secular and tribal laws makes the Islam of the one who do it invalid. Allah said: "And whosoever does not judge by what Allâh has revealed, such are the Kâfirûn (disbelievers - of a lesser degree as they do not act on Allâh's Laws)" [5:44]

Sixth, respecting the prophet peace be upon him is compulsory and forwarding in his presence is Haram and attacking his honorable position, or his pure family position or even his respected companions either from the 4 guided Caliph or other companions is a disbelief and renegade Allah (SWT) said: "Verily, We have sent you (O Muhammad peace be upon him) as a witness, as a bearer of glad tidings, and as a Warner. In order that you (O mankind) may believe in Allâh and His Messenger (peace be upon him), and that you assist and honor him (peace be upon him), and (that you) glorify (Allâh's) praises morning and afternoon" [48:8-9]. And He said in the prophet's companions: "Muhammad (peace be upon him) is the Messenger of Allâh. And those who are with him are severe against disbelievers, and merciful among themselves. You see them bowing and falling down prostrate (in prayer), seeking Bounty from Allâh and (His) Good Pleasure. The mark of them (of their Faith) is on their faces (foreheads) from the traces of prostration (during prayers). This is their description in the Taurât (Torah). But their description in the Injeel (Gospel) is like a (sown) seed which sends forth its shoot, then makes it strong, and then becomes thick and it stands straight on its stem, delighting the sowers, that He may enrage the disbelievers with them. Allâh has promised those among them who believe (all those who follow Islâmic Monotheism, the religion of Prophet Muhammad peace be upon him till the Day of Resurrection) and do righteous good deeds, forgiveness and a mighty reward (Paradise)" [48:29]

Seventh, we believe that secularism despite the differences in its flags and parties, such as: Nationalism, Communism, Baathism, is a clear disbelief, opposing to Islam and he who practices it is not a Muslim. Based on that, we consider everyone who participated in the political process i.e. al-Mutlak party, Delemi party, al-Hashimi party and others is a disbeliever, because this

process changes Allah's religion and let Allah's enemies (Crusaders, Rawafid and other apostates) control Muslims. Allah said in those who changed something of His religion to please idolaters: "And certainly, the Shayâtin (devils) do inspire their friends (from mankind) to dispute with you, and if you obey them (by making Al-Maitah (a dead animal) legal by eating it), then you would indeed be Mushrikûn (polytheists)" [6:121]. We also consider the Islamic party methods, a disbelief and renegade methods, because such methods do not differ from the rest of disbelief and renegade methods (of other parties) i.e. al-Jaafari's and Allawi's parties. Based on that, we consider their leaders as disbelievers, there is no difference for us between a participant in the government and a branch (of the Islamic party) leader, but we do not consider its members as disbelievers, as long as the legitimate confutation was not clarified to them.

Eighth, we consider anyone who helps the occupation and its supporters in any kind of help (Clothes, food, medicine, etc) which can help it and strengthen it as a disbelief and renegade and by doing that, he becomes a target to us.

Ninth, we consider Jihad in the sake of Allah as compulsory on everyone, Since the fall of Andalusia to free Muslims' land with every good or bad doer. And that the largest sin after disbelieving in Allah is the prohibition of Jihad in the sake of Allah when it's compulsory. Ibn Hazm said: "And there is no greater sin after disbelieving but the prohibition of Jihad against disbelievers and giving them Muslims' women, because of the lewdness of a Muslim man whom others should not be accounted for his acts".

Tenth, we believe that countries if were ruled by Kufr and Islam rules come second, then those countries are Kufr countries; this does not mean that their people are Kuffar. And because the rules that control all Muslims' land today are idol's rules, we consider the presidents of those countries and their armies as disbelievers and renegades and fighting them is more compulsory than fighting the crusade occupation. So be warned that we will fight any invasion troops invading the State of Islam in Iraq, even if they were named by an Arabic or Islamic name and we advise them to be not scapegoat for occupation, as it is suggested, to solve the crusade occupation problem in Iraq.

Eleventh, We consider fighting police and army of the state of idol and renegade and anything that comes from it i.e. petroleum security compulsory, and that demolishing any building if we see that the idol will use it as a camp is also compulsory.

Twelfth, we consider people of the book parties and Sabians in the State of Islam today as war people, no honor for them; because they had broken their oath in different ways, so if they want to be safe and secure then they have to renew their oath with the State of Islam according to Omar's treaty that they have refused.

Thirteenth, we consider the members of other Jihadi groups in Iraq as our brothers and we don't accuse them in disbelief or immorality, but they are disobedient because they didn't do today's duty (Which is working under one flag).

Fourteenth, we are not committed to any agreement done with the occupation, and we consider it as null and we warn the occupation from doing any agreement secretly or in public without the State of Islam permission.

Fifteenth, we consider respecting truthful scholars who do what they say compulsory, and we defend them and put ourselves before them to protect them. And we also expose those who follow idol or compromise with it on anything in Allah's religion.

Sixteenth, we know to those who preceded us in Jihad their right, respect them and protect their families and money.

Seventeenth, we consider freeing Muslims' prisoners and women from disbelievers either by invasion or ransom compulsory. The prophet peace be upon him said: (Free the prisoner) and also we consider helping their families and martyrs families compulsory, Prophet peace be upon him said: (He who prepared a Mujahid is a Mujahid, and he who helped his family is a Mujahid).

Eighteenth, we consider learning Islam for Muslims' nation is compulsory even if meant losing some of this life fortune, and we consider any science that is needed by Muslims' nation as compulsory, and anything else is religiously neutral as long as it does not exceed limits of our religion.

Nineteenth, we consider anything promotes abomination i.e. satellite as forbidden. And we consider woman covering her face and be pure and virtue compulsory. Allah said: "Verily, those who like that (the crime of) illegal sexual intercourse should be propagated among those who believe, they will have a painful torment in this world and in the Hereafter. And Allâh knows and you know not" [24:19].

All praise is due to Allah

And Allah has full power and control over His Affairs, but most of humans know it not.
