Whenever we review the hadith of Anas, may Allah be pleased with him, who says in the hadith: “I never saw the prophet of Allah, may prayer and peace be upon him, more sad than when a reader of the well of aid was killed,” we have repeated the idea and reflection and consideration in the Muhammadian feelings, perhaps we have reached something which is scratched in his chest, may Allah’s prayer and peace be upon him, until it came to our ears yesterday the disaster of the Kunduz tragedy, and we understood some of these Muhammadian sorrows, verily we are from Allah and unto Him we shall return …

Yesterday, agents of the Cross killed in the province of Kunduz in the proud Afghanistan in an abode of the abodes of Allah the Almighty, tens of children and students of knowledge and the sheikhs of seclusion in a party to honour the memorizers of the Holy Quran, and ceremonies for learners of Sahih al Bukhari, which has traditionally been held every year at the start of the Spring season in Afghanistan, this tragic incident reveals the extent to which the sons of the Cross and their worshippers have hatred for the Book of Allah the Almighty, but rather it is a deliberate plan for the annihilation of the Afghan Quranic generation who extend the contemporary jihadist movement in Afghanistan for many years and long periods, the people of the Islamic Ummah have reacted with the great event by showing their religious passion, and it is not known to condemn unless the funeral is for the Cross, and so the incidents are clear…

Verily the incident of assasinating a Quranic childhood in the mosques or the chambers is an incident which proves all assertions that it is a Crusader war against the rituals of Islam primarily targeting the Quran which the mujahidin love and not primarily targeting the organisations of the mujahidin, it wants to destroy the mosques which the mujahidin love and not destroy its organisations, it is a mockery of the prophet of the Quran, may Allah’s prayer and peace be upon him, and are incidents of insulting the Quran which the Crusader campaign produces regulary, the war was not put to an end and we were surprised yesterday with the incident of killing and martyrdom of nearly one hundred of the memorizers of the Quran and the students of knowledge, where as it is right for the sons and students of Muhammad, may Allah’s prayer and peace be upon him, to grieve the assassinated readers of Kunduz just as the beloved (Muhammad), may Allah’s prayer and peace be upon him, grieved with the killing of the readers of the well of aid, and they have a right to judge the enemies of Allah the killers of knowledge and the carriers of the Quran just as it was judged upon him, may prayer and peace be upon the killers of the seventy, and it is no wonder that the war with the Crusaders today is a form of war with the truth and its people, the killers of the ones who memorize are the sons of the killers of the prophets, and the weapon is their weapon and the approach is their approach, and there is no might nor power except in Allah.
And Allah serves as witness and the follower knows that this painful reality was not the first of incidents and will not be the last which the Crusaders and their slaves target the abodes of Allah and the carriers of His Book, the world has repeatedly and continuously witnessed the bombing of safe mosques, and the killing of children and sheikhs, but it in the reality of Kunduz was the most violent and the most recent and the most bloody, and it is a clear message from Allah Almighty to all zealous of the Book of His Lord and carriers of His religion that these Crusader forces and what they have produced do not spare effort in inflicting harm on Islam at the heart of Islam and its creed and the basis of its manhaj and its religion, and there is no excuse today for anyone who believes in Allah and the Day After (Afterlife) in not exposing and making clear these heinous acts, and the devoutness at the hands of the sinner, and its people are striving with all they are able, and if your exposing and making clear of their heinous acts to incite jihad to those who have not waged jihad, and the ups and down of the Islamic emotions, and the stirring up of the Muhammadian sorrows and acting upon them, and in Allah we ask to grant goodness upon all who denounce and criticize these sad incidents, the alignment of sorrows on the Quran are the titles of the life of Islam in the heart, and he is who advised the Book and faultless of calculation, suffice it to the titles of the life of Islam in the heart, and he is who advised the Book and faultless of calculation, sufice it to deny the greatest of evil acts of the present era, may Allah help us.

Just as in the deliberate targeting of children under the banner of the Cross and the enemies of humanity in Kunduz and so forth from the land of Muslims is a clear message to an Ummah that there is no god by Allah and that the entire Ummah is targeted, and their hollow calls about children’s or human rights are slogans for propaganda media consumption and nothing else.

What this incident made clear and clarified is that the Afghan government army and those who embrace the American army, it is but an enemy of the Quran and the abode of The Merciful, and the Kunduz incident revealed to us the degree of treachery of the regimes and the governments which claim to support the Book of Allah, and salman as Sa’ud and those who went towards him and followed his path denounce every strike among the strikes which agents of the Crusaders taste in their bases in Afghanistan and so forth, and denounces and opposes whenever the people of Islam are inflicted and disbelief, and he did not utter a word or a tweet of sympathy for the children of Kunduz in blatant clarity and revealing to the truth of the people of the Cross and his people and servants.

Oh people of Islam everywhere, it is incumbent upon you today by the Quran to advice you to read it and memorize and to take care of it with explanation and consideration, and spread its principles and its laws, and work with it and make it firm on Earth, and one of the greatest advices of the book of our Lord Almighty is to exert life and blood and money to be a ruler and not the ruled upon, a sentence and not the sentenced, and to elevate the Quran and to pave the path for it to prevail on Earth is a tough and severe and difficult road and a heavy duty, the Quran has heavy words and it is not lifted except with powerful combined hands, and the obligation of time on the believer to fight with the Quran, and to fight for the Quran, and it is the best among you who learn the Quran and teach it.
In conclusion we offer our condolences to ourselves and our dear Emirs in the Islamic Emirate of Afghanistan and its people and its dear ones in Kunduz with the martyrdom of its righteous children, and we ask Allah to make good for them and mediate for them, also we ask Him, glorified is He, to bring down upon the hearts of their people patience and fortitude, and to bring revenge upon those who killed them with the harshest revenge … Ameen Ameen.

Allah suffices for us and is most Excellent is He in whom we trust, and verily we are from Allah and to Him we shall return, and to Allah the one we turn to in need.
